(1) The "schedule amount" of the budget expenditures that is derived from the rate schedules in 20-10-141 and 20-10-142 must be determined by adding the following amounts:

(a) the sum of the maximum reimbursable expenditures for all approved school bus routes maintained by the district (to determine the maximum reimbursable expenditure, multiply the applicable rate for each bus mile by the total number of miles to be traveled during the ensuing school fiscal year on each bus route approved by the county transportation committee and maintained by the district); plus

(b) the total of all individual transportation per diem reimbursement rates for the district as determined from the contracts submitted by the district multiplied by the number of pupil-instruction days scheduled for the ensuing school attendance year; plus

(c) any estimated costs for supervised home study or supervised correspondence study for the ensuing school fiscal year; plus

(d) the amount budgeted in the budget for the contingency amount permitted in 20-10-143, except if the amount exceeds 10% of the total of subsections (1)(a), (1)(b), and (1)(c) or $100, whichever is larger, the contingency amount on the budget must be reduced to the limitation amount and used in this determination of the schedule amount; plus

(e) any estimated costs for transporting a child out of district when the child has mandatory approval to attend school in a district outside the district of residence.

(2) (a) The schedule amount determined in subsection (1) or the total transportation fund budget, whichever is smaller, is divided by 2 and is used to determine the available state and county revenue to be budgeted on the following basis:

(i) one-half is the budgeted state transportation reimbursement; and

(ii) one-half is the budgeted county transportation fund reimbursement and must be financed in the manner provided in 20-10-146.

(b) When the district has a sufficient amount of fund balance for reappropriation and other sources of district revenue, as determined in subsection (3), to reduce the total district obligation for financing to zero, any remaining amount of district revenue and fund balance reappropriated must be used to reduce the county financing obligation in subsection (2)(a)(ii) and, if the county financing obligations are reduced to zero, to reduce the state financial obligation in subsection (2)(a)(i).

(c) The county revenue requirement for a joint district, after the application of any district money under subsection (2)(b), must be prorated to each county incorporated by the joint district in the same proportion as the ANB of the joint district is distributed by pupil residence in each county.

(3) The total of the money available for the reduction of property tax on the district for the transportation fund must be determined by totaling:

(j) any other revenue anticipated by the trustees to be earned during the ensuing school fiscal year that may be used to finance the transportation fund; and

(k) any fund balance available for reappropriation as determined by subtracting the amount of the end-of-the-year fund balance earmarked as the transportation fund operating reserve for the ensuing school fiscal year by the trustees from the end-of-the-year fund balance in the transportation fund. The operating reserve may not be more than 20% of the final transportation fund budget for the ensuing school fiscal year and is for the purpose of paying transportation fund warrants issued by the district under the final transportation fund budget.

(4) The district levy requirement for each district's transportation fund must be computed by:

(a) subtracting the schedule amount calculated in subsection (1) from the total preliminary transportation budget amount; and

(b) subtracting the amount of money available to reduce the property tax on the district, as determined in subsection (3), from the amount determined in subsection (4)(a).

(5) The transportation fund levy requirements determined in subsection (4) for each district must be reported to the county commissioners ~~on the fourth Monday of August~~ *on or before the later of the first Tuesday in September or within 30 calendar days after receiving certified taxable values* by the county superintendent as the transportation fund levy requirements for the district, and the levy must be made by the county commissioners in accordance with 20-9-142."

(c) when county transportation reimbursement is required under the mandatory attendance agreement provisions of 20-5-321.

(2) The county transportation net levy requirement for the financing of the county transportation fund reimbursements to districts is computed by:

(a) totaling the net requirement for all districts of the county, including reimbursements to a special education cooperative or prorated reimbursements to joint districts or reimbursements under the mandatory attendance agreement provisions of 20-5-321;

(b) determining the sum of the money available to reduce the county transportation net levy requirement by adding:

(4) Whenever the trustees of a district maintaining a bus depreciation reserve fund sell all of the district's buses and consider it to be in the best interest of the district to transfer any portion or all of the bus depreciation reserve fund balance to any other fund maintained by the district, the trustees shall submit the proposition to the electors of the district. Section 5. Section 50-31-306, MCA, is amended to read:

"50-31-306. When drug or device misbranded. (1) A drug or device is considered to be misbranded:

(a) if its labeling is false or misleading in any particular;

(b) if in package form unless it bears a label containing:

(i) the name and place of business of the manufacturer, packer, or distributor, except that a prescription drug must contain the name and place of business of the manufacturer as well as the packer or distributor; and

(ii) an accurate statement of the quantity of the contents in terms of weight, measure, or numerical count; provided that reasonable variation may be permitted and exemptions as to small packages may be allowed in accordance with regulations prescribed by the department or issued under the federal act;

(c) if any word, statement, or other information required by or under authority of this chapter to appear on the label or labeling is not prominently placed on the label or labeling with conspicuousness (as compared with other words, statements, designs, or devices in the labeling) and in terms that render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use;

(d) if it is for use by humans and contains any quantity of the narcotic or hypnotic substance alpha-eucaine, barbituric acid, beta-eucaine, bromal, cannabis, carbromal, chloral, coca, cocaine, codeine, heroin, marijuana, morphine, opium, paraldehyde, peyote, *Salvia divinorum,* sulfonmethane, *synthetic cannabinoids,* or any chemical derivative of the substance that, after investigation, has been found to be and designated as habit-forming by regulations issued by the department under this chapter or by regulations issued pursuant to section 502(d) of the federal act (21 U.S.C. 352(d)), unless its label bears the name and quantity or proportion of the substance or derivative in juxtaposition to the statement "Warning—May be habit-forming";

(e) if it is a drug, unless its label bears to the exclusion of any other nonproprietary name (except the applicable systematic chemical name or the chemical formula):

(i) the established name (as defined in 50-31-301) of the drug, if there is one; and

(ii) in case the drug is fabricated from two or more ingredients, the established name and quantity of each active ingredient, including the kind and quantity or proportion of any alcohol and also including, whether active or not, the established name and quantity or proportion of any bromides, ether, chloroform, acetanilid, acetphenetidin, amidopyrine, antipyrine, atropine, hyoscine, hyoscyamine, arsenic, digitalis, digitalis glucosides, mercury, ouabain, strophanthin, strychnine, thyroid, or any derivative or preparation of any such substances contained in the drug. However, the requirement for stating the quantity of the active ingredients, other than the quantity of those specifically named in this subsection (1)(e)(ii), applies only to prescription drugs, and to the extent that compliance with the requirements of this subsection (1)(e)(ii) is impracticable, exemptions may be allowed under regulations promulgated by the department or under the federal act.

(f) unless its labeling bears:

(i) adequate directions for use; however, if any requirement of this subsection (1)(f)(i), as applied to any drug or device, is not necessary for the protection of the public health, the department shall promulgate regulations exempting the drug or device from the requirements, and articles exempted under regulations issued under section 502(f) of the federal act (21 U.S.C. 352(f)) may also be exempt; and

(ii) adequate warnings against use in those pathological conditions or by children when its use may be dangerous to health or adequate warnings against unsafe dosage or methods or duration of administration or application, in a manner and form that are necessary for the protection of users;

(g) if it purports to be a drug, the name of which is recognized in an official compendium unless it is packaged and labeled as prescribed in the

compendium. The method of packing may be modified with the consent of the department or if consent is obtained under the federal act. In the event of inconsistency between the requirements of this subsection (1)(g) and those of subsection (1)(e) as to the name by which the drug or its ingredients must be designated, the requirements of subsection (1)(e) prevail.

(h) if it has been found by the department or under the federal act to be a drug liable to deterioration, unless it is packaged in a form and manner and its label bears a statement of precautions that the regulations issued by the department or under the federal act require as necessary for the protection of public health. A regulation may not be established for any drug recognized in an official compendium until the department has informed the appropriate body charged with the revision of the compendium of the need for the packaging or labeling requirements and the body has failed within a reasonable time to prescribe the requirements.

(i) if it is a drug and its container is made, formed, or filled in a way that is misleading;

(j) if it is an imitation of another drug;

(k) if it is offered for sale under the name of another drug;

(l) if it is dangerous to health when used in the dosage or with the frequency or duration prescribed, recommended, or suggested in the labeling;

(m) if it is, purports to be, or is represented as a drug composed wholly or partly of insulin, unless:

(i) it is from a batch with respect to which a certificate or release has been issued pursuant to section 506 of the federal act (21 U.S.C. 356); and

(ii) the certificate or release is in effect with respect to the drug;

(n) if it is, purports to be, or is represented as a drug composed wholly or partly of any kind of penicillin, streptomycin, chlortetracycline, chloramphenicol, bacitracin, any other antibiotic drug, or any derivative thereof unless:

(i) it is from a batch with respect to which a certificate or release has been issued pursuant to section 507 of the federal act (21 U.S.C. 357); and

(ii) the certificate or release is in effect with respect to the drug. This subsection (1)(n) does not apply to any drug or class of drugs exempted by regulations promulgated under section 507(c) or (d) of the federal act (21 U.S.C. 357(c) or (d)).

(o) if it is a color additive, the intended use of which in or on drugs is for the purpose of coloring only, unless its packaging and labeling are in conformity with the packaging and labeling requirements applicable to the color additive prescribed under the provisions of 50-31-108 or of the federal act;

(p) in the case of any prescription drug distributed or offered for sale in this state, unless the manufacturer, packer, or distributor of the drug includes in all advertisements and other descriptive printed matter issued or caused to be issued by the manufacturer, packer, or distributor with respect to that drug a true statement of:

(i) the established name, as defined in 50-31-301;

(ii) the formula showing quantitatively each ingredient of the drug to the extent required for labels under section 502(e) of the federal act (21 U.S.C. 352(e)); and

(iii) other information in brief summary relating to side effects, contraindications, and effectiveness that is required in regulations issued under the federal act; or

(q) if a trademark, trade name, or other identifying mark, imprint, or device or another or any likeness of the foregoing has been placed on the drug or upon its container with intent to defraud.

(2) A drug that is subject to 50-31-307 is considered to be misbranded if, at any time prior to dispensing, its label fails to bear the statement "Caution: Federal Law Prohibits Dispensing Without Prescription", or "Caution: State Law Prohibits Dispensing Without Prescription". A drug to which 50-31-307 does not apply is considered to be misbranded if, at any time prior to dispensing, its label bears the caution statement quoted in the preceding sentence."

Section 6. Section 50-31-310, MCA, is amended to read:

"50-31-310. Narcotic and marijuana laws not affected. Nothing in 50-31-306(2), 50-31-307, 50-31-308, or 50-31-309 shall be construed to relieve any person from any requirement prescribed by or under authority of law with respect to drugs now included or which may hereafter be included within the classifications of narcotic drugs ~~or~~*,* marijuana, *or synthetic cannabinoids,* as defined in the applicable federal and state laws relating to narcotic drugs ~~and~~*,* marijuana*, and synthetic cannabinoids*."

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 39-71-105, MCA, is amended to read:

"39-71-105. Declaration of public policy. For the purposes of interpreting and applying this chapter, the following is the public policy of this state:

(1) An objective of the Montana workers' compensation system is to provide, without regard to fault, wage-loss and medical benefits to a worker suffering from a work-related injury or disease. Wage-loss benefits are not intended to make an injured worker whole but are intended to ~~assist~~ *provide assistance to* a worker at a reasonable cost to the employer. ~~Within that limitation, the wage-loss benefit should bear a reasonable relationship to actual wages lost as a result of a work-related injury or disease.~~ *Within that limitation, the wage-loss benefit should bear a reasonable relationship to actual wages lost as a result of a work-related injury or disease.*

(2) It is the intent of the legislature to assert that a conclusive presumption exists that recognizes that a holder of a current, valid independent contractor exemption certificate issued by the department is an independent contractor if the person is working under the independent contractor exemption certificate. The holder of an independent contractor exemption certificate waives the rights, benefits, and obligations of this chapter unless the person has elected to be bound personally and individually by the provisions of compensation plan No. 1, 2, or 3.

(3) A worker's removal from the workforce because of a work-related injury or disease has a negative impact on the worker, the worker's family, the employer, and the general public. Therefore, an objective of the workers'

compensation system is to return a worker to work as soon as possible after the worker has suffered a work-related injury or disease.

(4) Montana's workers' compensation and occupational disease insurance systems are intended to be primarily self-administering. Claimants should be able to speedily obtain benefits, and employers should be able to provide coverage at reasonably constant rates. To meet these objectives, the system must be designed to minimize reliance upon lawyers and the courts to obtain benefits and interpret liabilities.

(5) This chapter must be construed according to its terms and not liberally in favor of any party.

(6) It is the intent of the legislature that:

(a) stress claims, often referred to as "mental-mental claims" and "mental-physical claims", are not compensable under Montana's workers' compensation and occupational disease laws. The legislature recognizes that these claims are difficult to objectively verify and that the claims have a potential to place an economic burden on the workers' compensation and occupational disease system. The legislature also recognizes that there are other states that do not provide compensation for various categories of stress claims and that stress claims have presented economic problems for certain other jurisdictions. In addition, not all injuries are compensable under the present system, and it is within the legislature's authority to define the limits of the workers' compensation and occupational disease system.

(b) for occupational disease claims, because of the nature of exposure, workers should not be required to provide notice to employers of the disease as required of injuries and that the requirements for filing of claims reflect consideration of when the worker knew or should have known that the worker's condition resulted from an occupational disease. The legislature recognizes that occupational diseases in the workplace are caused by events occurring on more than a single day or work shift and that it is within the legislature's authority to define an occupational disease and establish the causal connection to the workplace."

For premium ratemaking and for the determination of the weekly wage for weekly compensation benefits, the electing employer may elect an amount of not less than $900 a month and not more than 1 1/2 times the state's average weekly wage.

(6) (a) If the employer is a quasi-public or a private corporation or a manager-managed limited liability company, the employer may elect to include as an employee within the provisions of this chapter any corporate officer or manager exempted under 39-71-401(2).

(b) In the event of an election, the employer shall serve upon the employer's insurer written notice naming the corporate officer or manager to be covered and stating the level of compensation coverage desired by electing the amount of wages to be reported, subject to the limitations in subsection ~~(5)(d)~~ *(6)(d)*. A corporate officer or manager is not considered an employee within this chapter until notice has been given.

(c) A change in elected wages must be in writing and is effective at the start of the next quarter following notification.

(d) All weekly compensation benefits must be based on the amount of elected wages, subject to the minimum and maximum limitations of this subsection (6)(d). For premium ratemaking and for the determination of the weekly wage for weekly compensation benefits, the electing employer may elect an amount of not less than $200 a week and not more than 1 1/2 times the state's average weekly wage.

(7) (a) The trustees of a rural fire district, a county governing body providing rural fire protection, or the county commissioners or trustees for a fire service area may elect to include as an employee within the provisions of this chapter any volunteer firefighter. A volunteer firefighter who receives workers' compensation coverage under this section may not receive disability benefits under Title 19, chapter 17.

(b) In the event of an election, the employer shall report payroll for all volunteer firefighters for premium and weekly benefit purposes based on the number of volunteer hours of each firefighter times the average weekly wage divided by 40 hours, subject to a maximum of 1 1/2 times the state's average weekly wage.

(c) A self-employed sole proprietor or partner who has elected not to be covered under this chapter, but who is covered as a volunteer firefighter pursuant to subsection (7)(a) and when injured in the course and scope of employment as a volunteer firefighter, may in addition to the benefits described in subsection (7)(b) be eligible for benefits at an assumed wage of the minimum wage established under Title 39, chapter 3, part 4, for 2,080 hours a year. The trustees of a rural fire district, a county governing body providing rural fire protection, or the county commissioners or trustees for a fire service area may make an election for benefits. If an election is made, payrolls must be reported and premiums must be assessed on the assumed wage.

(8) Except as provided in chapter 8 of this title, an employee or worker in this state whose services are furnished by a person, association, contractor, firm, limited liability company, limited liability partnership, or corporation, other than a temporary service contractor, to an employer, as defined in 39-71-117, is presumed to be under the control and employment of the employer. This presumption may be rebutted as provided in 39-71-117(3).

(9) A student currently enrolled in an elementary, secondary, or postsecondary educational institution who is participating in work-based learning activities and who is paid wages by the educational institution or business partner is the employee of the entity that pays the student's wages for all purposes under this chapter. A student who is not paid wages by the business partner or the educational institution is a volunteer and is subject to the provisions of this chapter.

(10) For purposes of this section, an "employee or worker in this state" means:

(a) a resident of Montana who is employed by an employer and whose employment duties are primarily carried out or controlled within this state;

(b) a nonresident of Montana whose principal employment duties are conducted within this state on a regular basis for an employer;

(c) a nonresident employee of an employer from another state engaged in the construction industry, as defined in 39-71-116, within this state; or

(i) nonresident employees are hired in Montana;

(ii) nonresident employees' wages are paid in Montana;

(iii) nonresident employees are supervised in Montana; and

(iv) business records are maintained in Montana.

(11) An insurer may require coverage for all nonresident employees of a Montana employer who do not meet the requirements of subsection (10)(b) or (10)(d) as a condition of approving the election under subsection (10)(d)."

Section 4. Section 39-71-225, MCA, is amended to read:

"39-71-225. Workers' compensation database system. (1) The department shall develop a workers' compensation database system to generate management information about Montana's workers' compensation system. The database system must be used to collect and compile information from insurers, employers, ~~medical~~ *health care* providers, claimants, claims examiners, rehabilitation providers, and the legal profession.

(2) Data collected must be used to provide:

(a) management information to the legislative and executive branches for the purpose of making policy and management decisions, including but not limited to:

(i) performance information to enable the state to enact remedial efforts to ensure quality, control abuse, and enhance cost control;

(ii) information on medical, indemnity, and rehabilitation costs, utilization, and trends;

(iii) information on litigation and attorney involvement for the purpose of identifying trends, problem areas, and the costs of legal involvement;

(b) current and prior claim information to any insurer that is at risk on a claim, or that is alleged to be at risk in any administrative or judicial proceeding, to determine claims liability or for fraud investigation. The department may release information only upon written request by the insurer and may disclose only the claimant's name, claimant's identification number, prior claim number, date of injury, body part involved, and name and address of the insurer and claims examiner on each claim filed. Information obtained by an insurer pursuant to this section must remain confidential and may not be disclosed to a third party except to the extent necessary for determining claim liability or for fraud investigation.

(c) current and prior claim information to law enforcement agencies for purposes of fraud investigation or prosecution; and

(d) to any insurer that is at risk on a claim, information identifying whether the claimant has been certified by the department as a person with a disability. Information obtained by an insurer pursuant to this subsection (2)(d) must remain confidential and may not be disclosed to a third party except as necessary to implement the provisions of Title 39, chapter 71, part 9. An insurer may disclose to the employer that the claimant has been certified by the department and of the potential for a limit on the insurer's liability and of potential reimbursement by the subsequent injury fund.

(3) The department is authorized to collect from insurers, employers, medical providers, the legal profession, and others the information necessary to generate the workers' compensation database system.

(4) The workers' compensation database system must be designed in accordance with the following principles:

(a) avoidance of duplication and inconsistency;

(b) reasonable availability of data elements;

(c) value of information collected to be commensurate with the cost of retrieving the collected information;

(d) uniformity to permit efficiency of collection and to allow interstate comparisons;

(e) a workable mechanism to ensure the accuracy of the data collected and to protect the confidentiality of collected data;

(f) reasonable availability of the data at a fair cost to the user;

(g) a broad application to plan No. 1, plan No. 2, and plan No. 3 insurers;

(h) compatibility with electronic data reporting;

(i) reporting procedures that can be handled through private data collection systems that adhere to the provisions of subsections (4)(a) through (4)(h);

(j) implementation of reporting requirements that allow reasonable lead time for compliance.

(5) The department shall publish an annual report on the information compiled.

(6) Users of information obtained from the workers' compensation database under this section are liable for damages arising from misuse or unlawful dissemination of database information.

(7) An insurer or a third-party administrator who submitted 50 or more "first reports of injury" to the department in the preceding calendar year shall electronically submit the reports and any other reports related to the reported claims in a nationally recognized format specified by department rule.

(8) The department may adopt rules to implement this section."

Section 5. Section 39-71-315, MCA, is amended to read:

"39-71-315. Prohibited actions — penalty. (1) The following actions by a ~~medical~~ *health care* provider constitute violations and are subject to the penalty in subsection (2):

(a) failing to certify the provision of the services or treatment for which compensation is claimed under this chapter; or

(b) referring a worker for treatment or diagnosis of an injury or illness that is compensable under this chapter to a facility owned wholly or in part by the provider, unless the provider informs the worker of the ownership interest and provides the name and address of alternate facilities, if any exist.

(2) A person who violates this section may be assessed a penalty of not less than $200 or more than $500 for each offense. The department shall assess and collect the penalty. Penalties collected pursuant to this section must be paid into the state general fund. The workers' compensation court has jurisdiction over actions brought to collect the penalty and over disputes concerning the penalty assessment. Disputes brought pursuant to this section are not subject to mediation.

(3) Subsection (1)(b) does not apply to medical services provided to an injured worker by a treating physician with an ownership interest in a managed care organization that has been certified by the department."

Section 6. Section 39-71-320, MCA, is amended to read:

"39-71-320. Voluntary certification program for claims examiners — purpose — rulemaking — advisory committee — continuing education. (1) Pursuant to the public policy stated in 39-71-105, accurate and prompt claims handling practices are necessary to provide appropriate service to injured workers, employers, and ~~medical~~ *health care* providers. In order to further that public policy, the purpose of this section is to authorize the department to establish a voluntary certification program for claims examiners. The department shall administer the voluntary certification program.

(2) The voluntary certification program is intended to improve the handling of workers' compensation claims by:

(a) establishing minimum qualifications and procedures for certifying claims examiners;

(b) requiring continuing education for certified claims examiners;

(c) better educating certified claims examiners about changes in the law; and

(d) providing standards for the qualifications of instructors, courses, and materials.

(3) The department shall adopt rules for the certification of workers' compensation claims examiners, providing for:

(a) minimum qualifications;

(b) examination;

(c) 2-year certification and renewal;

(d) continuing education requirements; and

(e) a waiver of the examination requirement for an individual requesting certification as a claims examiner within the first 12 months after the department has adopted the initial rules under this subsection (3). The waiver is available only to an individual who has been actively engaged in the work of a claims examiner in this state, working on workers' compensation claims for 5 of

the 7 years immediately preceding the individual's application for certification under this section.

(4) The department may appoint an advisory committee composed of injured workers, insurers, self-insured employers, third-party administrators, claims examiners, and members of the public to advise the department on setting standards for certification and continuing education.

(5) The department shall maintain:

(a) a list of all certified claims examiners; and

(b) the following records related to certified claims examiners:

(i) documentation of current and historical certifications;

(ii) beginning and ending dates of certifications; and

(iii) continuing education records.

(6) The training curriculum and continuing education used by insurers, self-insured employers, and third-party administrators for claims examiners must relate to the state workers' compensation system or to interactions among injured workers, medical providers, and employers. The training curriculum, course content, instructors, materials, instructional format, and the sponsoring organization must be approved by the department as qualifying for use in certification of claims examiners. The department may offer specialized training for continuing education purposes that is exempt from the approval requirements of this subsection.

(7) The department shall determine the number of credit hours to be awarded for completion of an approved training curriculum or department-approved specialized training. The department may accept continuing education credits approved by the insurance commissioner's office as provided in Title 33, chapter 17, the office of public instruction, or the state bar of Montana to satisfy the continuing education requirements for renewal of the claims examiner certification. The department, in its discretion, may accept continuing education credits from other accrediting sources.

(8) The department shall by rule adopt fees commensurate with the costs of administering the voluntary certification program. All fees collected by the department as provided in this section must be deposited in the workers' compensation administration fund provided for in 39-71-201. The department may charge a fee for the certification program, including but not limited to fees for:

(a) initial certification, including examination;

(b) certification renewal;

(c) approval of training curricula, including continuing education courses, course content, instructors, materials, instructional format, and sponsoring organizations; and

(d) specialized training offered by the department."

Section 7. Section 39-71-403, MCA, is amended to read:

"39-71-403. Plan three exclusive for state agencies — election of plan by public corporations — financing of self-insurance fund — exemption for university system — definitions — rulemaking. (1) (a) Except as provided in subsection (5), if a state agency is the employer, the terms, conditions, and provisions of compensation plan No. 3, state fund, are exclusive, compulsory, and obligatory upon both employer and employee. Any sums necessary to be paid under the provisions of this chapter by a state agency are considered to be ordinary and necessary expenses of the agency. The agency

shall pay the sums into the state fund at the time and in the manner provided for in this chapter, notwithstanding that the state agency may have failed to anticipate the ordinary and necessary expense in a budget, estimate of expenses, appropriations, ordinances, or otherwise.

(b) (i) Subject to subsection (5), the department of administration, provided for in 2-15-1001, shall manage workers' compensation insurance coverage for all state agencies.

(ii) The state fund shall provide the department of administration with all information regarding the state agencies' coverage.

(iii) Notwithstanding the status of a state agency as employer in subsection (1)(a) and contingent upon mutual agreement between the department of administration and the state fund, the state fund shall issue one or more policies for all state agencies.

(iv) In any year in which the workers' compensation premium due from a state agency is lower than in the previous year, the appropriation for that state agency must be reduced by the same amount that the workers' compensation premium was reduced and the difference must be returned to the originating fund instead of being applied to other purposes by the state agency submitting the premium.

(2) A public corporation, other than a state agency, may elect coverage under compensation plan No. 1, plan No. 2, or plan No. 3, separately or jointly with any other public corporation, other than a state agency. A public corporation electing compensation plan No. 1 may purchase reinsurance or issue bonds or notes pursuant to subsection (3)(b). A public corporation electing compensation plan No. 1 is subject to the same provisions as a private employer electing compensation plan No. 1.

(3) (a) A public corporation, other than a state agency, that elects plan No. 1 may establish a fund sufficient to pay the compensation and benefits provided for in this chapter and to discharge all liabilities that are reasonably incurred during the fiscal year for which the election is effective. Proceeds from the fund must be used only to pay claims covered by this chapter and for actual and necessary expenses required for the efficient administration of the fund, including debt service on any bonds and notes issued pursuant to subsection (3)(b).

(b) (i) A public corporation, other than a state agency, separately or jointly with another public corporation, other than a state agency, may issue and sell its bonds and notes for the purpose of establishing, in whole or in part, the self-insurance workers' compensation fund provided for in subsection (3)(a) and to pay the costs associated with the sale and issuance of the bonds. Bonds and notes may be issued in an amount not exceeding 0.18% of the total assessed value of taxable property, determined as provided in 15-8-111, of the public corporation as of the date of issue. The bonds and notes must be authorized by resolution of the governing body of the public corporation and are payable from an annual property tax levied in the amount necessary to pay principal and interest on the bonds or notes. This authority to levy an annual property tax exists despite any provision of law or maximum levy limitation, including 15-10-420, to the contrary. The revenue derived from the sale of the bonds and notes may not be used for any other purpose.

(ii) The bonds and notes:

(A) may be sold at public or private sale;

(B) do not constitute debt within the meaning of any statutory debt limitation; and

(C) may contain other terms and provisions that the governing body determines.

(iii) Two or more public corporations, other than state agencies, may agree to exercise their respective borrowing powers jointly under this subsection (3)(b) or may authorize a joint board to exercise the powers on their behalf.

(iv) The fund established from the proceeds of bonds and notes issued and sold under this subsection (3)(b) may, if sufficient, be used in lieu of a surety bond, reinsurance, specific and aggregate excess insurance, or any other form of additional security necessary to demonstrate the public corporation's ability to discharge all liabilities as provided in subsection (3)(a). Subject to the total assessed value limitation in subsection (3)(b)(i), a public corporation may issue bonds and notes to establish a fund sufficient to discharge liabilities for periods greater than 1 year.

(4) All money in the fund established under subsection (3)(a) not needed to meet immediate expenditures must be invested by the governing body of the public corporation or the joint board created by two or more public corporations as provided in subsection (3)(b)(iii), and all proceeds of the investment must be credited to the fund.

(5) For the purposes of subsection (1)(b), the judicial branch or the legislative branch may choose not to have the department of administration manage its workers' compensation policy.

(6) The department of administration may adopt rules to implement subsection (1)(b)(i).

(7) As used in this section, the following definitions apply:

(a) "Public corporation" includes the Montana university system.

(b) (i) "State agency" means:

(A) the executive branch and its departments and all boards, commissions, committees, bureaus, and offices;

(B) the judicial branch; and

(C) the legislative branch.

(ii) The term does not include the Montana university system."

Section 8. Section 39-71-407, MCA, is amended to read:

"39-71-407. Liability of insurers — limitations. (1) For workers' compensation injuries, each insurer is liable for the payment of compensation, in the manner and to the extent provided in this section, to an employee of an employer covered under plan No. 1, plan No. 2, and the state fund under plan No. 3 that it insures who receives an injury arising out of and in the course of employment or, in the case of death from the injury, to the employee's beneficiaries, if any.

(2) An injury does not arise out of and in the course of employment when the employee is:

(a) on a paid or unpaid break, is not at a worksite of the employer, and is not performing any specific tasks for the employer during the break; or

(b) engaged in a social or recreational activity, regardless of whether the employer pays for any portion of the activity. The exclusion from coverage of this subsection (2)(b) does not apply to an employee who, at the time of injury, is on paid time while participating in a social or recreational activity or whose presence at the activity is required or requested by the employer. For the purposes

of this subsection (2)(b), "requested" means the employer asked the employee to assume duties for the activity so that the employee's presence is not completely voluntary and optional and the injury occurred in the performance of those duties.

~~(2)~~*(3)* (a) An insurer is liable for an injury, as defined in 39-71-119, *only* if the injury is established by objective medical findings and if the claimant establishes that it is more probable than not that:

(i) a claimed injury has occurred; or

(ii) a claimed injury *has occurred and* aggravated a preexisting condition.

~~(b)~~*(b)* Proof that it was medically possible that a claimed injury occurred or that the claimed injury aggravated a preexisting condition is not sufficient to establish liability.

~~(3)~~*(4)* (a) An employee who suffers an injury or dies while traveling is not covered by this chapter unless:

(i) the employer furnishes the transportation or the employee receives reimbursement from the employer for costs of travel, gas, oil, or lodging as a part of the employee's benefits or employment agreement and the travel is necessitated by and on behalf of the employer as an integral part or condition of the employment; or

(ii) the travel is required by the employer as part of the employee's job duties.

(b) A payment made to an employee under a collective bargaining agreement, personnel policy manual, or employee handbook or any other document provided to the employee that is not wages but is designated as an incentive to work at a particular jobsite is not a reimbursement for the costs of travel, gas, oil, or lodging, and the employee is not covered under this chapter while traveling.

~~(4)~~*(5)* An employee is not eligible for benefits otherwise payable under this chapter if the employee's use of alcohol or drugs not prescribed by a physician is the major contributing cause of the accident. However, if the employer had knowledge of and failed to attempt to stop the employee's use of alcohol or drugs, this subsection does not apply.

~~(5)~~*(6)* If there is no dispute that an insurer is liable for an injury but there is a liability dispute between two or more insurers, the insurer for the most recently filed claim shall pay benefits until that insurer proves that another insurer is responsible for paying benefits or until another insurer agrees to pay benefits. If it is later proven that the insurer for the most recently filed claim is not responsible for paying benefits, that insurer must receive reimbursement for benefits paid to the claimant from the insurer proven to be responsible.

~~(6)~~*(7)* If a claimant who has reached maximum healing suffers a subsequent nonwork-related injury to the same part of the body, the workers' compensation insurer is not liable for any compensation or medical benefits caused by the subsequent nonwork-related injury.

~~(7)~~*(8)* An employee is not eligible for benefits payable under this chapter unless the entitlement to benefits is established by objective medical findings that contain sufficient factual and historical information concerning the relationship of the worker's condition to the original injury.

~~(8)~~*(9)* For occupational diseases, every employer enrolled under plan No. 1, every insurer under plan No. 2, or the state fund under plan No. 3 is liable for the payment of compensation, in the manner and to the extent provided in this chapter, to an employee of an employer covered under plan No. 1, plan No. 2, or the state fund under plan No. 3 *if the employee is diagnosed* with ~~an~~ *a*

compensable occupational disease ~~that arises out of or is contracted in the course and scope of employment~~.

~~(9) Occupational diseases are considered to arise out of employment or be contracted in the course and scope of employment if:~~

(10) An insurer is liable for an occupational disease only if the occupational disease:

~~(a)~~*(a)* ~~the occupational disease~~ is established by objective medical findings; and

~~(b)~~*(b) arises out of or is contracted in the course and scope of employment. An occupational disease is considered to arise out of or be contracted in the course and scope of employment if* the events occurring on more than a single day or work shift are the major contributing cause of the occupational disease in relation to other factors contributing to the occupational disease.

~~(10)~~*(11)* When compensation is payable for an occupational disease, the only employer liable is the employer in whose employment the employee was last injuriously exposed to the hazard of the disease.

~~(11)~~*(12)* When there is more than one insurer and only one employer at the time that the employee was injuriously exposed to the hazard of the disease, the liability rests with the insurer providing coverage at the earlier of:

(a) the time that the occupational disease was first diagnosed by a ~~treating physician or medical panel~~ *health care provider*; or

(b) the time that the employee knew or should have known that the condition was the result of an occupational disease.

~~(12)~~*(13)* In the case of pneumoconiosis, any coal mine operator who has acquired a mine in the state or substantially all of the assets of a mine from a person who was an operator of the mine on or after December 30, 1969, is liable for and shall secure the payment of all benefits that would have been payable by that person with respect to miners previously employed in the mine if acquisition had not occurred and that person had continued to operate the mine, and the prior operator of the mine is not relieved of any liability under this section.

~~(13)~~*(14)* As used in this section, "major contributing cause" means a cause that is the leading cause contributing to the result when compared to all other contributing causes."

Section 9. Section 39-71-703, MCA, is amended to read:

"39-71-703. Compensation for permanent partial disability. (1) If an injured worker suffers a permanent partial disability and is no longer entitled to temporary total or permanent total disability benefits, the worker is entitled to a permanent partial disability award if that worker:

(a) has an actual wage loss as a result of the injury; and

(b) has a permanent impairment ~~rating~~ *rating as determined by the sixth edition of the American medical association Guides to the Evaluation of Permanent Impairment for the ratable condition. The ratable condition must be a direct result of the compensable injury or occupational disease* that:

(i) is not based exclusively on complaints of pain;

(ii) is established by objective medical findings~~; and~~*; and*

(iii) is more than zero.

~~(iii) is more than zero as determined by the latest edition of the American medical association Guides to the Evaluation of Permanent Impairment.~~

(2) ~~When a worker receives an impairment rating as the result of a compensable injury and has no actual wage loss as a result of the injury, the~~ *When a worker receives a Class 2 or greater class of impairment as converted to the whole person, as determined by the sixth edition of the American medical association Guides to the Evaluation of Permanent Impairment for the ratable condition, and has no actual wage loss as a result of the compensable injury or occupational disease, the* worker is eligible *to receive payment* for an impairment award only.

(3) The permanent partial disability award must be arrived at by multiplying the percentage arrived at through the calculation provided in subsection (5) by ~~375~~ *400* weeks.

(4) A permanent partial disability award granted an injured worker may not exceed a permanent partial disability rating of 100%.

(5) The percentage to be used in subsection (4) must be determined by adding all of the following applicable percentages to the *whole person* impairment rating:

(a) if the claimant is 40 years of age or younger at the time of injury, 0%; if the claimant is over 40 years of age at the time of injury, 1%;

(b) for a worker who has completed less than 12 years of education, 1%; for a worker who has completed 12 years or more of education or who has received a graduate equivalency diploma, 0%;

(c) if a worker has no actual wage loss as a result of the industrial injury, 0%; if a worker has an actual wage loss of $2 or less an hour as a result of the industrial injury, 10%; if a worker has an actual wage loss of more than $2 an hour as a result of the industrial injury, 20%. Wage loss benefits must be based on the difference between the actual wages received at the time of injury and the wages that the worker earns or is qualified to earn after the worker reaches maximum healing.

(d) if a worker, at the time of the injury, was performing heavy labor activity and after the injury the worker can perform only light or sedentary labor activity, 5%; if a worker, at the time of injury, was performing heavy labor activity and after the injury the worker can perform only medium labor activity, 3%; if a worker was performing medium labor activity at the time of the injury and after the injury the worker can perform only light or sedentary labor activity, 2%.

(6) The weekly benefit rate for permanent partial disability is 66 2/3% of the wages received at the time of injury, but the rate may not exceed one-half the state's average weekly wage. The weekly benefit amount established for an injured worker may not be changed by a subsequent adjustment in the state's average weekly wage for future fiscal years.

(7) An undisputed impairment award may be paid biweekly or in a lump sum at the discretion of the worker. Lump sums paid for impairments are not subject to the requirements of 39-71-741, except that lump-sum ~~conversions~~ *payments* for benefits not accrued may be reduced to present value at the rate established by the department pursuant to ~~39-71-741(3)~~ *39-71-741(5)*.

(8) If a worker suffers a subsequent compensable injury or injuries to the same part of the body, the award payable for the subsequent injury may not duplicate any amounts paid for the previous injury or injuries.

(9) If a worker is eligible for a rehabilitation plan, permanent partial disability benefits payable under this section must be calculated based on the

wages that the worker earns or would be qualified to earn following the completion of the rehabilitation plan.

(10) As used in this section:

(a) "heavy labor activity" means the ability to lift over 50 pounds occasionally or up to 50 pounds frequently;

(b) "medium labor activity" means the ability to lift up to 50 pounds occasionally or up to 25 pounds frequently;

(c) "light labor activity" means the ability to lift up to 20 pounds occasionally or up to 10 pounds frequently; and

(d) "sedentary labor activity" means the ability to lift up to 10 pounds occasionally or up to 5 pounds frequently."

Section 10. Section 39-71-704, MCA, is amended to read:

"39-71-704. Payment of medical, hospital, and related services — fee schedules and hospital rates — fee limitation. (1) In addition to the compensation provided under this chapter and as an additional benefit separate and apart from compensation benefits actually provided, the following must be furnished:

(a) After the happening of a compensable injury *or occupational disease* and subject to other provisions of this chapter, the insurer shall furnish reasonable primary medical services*, including prescription drugs* for conditions ~~resulting from~~ *that are a direct result of* the *compensable* injury *or occupational disease,* for those periods ~~as the nature of the injury or the process of recovery requires~~ *specified in this section*.

(b) ~~The~~ *Subject to the limitations in this chapter, the* insurer shall furnish secondary medical services only upon a clear demonstration of cost-effectiveness of the services in returning the injured worker to actual employment.

(c) The insurer shall replace or repair prescription eyeglasses, prescription contact lenses, prescription hearing aids, and dentures that are damaged or lost as a result of an injury, as defined in 39-71-119, arising out of and in the course of employment.

(d) (i) The insurer shall reimburse a worker for reasonable travel, lodging, meals, and miscellaneous expenses incurred in travel to a ~~medical~~ *health care* provider for treatment of an injury pursuant to rules adopted by the department. Reimbursement must be at the rates allowed for reimbursement for state employees.

(ii) Rules adopted under subsection (1)(d)(i) must provide for submission of claims, within 90 days from the date of travel, following notification to the claimant of reimbursement rules, must provide procedures for reimbursement receipts, and must require the use of the least costly form of travel unless the travel is not suitable for the worker's medical condition. The rules must exclude from reimbursement:

(A) 100 miles of automobile travel for each calendar month unless the travel is requested or required by the insurer pursuant to 39-71-605;

(B) travel to a ~~medical~~ *health care* provider within the community in which the worker resides;

(C) travel outside the community in which the worker resides if comparable medical treatment is available within the community in which the worker resides, unless the travel is requested by the insurer; and

(D) travel for unauthorized treatment or disallowed procedures.

(iii) An insurer is not liable for injuries or conditions that result from an accident that occurs during travel or treatment, except that the insurer retains liability for the compensable injuries and conditions for which the travel and treatment were required.

(e) Pursuant to rules adopted by the department, an insurer shall reimburse a catastrophically injured worker's family or, if a family member is unavailable, a person designated by the injured worker or approved by the insurer for travel assistance expenditures in an amount not to exceed $2,500 to be used as a match to those funds raised by community service organizations to help defray the costs of travel and lodging expenses incurred by the family member or designated person when traveling to be with the injured worker. These funds must be paid in addition to any travel expenses paid by an insurer for a travel companion when it is medically necessary for a travel companion to accompany the catastrophically injured worker.

(f) *(i)* ~~Except for the repair or replacement of a prosthesis furnished as a result of an industrial injury, the~~ *The* benefits provided for in this section terminate ~~when they are not used for a period of 60 consecutive~~ *60* months *from the date of injury or diagnosis of an occupational disease. A worker may request reopening of medical benefits that were terminated under this subsection (1)(f) as provided in [section 29].*

(ii) Subsection (1)(f)(i) does not apply to a worker who is permanently totally disabled as a result of a compensable injury or occupational disease or for the repair or replacement of a prosthesis furnished as a direct result of a compensable injury or occupational disease.

(g) Notwithstanding subsection (1)(a), the insurer may not be required to furnish, after the worker has achieved medical stability, palliative or maintenance care except:

(i) when provided to a worker who has been determined to be permanently totally disabled and for whom it is medically necessary to monitor administration of prescription medication to maintain the worker in a medically stationary condition;

(ii) when necessary to monitor the status of a prosthetic device; or

(iii) when the worker's treating physician believes that the care that would otherwise not be compensable under subsection (1)(g) is appropriate to enable the worker to continue current employment or that there is a clear probability of returning the worker to employment. A dispute regarding the compensability of palliative or maintenance care is considered a dispute over which, after mediation pursuant to department rule, the workers' compensation court has jurisdiction.

(h) Notwithstanding any other provisions of this chapter, the department, by rule and upon the advice of the professional licensing boards of practitioners affected by the rule, may exclude from compensability any medical treatment that the department finds to be unscientific, unproved, outmoded, or experimental.

(2) (a) The department shall annually establish a schedule of fees for medical services that are necessary for the treatment of injured workers. *Regardless of the date of injury, payment for medical services is based on the fee schedule rates in this section in effect on the date on which the medical service is provided.* Charges submitted by providers must be the usual and customary charges for nonworkers' compensation patients. The department may require insurers to submit information to be used in establishing the schedule.

(b) (i) The department may not set the rate for medical services at a rate greater than 10% above the average of the conversion factors used by up to the top five insurers or third-party administrators providing group health insurance coverage within this state who use the resource-based relative value scale to determine fees for covered services. To be included in the rate determination, the insurer or third-party administrator must occupy at least 1% of the market share for group health insurance policies as reported annually to the state auditor.

(ii) The insurers or third-party administrators included under subsection (2)(b)(i) shall provide their standard conversion rates to the department.

(iii) The department may use the conversion rates only for the purpose of determining average conversion rates under this subsection (2).

(iv) The department shall maintain the confidentiality of the conversion rates.

(c) From July 1, 2011, through June 30, 2013, the fee schedules established in subsection (2)(b) must be based on the following standards as adopted by the centers for medicare and medicaid services and as adopted by the department on December 31, 2010, regardless of where services are provided:

(i) the American medical association current procedural terminology codes;

(ii) the healthcare common procedure coding system;

(iii) the medicare severity diagnosis-related groups;

(iv) the ambulatory payment classifications;

(v) the ratio of costs to charges for each hospital;

(vi) the national correct coding initiative edits; and

(vii) the relative value units as adjusted annually using the most recently published resource-based relative value scale.

~~(c)~~*(d)* ~~The~~ *On or after July 1, 2013, the* fee schedule rates established in subsection (2)(b) must be based on the following standards as adopted by the centers for medicare and medicaid services ~~in effect at the time the services are provided~~, regardless of where services are provided:

(i) the American medical association current procedural terminology codes*, as those codes exist on March 31 of each year*;

(ii) the healthcare common procedure coding system*, as those codes and their relative weights exist on March 31 of each year*;

(iii) the medicare severity diagnosis-related groups*, as those codes and their relative weights exist on October 1 of each year*;

(iv) the ambulatory payment classifications*, as those codes and their relative weights exist on March 31 of each year*;

(v) the ratio of costs to charges for each hospital*, as those codes exist on October 1 of each year*;

(vi) the national correct coding initiative edits*, as those codes exist on March 31 of each year*; and

(vii) the relative value units ~~as adjusted annually using the most recently~~ *in the* published resource-based relative value scale*, as those codes exist on March 31 of each year*.

~~(d)~~*(e)* The department may establish additional ~~coding standards~~ *codes and coding standards* for use by providers when billing for medical services under this section.

(f) The rates in effect through June 30, 2013, may not be less than the rates for medical services in effect as of December 31, 2010.

(3) (a) The department ~~may~~ *shall* establish by rule evidence-based utilization and treatment guidelines for primary and secondary medical services. There is a rebuttable presumption that the *adopted* utilization and treatment guidelines ~~established by the department are correct medical treatment for the injured worker~~ *establish compensable medical treatment for an injured worker*.

(b) An insurer is not responsible for treatment or services that do not fall within the utilization and treatment guidelines adopted by the department unless the provider obtains prior authorization from the insurer. If prior authorization is not requested or obtained from the insurer, an injured worker is not responsible for payment of the medical treatment or services.

(c) The department ~~may establish by rule~~ *shall hire a medical director. The department may establish by rule* an independent medical review process ~~for~~ *for* treatment or services denied by an insurer pursuant to this subsection (3) prior to mediation under 39-71-2401.

(d) The department, in consultation with health care providers with relevant experience and education, shall provide for an annual review of the evidence-based utilization and treatment guidelines to consider amendments or changes to the guidelines.

(4) For services available in Montana, insurers may pay facilities located outside Montana according to the workers' compensation fee schedule of the state where the medical service is performed.

(5) (a) An insurer shall make payments at the fee schedule rate within 30 days of receipt of medical bills for which a claim has been accepted and for which no other disputes exist. Disputes must be defined by the department by rule.

(b) Any unpaid balance under this subsection (5) accrues interest at 12% a year or 1% a month or a fraction of a month. If the charge is not paid within 30 days, interest on the unpaid balance accrues from the date of receipt of the original billing.

(6) Once a determination has been made regarding the correct reimbursement amount, any overpayment made to a ~~medical~~ *health care* provider must be reimbursed to the insurer within 30 days of the determination. Any reimbursement amount remaining unpaid after 30 days accrues interest at 12% a year or 1% a month or a fraction of a month. Interest on the reimbursement amount remaining unpaid accrues from the date of receipt of the determination of the correct reimbursement amount.

(7) For a critical access hospital licensed pursuant to Title 50, chapter 5, the rate for services is the usual and customary charge.

(8) Payment pursuant to reimbursement agreements between managed care organizations or preferred provider organizations and insurers is not bound by the provisions of this section.

(9) After mediation pursuant to department rules, an unresolved dispute between an insurer and a ~~medical service~~ *health care* provider regarding the amount of a fee for medical services may be brought before the workers' compensation court.

(10) (a) After the initial visit, the worker is responsible for $25 of the cost of each subsequent visit to a hospital emergency department for treatment relating to a compensable injury or occupational disease.

(b) "Visit", as used in this subsection (10), means each time that the worker obtains services relating to a compensable injury or occupational disease from:

(i) a treating physician;

(ii) a physical therapist;

(iii) a psychologist; or

(iv) hospital outpatient services available in a nonhospital setting.

(c) A worker is not responsible for the cost of a subsequent visit pursuant to subsection (10)(a) if the visit is for treatment requested by an insurer."

Section 11. Section 39-71-711, MCA, is amended to read:

"39-71-711. Impairment evaluation — ratings. (1) An impairment rating:

(a) is a purely medical determination and must be determined by an impairment evaluator after a claimant has reached maximum healing;

(b) must be based on the ~~current~~ *sixth* edition of the *American medical association* Guides to *the* Evaluation of Permanent Impairment ~~published by the American medical association~~;

(c) must be expressed as a percentage of the whole person; and

(d) must be established by objective medical findings *and may not be based exclusively on complaints of pain*.

(2) A claimant or insurer, or both, may obtain an impairment rating from an evaluator if the injury falls within the scope of the evaluator's practice and if the evaluator is one of the following:

(a) a physician or an osteopath licensed under Title 37, chapter 3, with admitting privileges to practice in one or more hospitals, if any, in the area where the physician or osteopath is located;

(b) a chiropractor licensed under Title 37, chapter 12;

(c) a physician assistant licensed under Title 37, chapter 20, if there is not a physician as provided for in subsection (2)(a) in the area where the physician assistant is located;

(d) a dentist licensed under Title 37, chapter 4;

(e) an advanced practice registered nurse licensed under Title 37, chapter 8; or

(f) for a claimant residing out of state or upon approval of the insurer, an evaluator referred to in subsections (2)(a) through (2)(e) who is licensed or certified in another state.

(3) If the claimant and insurer cannot agree upon the rating, the mediation procedure in Title 39, chapter 71, part 24, must be followed.

(4) Disputes over impairment ratings are subject to the provisions of 39-71-605."

Section 12. Section 39-71-721, MCA, is amended to read:

"39-71-721. Compensation for injury causing death — limitation. (1) (a) If an injured employee dies and the injury was the proximate cause of the death, the beneficiary of the deceased is entitled to the same compensation as though the death occurred immediately following the injury. A beneficiary's eligibility for benefits commences after the date of death, and the benefit level is established as set forth in subsection (2).

(b) The insurer is entitled to recover any overpayments or compensation paid in a lump sum to a worker prior to death but not yet recouped. The insurer

shall recover the payments from the beneficiary's biweekly payments as provided in ~~39-71-741(3)~~ *39-71-741(5)*.

(2) To beneficiaries as defined in 39-71-116(4)(a) through (4)(d), weekly compensation benefits for an injury causing death are 66 2/3% of the decedent's wages. The maximum weekly compensation benefit may not exceed the state's average weekly wage at the time of injury. The minimum weekly compensation benefit is 50% of the state's average weekly wage, but in no event may it exceed the decedent's actual wages at the time of death.

(3) To beneficiaries as defined in 39-71-116(4)(e) and (4)(f), weekly benefits must be paid to the extent of the dependency at the time of the injury, subject to a maximum of 66 2/3% of the decedent's wages. The maximum weekly compensation may not exceed the state's average weekly wage at the time of injury.

(4) If the decedent leaves no beneficiary, a lump-sum payment of $3,000 must be paid to the decedent's surviving parent or parents.

(5) If any beneficiary of a deceased employee dies, the right of the beneficiary to compensation under this chapter ceases. Death benefits must be paid to a surviving spouse for 500 weeks subsequent to the date of the deceased employee's death or until the spouse's remarriage, whichever occurs first. After benefit payments cease to a surviving spouse, death benefits must be paid to beneficiaries, if any, as defined in 39-71-116(4)(b) through (4)(d).

(6) In all cases, benefits must be paid to beneficiaries.

(7) Benefits paid under this section may not be adjusted for cost of living as provided in 39-71-702."

Section 13. Section 39-71-736, MCA, is amended to read:

"39-71-736. Compensation — from what dates paid. (1) (a) ~~Compensation~~ *Except as provided in subsection (1)(c), compensation* may not be paid for the first 32 hours or 4 days' loss of wages, whichever is less, that the ~~claimant~~ *worker* is totally disabled and unable to work because of an injury. A ~~claimant~~ *worker* is eligible for compensation starting with the 5th day.

(b) Separate benefits of medical and hospital services must be furnished from the date of injury.

(c) If the worker is totally disabled and unable to work in any capacity for 21 days or longer, compensation must be paid retroactively to the first day of total wage loss unless the worker waives the payment as provided in subsection (2)(b)(ii).

(2) *(a)* For the purpose of this section, except as provided in subsection (3), ~~an injured~~ *a* worker is not considered to be entitled to compensation benefits if the worker is receiving sick leave benefits, except that each day for which the worker elects to receive sick leave counts 1 day toward the 4-day waiting period.

(b) A worker who is entitled to receive retroactive compensation benefits pursuant to subsection (1)(c) but who took sick leave as provided in subsection (2)(a) may elect to either:

(i) repay the employer the amount of salary for the sick leave received; or

(ii) waive the retroactive payment of benefits attributable to any days or hours for which the worker received sick leave.

(3) Augmentation of temporary total disability benefits with sick leave by an employer pursuant to a collective bargaining agreement may not disqualify a worker from receiving temporary total disability benefits.

(4) Receipt of vacation leave by ~~an injured~~ *a* worker may not affect the worker's eligibility for temporary total disability benefits."

Section 14. Section 39-71-741, MCA, is amended to read:

"39-71-741. ~~Compromise settlements~~ *Settlements* and lump-sum payments — *legislative intent.* (1) By written agreement, *a claimant and an insurer may convert* benefits under this chapter ~~may be converted~~ in whole or in part into a lump sum. An agreement that settles a claim for any type of benefit is subject to department approval *as provided in subsection (2).* Lump-sum advances and payment of accrued benefits in a lump sum, except permanent total disability benefits under subsection ~~(1)(c)~~ *(2)(c)*, are not subject to department approval. If the department fails to approve or disapprove the agreement in writing within 14 days of the filing with the department, the agreement is approved.

(2) The department shall directly notify a claimant of a department order approving or disapproving a claimant's ~~compromise~~ *settlement* or lump-sum payment. Upon approval, the agreement constitutes a compromise and release settlement and may not be reopened by the department. The department may approve ~~an~~ *a settlement* agreement to convert the following benefits to a lump sum only under the following conditions:

(a) all benefits if a claimant and an insurer dispute the initial compensability of an injury and there is a reasonable dispute over compensability;

(b) permanent partial disability benefits if an insurer has accepted initial liability for an injury. The total of any ~~permanent partial~~ lump-sum ~~conversion~~ *payment* in part that is awarded to a claimant prior to the claimant's final award may not exceed the anticipated award under 39-71-703. The department may disapprove an agreement under this subsection ~~(1)(b)~~ *(2)(b)* only if the department determines that the lump-sum ~~conversion~~ amount is inadequate.

(c) permanent total disability benefits if the total of all lump-sum ~~conversions~~ *payments* in part that are awarded to a claimant do not exceed $20,000. The approval or award of a lump-sum permanent total disability payment in whole or in part by the department or court must be the exception. It may be given only if the worker has demonstrated financial need that:

(i) relates to:

(A) the necessities of life;

(B) an accumulation of debt incurred prior to the injury; or

(C) a self-employment venture that is considered feasible under criteria set forth by the department; or

(ii) arises subsequent to the date of injury or arises because of reduced income as a result of the injury.

(d) except as otherwise provided in this chapter, all other ~~compromise~~ settlements and lump-sum payments agreed to by a claimant and insurer; ~~or~~

(e) medical benefits on an accepted claim if an insurer disputes the insurer's continued liability for medical benefits and there is a reasonable dispute over the medical treatment or medical compensability*; or*

(f) medical benefits on an accepted claim if the claimant has reached maximum medical improvement and the following applicable conditions are met:

(i) the insurer and claimant mutually agree to a settlement of all or a portion of medical benefits; and

(ii) a settlement is in the best interest of the parties to the settlement.

(3) The parties to a medical settlement agreement shall set out the rationale that is the basis for the settlement under subsection (2)(f), and the claimant shall indicate by a signed acknowledgment an understanding of what medical benefits will terminate because of that settlement.

~~(2)~~*(4)* Any lump-sum conversion of benefits under this section must be converted to present value using the rate prescribed under subsection ~~(3)(b)~~ *(5)(b)*.

~~(3)~~*(5)* (a) An insurer may recoup any lump-sum ~~payment~~ *advance* amortized at the rate established by the department, prorated biweekly over the projected duration of the compensation period.

(b) The rate adopted by the department must be based on the average rate for United States 10-year treasury bills in the previous calendar year.

(c) If the projected compensation period is the claimant's lifetime, the life expectancy must be determined by using the most recent table of life expectancy as published by the United States national center for health statistics.

~~(4)~~*(6)* A dispute between a claimant and an insurer regarding the conversion of biweekly payments into a lump sum is considered a dispute for which a mediator and the workers' compensation court have jurisdiction to make a determination.

(7) If an insurer and a claimant agree to a ~~compromise and release~~ settlement or a lump-sum payment but the department disapproves the agreement, the parties may request the workers' compensation court to review the department's decision *without requesting mediation*.

(8) The legislature does not intend to allow settlement of undisputed medical claims under subsection (2)(f) unless all parties willingly agree to the settlement. The failure of the parties to willingly agree to a settlement does not constitute a dispute concerning benefits."

Section 15. Section 39-71-1011, MCA, is amended to read:

"39-71-1011. Definitions. As used in this ~~chapter~~ *part*, the following definitions apply:

(1) "Assistance fund" means the stay-at-work/return-to-work assistance fund provided for in [section 19].

~~(1)~~*(2)* "Commission on rehabilitation counselor certification" means the nonprofit, independent, fee-structured organization that is a member of the national commission for health certifying agencies and that is established to certify rehabilitation ~~practitioners~~ *providers*.

~~(2)~~*(3)* "Disabled worker" means a worker who has a permanent impairment, established by objective medical findings, resulting from a work-related injury that precludes the worker from returning to the job the worker held at the time of the injury or to a job with similar physical requirements and who has an actual wage loss as a result of the injury.

(4) "Insurer's stay-at-work/return-to-work assistance policy" or "assistance policy" means a written stay-at-work/return-to-work policy that explains to the worker the process of evaluation, planning, implementation, and provision of services by the insurer prior to the determination that the worker meets the definition of a disabled worker. The services are intended to facilitate a worker's return to work as soon as possible following the worker's injury or occupational disease. This assistance may include a rehabilitation plan.

~~(3)~~*(5)* "Rehabilitation benefits" means benefits provided in 39-71-1006 and 39-71-1025.

~~(4)~~*(6)* "Rehabilitation plan" means a written individualized plan that assists a disabled worker in acquiring skills or aptitudes to return to work through job placement, on-the-job training, education, training, or specialized job modification and that reasonably reduces the worker's actual wage loss.

~~(5)~~*(7)* "Rehabilitation provider" means a rehabilitation counselor certified by the commission on rehabilitation counselor certification and designated by the insurer.

~~(6)~~*(8)* "Rehabilitation services" means a program of evaluation, planning, and implementation of a rehabilitation plan to assist a disabled worker to return to work.

(9) "Stay-at-work/return-to-work assistance" or "assistance" means the evaluation, planning, implementation, and provision of appropriate services prior to the determination that the worker meets the definition of a disabled worker that are designed to facilitate a worker's return to work as soon as possible following the worker's injury or occupational disease. This assistance may include a rehabilitation plan."

Section 16. Stay-at-work/return-to-work goals and options — notification by department — agreement between worker and insurer. (1) The goal of stay-at-work/return-to-work assistance is to minimize avoidable disruption caused by a work-related injury or occupational disease by assisting the worker in the worker's return to the same position with the same employer or to a modified position with the same employer as soon as possible after an injury or an occupational disease occurs.

(2) To further the goal in subsection (1), the department shall, upon receipt from the insurer of a report of injury or occupational disease pursuant to 39-71-307(2), distribute to the worker a document that describes the stay-at-work/return-to-work assistance that is available upon request by the worker.

(3) Services provided as part of stay-at-work/return-to-work assistance are provided in addition to or prior to rehabilitation services and are intended to help a worker return to work.

Section 17. Request for and delivery of stay-at-work/return-to-work assistance. (1) (a) A worker who is claiming an injury or occupational disease, an employer, or a medical provider may ask that the department furnish stay-at-work/return-to-work assistance. After the worker signs a claim for benefits, the department shall promptly attempt to determine which insurer is at risk for the injury or occupational disease and contact that insurer. The department shall advise the insurer of the request for stay-at-work/return-to-work assistance and shall coordinate the assistance with the insurer.

(b) If an insurer has accepted liability for the claim, the insurer shall provide stay-at-work/return-to-work assistance either in accordance with the insurer's stay-at-work/return-to-work assistance policy or by designating a rehabilitation provider to provide rehabilitation services. The insurer is directly liable for paying for the stay-at-work/return-to-work assistance furnished.

(c) If an insurer at risk has not accepted liability for the claim, the insurer may choose one of the following actions:

(i) The insurer at risk for the claim may initiate stay-at-work/return-to-work assistance either in accordance with the insurer's

stay-at-work/return-to-work assistance policy or by designating a rehabilitation provider to provide rehabilitation services and shall notify the department within 3 business days of being contacted by the department that the insurer is acting under this subsection (1)(c)(i). If the insurer provides either type of assistance, the insurer becomes responsible for directly paying for the assistance. Payment of assistance pursuant to this subsection (1)(c)(i) does not constitute admission of liability or a waiver of any right of defense.

(ii) If the insurer at risk for the claim does not notify the department within 3 business days of being contacted by the department that the insurer will provide assistance, the department shall obtain stay-at-work/return-to-work assistance for the worker by designating a rehabilitation provider.

(d) If the department cannot promptly determine which insurer is at risk for coverage, the department shall obtain stay-at-work/return-to-work assistance for the worker by designating a rehabilitation provider.

(e) A rehabilitation provider designated by the department under this section shall bill the department for services provided. The department shall pay for the stay-at-work/return-to-work assistance out of the assistance fund until the maximum allowed amount of assistance is provided or until the insurer denies the claim and notifies the department of the denial.

(f) If an insurer is providing assistance pursuant to the insurer's stay-at-work/return-to-work assistance policy, the insurer shall provide in writing to a worker, with a copy to the department, an explanation of the stay-at-work/return-to-work assistance being provided to the worker under this section and shall include contact information for the person providing the assistance.

(2) Rather than make a request to the department, a worker, an employer, or a medical provider may directly ask the insurer to provide stay-at-work/return-to-work assistance.

(3) In the absence of a request by a worker, an employer, or a medical provider, an insurer may initiate and provide stay-at-work/return-to-work assistance by providing the worker with a copy of the insurer's stay-at-work/return-to-work assistance policy or by designating a rehabilitation provider to provide rehabilitation services.

(4) Stay-at-work/return-to-work assistance requested under this section is available as a service apart from a determination regarding indemnity benefits. A worker or an employer may decline to accept stay-at-work/return-to-work assistance. The failure of a worker to voluntarily agree to assistance is not a dispute concerning benefits. However, if the assistance provided under this part results in a job offer for a position that is within the worker's physical abilities, for which the worker is qualified, and for which the wages are at least equal to the worker's wages at the time of injury and the worker refuses the offer, the workers' indemnity benefits may end as provided in 39-71-701 and 39-71-712.

(5) Stay-at-work/return-to-work assistance is available at any time unless:

(a) the worker, prior to a determination that the worker meets the definition of a disabled worker, has refused a job offer for a position that is within the worker's physical abilities, for which the worker is qualified, and for which the wages are at least equal to the worker's wages at the time of injury;

(b) the worker has actually returned to work; or

(c) the claim has been closed pursuant to 39-71-704(1)(f)(i) or indemnity benefits have been settled pursuant to the definition of a settled claim in 39-71-107.

(6) If the insurer determines that the worker has not suffered a compensable injury or occupational disease and denies liability for the claim, the insurer or the department shall terminate any stay-at-work/return-to-work assistance that was initiated before the insurer's denial of liability.

Section 18. Rehabilitation provider — evaluation. (1) Stay-at-work/return-to-work assistance must be provided by a rehabilitation provider pursuant to this section if:

(a) the department provides assistance; or

(b) an insurer elects to designate a rehabilitation provider instead of using the insurer's own stay-at-work/return-to-work assistance policy.

(2) (a) The rehabilitation provider shall evaluate and determine the stay-at-work/return-to-work capabilities of the worker pursuant to the stay-at-work/return-to-work goals listed in [section 16].

(b) If the worker has returned to work, the rehabilitation provider shall provide documentation of the assistance to the worker, the insurer, and the department.

(c) If the worker has not returned to work and has not received a job offer to return to work, the rehabilitation provider shall document the reasons the stay-at-work/return-to- work assistance was unsuccessful. The documentation must be provided to the worker, the insurer, the treating physician, and the department.

(d) The following conditions allow termination of assistance prior to the time a worker meets the definition of a disabled worker:

(i) the worker has returned to work earning wages that are at least as much as at the time of injury;

(ii) the worker has received an offer to return to work at a position that is within the worker's physical abilities, for which the worker is qualified, and for which the wages are at least equal to the worker's wages at the time of injury;

(iii) the worker has returned to work in an alternative position that pays less than the worker's wages at the time of injury and that qualifies the worker for temporary partial disability benefits pursuant to 39-71-712; or

(iv) the worker receives a job offer to return to work in a position that is within the worker's physical abilities, for which the worker is qualified, for which the wages are less than the worker's wages at the time of injury, and that qualifies the worker for temporary partial disability benefits under 39-71-712.

(e) If a worker has requested stay-at-work/return-to-work assistance and a rehabilitation plan has been agreed to by the worker and the insurer, the plan continues until completed.

(3) If the worker or insurer disputes the availability or level of assistance, the worker or insurer may, after mediation, petition the workers' compensation court for resolution of the dispute.

Section 19. Stay-at-work/return-to-work assistance fund — purpose — payment process — rulemaking. (1) There is a stay-at-work/return-to-work assistance fund in the proprietary fund category.

(2) The purpose of the assistance fund is to pay for stay-at-work/return-to-work assistance provided by the department so that assistance may be provided as early as practicable in the workers' compensation claims process.

(3) (a) The department may establish by rule:

(i) the amounts and types of assistance to be provided; and

(ii) the maximum hourly rate that may be charged for stay-at-work/return-to-work assistance obtained by the department and paid for by the assistance fund.

(b) The rules adopted under subsection (3)(a) regarding the payment amounts to rehabilitation providers do not apply if the insurer has taken direct responsibility for providing stay-at-work/return-to-work assistance.

(c) If rules are not adopted to implement subsection (3)(a), the department may not provide more than $2,000 in assistance.

Section 20. Assessment for stay-at-work/return-to-work assistance fund — definition. (1) (a) The assistance fund must be maintained by assessing employers insured by plan No. 1, plan No. 2, and plan No. 3 an amount as provided in subsections (2) through (10).

(b) The board of investments shall invest the money in the assistance fund. The investment income must be deposited in the assistance fund.

(2) The assessment amount is the total amount paid by the assistance fund in the preceding fiscal year less other realized income that is deposited in the assistance fund. Allocation of the total assessment amount among employers insured by plan No. 1, plan No. 2, and plan No. 3 must be based on each plan's proportionate share of money expended from the assistance fund for the calendar year preceding the year in which the assessment is collected.

(3) On or before May 31 of each year, the department shall notify each plan No. 1 employer, plan No. 2 insurer, and plan No. 3, the state fund, of the amount to be assessed for the ensuing fiscal year. On or before April 30 of each year, the department shall consult with the advisory organization designated under 33-16-1023 and notify plan No. 2 insurers and plan No. 3, the state fund, of the premium surcharge rate to be effective for policies written or renewed on or after July 1 in that year.

(4) The portion of the plan No. 1 assessment assessed against an individual plan No. 1 employer is the amount actually expended by the assistance fund on behalf of injured workers employed by that plan No. 1 employer. A group of employers insured jointly under plan No. 1 is considered to be an individual employer for the purposes of this subsection.

(5) After subtracting plan No. 1 assessments from the total assessment, the department shall determine the surcharge rate for plan No. 2 insurers and plan No. 3, the state fund, by dividing the remaining portion of the assessment by the total amount of premiums paid by employers insured under plan No. 2 or plan No. 3 in the previous calendar year. The numerator for the calculation must be adjusted as provided in subsection (9).

(6) Employers insured under plan No. 2 or plan No. 3 shall pay their portion of the assessment in a surcharge on premiums for policies written or renewed annually on or after July 1.

(7) (a) Each plan No. 2 insurer and plan No. 3, the state fund, shall collect from its policyholders the assessment premium surcharge provided for in subsection (5). When collected, the assessment premium surcharge may not constitute an element of loss for the purpose of establishing rates for workers' compensation insurance but, for the purpose of collection, must be treated as separate costs imposed upon insured employers. The total of this assessment premium surcharge must be stated as a separate cost on an insured employer's policy or on a separate document submitted by the insured employer and must be identified as "workers' compensation stay-at-work/return-to-work assistance fund surcharge". Each assessment premium surcharge must be shown as a

percentage of the total workers' compensation policyholder premium. This assessment premium surcharge must be collected at the same time and in the same manner as the premium for the coverage. The assessment premium surcharge must be excluded from the definition of premium for all purposes, including computation of insurance producers' commissions or premium taxes, except that an insurer may cancel a workers' compensation policy for nonpayment of the assessment premium surcharge. Cancellation must be in accordance with the procedures applicable to the nonpayment of premium.

(b) If an employer fails to remit to an insurer the total amount due for the premium and assessment premium surcharge, the amount received by the insurer must be applied to the assessment premium surcharge described in 39-71-201 first, then to the assessment premium surcharge in this section, and then to the surcharge in 39-71-915, with any remaining amount applied to the premium due.

(8) (a) The department shall deposit all assessments due under this section into the assistance fund.

(b) Each plan No. 1 employer shall pay its assessment due under this section by July 1.

(c) Each plan No. 2 insurer and plan No. 3, the state fund, shall remit to the department all assessment premium surcharges collected during a calendar quarter no later than 20 days following the end of the quarter.

(d) If a plan No. 1 employer, a plan No. 2 insurer, or plan No. 3, the state fund, fails to timely pay to the department the assessment or assessment premium surcharge under this section, the department may impose on the plan No. 1 employer, the plan No. 2 insurer, or plan No. 3, the state fund, an administrative fine of $100 plus interest on the delinquent amount at the annual interest rate of 12%. Administrative fines and interest must be deposited in the assistance fund.

(9) Each year, the department shall compare the amount of the assessment premium surcharge actually collected pursuant to subsection (5) with the amount assessed and upon which the premium surcharge was calculated. The amount undercollected or overcollected in any given year must be used as an adjustment to the numerator for the following year's assessment premium surcharge as provided in subsection (5).

(10) If the total assessment is less than $100,000 for any year, the department may defer the assessment for that year and add that amount to the assessment amount for the subsequent year.

(11) As used in this section, "money expended" means expenditures for stay-at-work/return-to-work assistance from the assistance fund.

Section 21. Rulemaking authority. The department may adopt rules to implement this part.

Section 22. Section 39-71-1025, MCA, is amended to read:

"39-71-1025. Auxiliary ~~rehabilitation~~ benefits. *(1)* In addition to benefits otherwise provided in this chapter, separate benefits not exceeding a total of $4,000*, adjusted as provided in subsection (2),* may be paid by the insurer for *specialized job modification,* reasonable travel, and relocation expenses used ~~to~~ *for any of the following*:

~~(4)~~*(d)* ~~attend~~ *attendance at* an on-the-job training program.

(2) The separate benefit may be adjusted by an amount that is the percentage increase, if any, in the current state's average weekly wage over the state's average weekly wage adopted for the previous year."

Section 23. Section 39-71-1031, MCA, is amended to read:

"39-71-1031. Exchange of information. The ~~insurer's designated~~ *insurer, the* rehabilitation provider, and the department shall provide to one another case information as necessary to carry out the purposes of this part."

Section 24. Section 39-71-1101, MCA, is amended to read:

"39-71-1101. Choice of ~~physician~~ *health care provider* by worker — ~~change~~ *insurer designation or approval* of *treating* physician — ~~receipt of care from~~ *or* managed care organization — *payment terms* — *definition.* (1) ~~Subject to subsection (3),~~ *Prior to the insurer's designation or approval of a treating physician as provided in subsection (2) or a referral to a managed care organization or preferred provider organization as provided in subsection (7),* a worker may choose ~~the~~ *a person who is listed in 39-71-116(41) for* initial ~~treating physician within the state of Montana~~ *treatment. Subject to subsection (2), if the person listed under 39-71-116(41) chosen by the worker agrees to comply with the requirements of subsection (2), that person is the treating physician.*

(2) Any time after acceptance of liability by an insurer, the insurer may designate or approve a treating physician who agrees to assume the responsibilities of the treating physician. The designated or approved treating physician:

(a) is responsible for coordinating the worker's receipt of medical services as provided in 39-71-704;

(b) shall provide timely determinations required under this chapter, including but not limited to maximum medical healing, physical restrictions, return to work, and approval of job analyses, and shall provide documentation;

(3) The treating physician may refer the worker to other health care providers for medical services, as provided in 39-71-704, for the treatment of a worker's compensable injury or occupational disease. A health care provider to whom the worker is referred by the designated treating physician is not responsible for coordinating care or providing determinations as required of the treating physician.

(4) The treating physician designated or approved by the insurer must be reimbursed at 110% of the department's fee schedule.

(5) A health care provider to whom the worker is referred by the treating physician must be reimbursed at 90% of the department's fee schedule.

(6) A health care provider providing health care on a compensable claim prior to the designation or approval of the treating physician by the insurer must be reimbursed at 100% of the department's fee schedule.

~~(2) Authorization by the insurer is required to change treating physicians. If authorization is not granted, the~~

(7) Regardless of the date of injury, the medical fee schedule rates in effect as adopted by the department in 39-71-704 and the percentages referenced in subsections (4) through (6) apply to the medical service on the date on which the medical service was provided.

(8) The insurer ~~shall~~ *may* direct the worker to a managed care organization~~, if any, or to a medical service provider who qualifies as a treating physician, who shall then serve as the worker's~~ *or a preferred provider organization for designation of the* treating physician.

~~(b) the injury will result in permanent impairment;~~

~~(c) the injury results in the need for a referral to another medical provider for specialized evaluation or treatment; or~~

~~(d) specialized diagnostic tests, including but not limited to magnetic resonance imaging, computerized axial tomography, or electromyography, are required~~.

~~(4)~~*(10)* After the date that a worker whose injury is subject to the provisions of subsection ~~(3)~~ *(8)* receives individual written notice of a referral ~~to a managed care organization~~, the worker must, unless otherwise authorized by the insurer, receive medical services from the ~~managed care~~ organization designated by the insurer, in accordance with *39-71-1102 and* 39-71-1104. The designated treating physician in the ~~managed care~~ organization then becomes the worker's treating physician. The insurer is not liable for medical services obtained otherwise, except that a worker may receive immediate emergency medical treatment for a compensable injury from a ~~medical service~~ *health care* provider who is not a member of a managed care organization *or a preferred provider organization*.

~~(5)~~*(11)* Posting of managed care requirements in the workplace on bulletin boards, in personnel policies, in company manuals, or by other general or broadcast means does not constitute individual written notice. To constitute individual written notice under this section, information regarding referral to a managed care organization must be provided to the worker in written form by mail or in person after the date ~~that the~~ *of* injury *or occupational disease* ~~meets the provisions of subsection (3). The notice must advise the worker of the worker's right to choose the initial treating physician under subsection (1).~~

~~(6) Any postings or other information regarding referral to a managed care organization on bulletin boards, in personnel policies, in company manuals, or by other general or broadcast means and any individual notice of referral to a managed care organization, whether before or after the occurrence of an injury, must include in prominent type advice of the worker's right to choose the initial treating physician pursuant to subsection (1).~~"

Section 25. Section 39-71-1102, MCA, is amended to read:

"39-71-1102. Preferred provider organizations — establishment — limitations. (1) In order to promote cost containment of medical care provided for in 39-71-704, development of preferred provider organizations by insurers is encouraged. Insurers may establish arrangements with suppliers of soft and durable medical goods and ~~medical~~ *health care* providers in addition to or in

conjunction with managed care organizations. Workers' compensation insurers may contract with other entities to use the other entities' preferred provider organizations. After the date that an injured worker is given an individual written notice by the insurer of a preferred provider, the insurer is not liable for charges from nonpreferred providers. ~~This section does not prohibit the worker from choosing the initial treating physician under 39-71-1101(1).~~

(2) Posting of preferred provider requirements in the workplace on bulletin boards, in personnel policies, in company manuals, or by other general or broadcast means does not constitute individual written notice. To constitute individual written notice under this section, information regarding referral to preferred providers must be provided to the worker in written form by mail or in person after the date of injury. ~~The notice must advise the worker of the worker's right to choose the initial treating physician under 39-71-1101(1).~~

~~(3) Any postings or other information regarding referral to preferred providers on bulletin boards, in personnel policies, in company manuals, or by other general or broadcast means and any individual notice of referral to preferred providers, whether before or after the occurrence of an injury, must include in prominent type advice of the worker's right to choose the initial treating physician pursuant to subsection 39-71-1101(1).~~"

Section 26. Section 39-71-1106, MCA, is amended to read:

"39-71-1106. Compliance with medical treatment required — termination of compensation benefits for noncompliance. An insurer that provides 14 days' notice to the worker and the department may terminate any compensation benefits that the worker is receiving until the worker cooperates, if the insurer believes that the worker is unreasonably refusing:

(1) to cooperate with a managed care organization*, a preferred provider organization,* or *the* treating physician;

(2) to submit to medical treatment recommended by the treating physician, except for invasive procedures; or

(3) to provide access to health care information to ~~medical~~ *health care* providers, the insurer, or an agent of the insurer."

Section 27. Section 39-71-2361, MCA, is amended to read:

"39-71-2361. Legislative audit of state fund — *annual review of audit and rate review by insurance commissioner*. The legislative auditor shall annually*:*

(1) conduct or have conducted a financial and compliance audit of the state fund, including its operations relating to claims for injuries resulting from accidents that occurred before July 1, 1990. The audit must include evaluations of the claims reservation process, the amounts reserved, and the current report of the state fund's actuary. The evaluations may be conducted by persons appointed under 5-13-305. Audit and evaluation costs are an expense of and must be paid by the state fund and must be allocated between those claims for injuries resulting from accidents that occurred before July 1, 1990, and those claims for injuries resulting from accidents that occur on or after that date.

(2) provide the results of the financial and compliance audit for operations related to claims for injuries resulting from accidents on or after July 1, 1990, as provided in subsection (1), and the rate review as provided in 39-71-2362 to the insurance commissioner. The insurance commissioner shall review the financial and compliance audit and rate review and report any concerns or recommendations based on the review to the governor, the legislative audit committee, and the economic affairs interim committee."

Section 28. Medical status form. (1) The department shall create a medical status form to be provided to a health care provider providing treatment for a compensable injury or occupational disease.

(2) The form must contain, at a minimum, the following information:

(a) the worker's first and last names and claim number;

(b) the diagnosed condition that is a direct result of the compensable injury or occupational disease;

(c) the treatment plan for the worker;

(d) identification of any medications prescribed for treatment of the worker;

(e) the timeframe during which the treating physician recommends that the worker be completely off work;

(f) the date or anticipated date of the worker's release to modified duty;

(g) the date or anticipated date of the worker's release to full duty;

(h) any temporary work restrictions applicable to the worker;

(i) any permanent work restrictions applicable to the worker;

(j) the anticipated date of maximum medical improvement; and

(k) the date of the worker's next appointment.

(3) An insurer may request additional information from the health care provider not contained in the department's form.

(4) The treating physician or a designee shall complete the form following every office visit with the worker.

Section 29. Reopening of terminated medical benefits — medical review. (1) A petition to reopen medical benefits that terminate under 39-71-704(1)(f) must be reviewed as provided in this section.

(2) Medical benefits may be reopened only if the worker's medical condition is a direct result of the compensable injury or occupational disease and requires medical treatment in order to allow the worker to continue to work or return to work. Medical benefits closed by settlement or court order are not subject to reopening.

(3) A review of a petition to reopen medical benefits must be conducted by a medical review panel as provided in subsection (4) or, if stipulated by the worker and the insurer, solely by the department's medical director.

(4) The medical review panel must be composed of the department's medical director and two additional physicians who are licensed to practice medicine in Montana and who have expertise and experience in the area of medicine that is relevant to the worker's condition. The department's medical director shall serve as the presiding officer of the medical review panel. Participants on the medical review panel must be reimbursed as provided in 2-18-501 through 2-18-503 if travel is required for a review and must be paid a reasonable fee for services.

(5) A petition for reopening of medical benefits must be filed with the department within 5 years of the termination of medical benefits pursuant to 39-71-704(1)(f). A petition may not be filed more than 90 days before benefits are to terminate.

(6) Upon receipt of a petition to reopen medical benefits, the department shall request from the insurer a copy of the worker's medical records contained in the insurer's claim file. The worker or the insurer may submit additional information that is relevant to the petition to reopen medical benefits.

(7) The proof necessary to support reopening of medical benefits must be a preponderance of the evidence.

(8) Within 60 days of the submission of a petition to reopen medical benefits, the medical review panel or the department's medical director shall issue a report. The report must provide the rationale for the decision reached. A report issued by the medical review panel must be supported by a majority of the panel members. If the report concludes that medical benefits must be reopened, the report must state the extent to which the benefits must be reopened consistent with the utilization and treatment guidelines. Benefits reopened pursuant to this section remain open for 2 years or until maximum medical improvement is achieved following surgery or the recommended medical treatment, whichever occurs first. If the medical panel specifically approves treatment beyond 2 years, medical benefits remain open for as long as recommended by the medical panel. The petitioner and the insurer shall submit updated information to the medical panel every 2 years, and every subsequent 2 years the medical panel shall review the claims that were reopened for longer than 2 years to determine whether to change the previous recommendation.

(9) A party aggrieved by a decision of the department's medical director or medical review panel may, after satisfying the dispute resolution requirements provided in this chapter, file a petition with the workers' compensation court. The report of the department's medical director or the medical review panel is presumed to be correct and may be overcome only by clear and convincing evidence.

Section 30. Transition for stay-at-work/return-to-work assistance fund. (1) The department of labor and industry shall transfer $100,000 from the administration fund provided for by 39-71-201 to the stay-at-work/return-to-work assistance fund established in [section 19] to provide the initial funding for the fund.

(2) Effective for policies written or renewed in state fiscal year 2012 only, the premium surcharge rate to be levied by insurers on workers' compensation insurance premiums pursuant to [section 20] is 0.00082.

If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 75-11-307, MCA, is amended to read:

"75-11-307. Reimbursement for expenses caused by release. (1) Subject to the availability of money from the fund under subsection (6), an owner or operator who is eligible under 75-11-308 and who complies with 75-11-309 and any rules adopted to implement those sections must be reimbursed by the board from the fund for the following eligible costs caused by a release from a petroleum storage tank:

(a) corrective action costs as required by a department-approved corrective action plan, except *that* if the corrective action plan*:*

(i) addresses releases of substances other than petroleum products from an eligible petroleum storage tank, the board may reimburse only the costs that would have reasonably been incurred if the only release at the site was the release of the petroleum or petroleum products from the eligible petroleum storage tank; *or*

(ii) includes the establishment of a petroleum mixing zone, as defined in 75-11-503, the board may reimburse the cost of an easement established pursuant to [section 5(3)(a)]; and

(b) compensation paid to third parties for bodily injury or property damage. The board may not reimburse for property damage until the corrective action is completed.

(2) An owner or operator may not be reimbursed from the fund for the following expenses:

(a) corrective action costs or the costs of bodily injury or property damage paid to third parties that are determined by the board to be ineligible for reimbursement;

(b) costs for bodily injury and property damage, other than corrective action costs, incurred by the owner or operator;

(3) An owner or operator may designate a person as an agent to receive the reimbursement if the owner or operator remains legally responsible for all costs and liabilities incurred as a result of the release.

(4) Subject to the availability of funds under subsection (6):

(a) for releases eligible for reimbursement from the fund that are discovered and reported on or after April 13, 1989, from a tank storing heating oil for

consumptive use on the premises where it is stored or from a farm or residential tank with a capacity of 1,100 gallons or less that is used for storing motor fuel for noncommercial purposes, the board shall reimburse an owner or operator for:

(ii) 50% of the first $10,000 of eligible costs and 100% of subsequent eligible costs, up to a maximum total reimbursement of $495,000 for all other releases; and

(5) If an insurer pays or reimburses an owner or operator for costs that qualify as eligible costs under subsection (1), the costs paid or reimbursed by the insurer:

(a) are considered to have been paid by the owner or operator toward satisfaction of the 50% share requirements of subsection (4)(a)(ii) or (4)(b)(ii) if the owner or operator receives the payment or reimbursement before applying for reimbursement from the board;

(b) are not reimbursable from the fund; and

(c) except for the amount considered to have been paid by the owner or operator pursuant to subsection (5)(a), are considered to have been reimbursed from the fund for purposes of determining when the board has paid the maximum amount payable from the fund under subsection (4)(a)(ii) or (4)(b)(ii).

(6) If the fund does not contain sufficient money to pay approved claims for eligible costs, a reimbursement may not be made and the fund and the board are not liable for making any reimbursement for the costs at that time. "75-11-309. Procedures for reimbursement of eligible costs — *corrective action plans.* (1) An owner or operator seeking reimbursement for eligible costs and the department shall comply with the following procedures:

(a) If an owner or operator discovers or is provided evidence that a release may have occurred from the owner's or operator's petroleum storage tank, the owner or operator shall immediately notify the department of the release and conduct an initial response to the release in accordance with state and federal laws and rules to protect the public health and safety and the environment.

(b) Except for a tank for which a permit is sought under 75-11-308(1)(b)(iii) and that is closed within 120 days of discovery of the release, following discovery of the release, the petroleum storage tank must remain in compliance with applicable state and federal laws and rules that the board determines pertain to prevention and mitigation of petroleum releases.

(c) The owner or operator shall conduct a thorough investigation of the release, report the findings to the department, and, as determined necessary by the department, prepare and submit for approval by the department a corrective action plan that conforms with state, tribal (when applicable), and federal corrective action requirements.

(d) (i) The department shall review the corrective action plan and forward a copy to a local government office and, when applicable, a tribal government office with jurisdiction over a corrective action for the release. The local or tribal government office shall inform the department if it wants any modification of the proposed plan.

(ii) Based on its own review and comments received from a local government, tribal government, or other source, the department may approve the proposed corrective action plan, make or request the owner or operator to modify the proposed plan, or prepare its own plan for compliance by the owner or operator. A plan finally approved by the department through any process provided in this subsection (1)(d) is the approved corrective action plan.

(iii) After the department approves a corrective action plan, a local government or tribal government may not impose different corrective action requirements on the owner or operator.

(e) A corrective action plan prepared by the owner, operator, or department for any petroleum storage tank release may include the establishment of a petroleum mixing zone as defined in 75-11-503.

~~(e)~~*(f)* The department shall notify the owner or operator of its approval of a corrective action plan and shall promptly submit a copy of the approved corrective action plan to the board. *Upon review, the board may request that the corrective action plan be amended pursuant to [section 5] to include a petroleum mixing zone. If the department finds that the conditions for establishment of a petroleum mixing zone in [section 5] are satisfied, the corrective action plan must be amended to include a petroleum mixing zone.*

~~(f)~~*(g)* The owner or operator shall implement the corrective action plan or plans approved by the department until the release is resolved. The department may oversee the implementation of the plan, require reports and monitoring from the owner or operator, undertake inspections, and otherwise exercise its authority concerning corrective action under Title 75, chapter 10, part 7, Title 75, chapter 11, part 5, and other applicable law and rules.

~~(g)~~*(h)* (i) The owner or operator shall document in the manner required by the board all expenses incurred in preparing and implementing the corrective action plan. The owner or operator shall submit claims and substantiating documents to the board in the form and manner required by the board.

(ii) The board shall review each claim and determine if the claims are actual, reasonable, and necessary costs of responding to the release and implementing the corrective action plan.

(iii) If the board requires additional information to determine if a claimed cost is actual, reasonable, and necessary, the board may request comment from the department and the owner or operator.

(iv) If the department determines that an owner or operator is failing to properly implement a corrective action plan, it shall notify the board.

~~(h)~~*(i)* The owner or operator shall document, in the manner required by the board, any payments to a third party for bodily injury or property damage caused by a release. The owner or operator shall submit claims and

substantiating documents to the board in the form and manner required by the board.

~~(i)~~*(j)* In addition to the documentation in subsections ~~(1)(g) and~~ (1)(h) *and (1)(i)*, when the release is claimed to have originated from a properly designed and installed double-walled tank system, the owner or operator shall document, in the manner required by the board, the following:

(i) the date that the release was discovered; and

(ii) that the originating tank was part of a properly designed and installed double-walled tank system.

(2) If an owner or operator is issued an administrative order for failure to comply with requirements imposed by or pursuant to Title 75, chapter 11, part 5, or rules adopted pursuant to Title 75, chapter 11, part 5, all reimbursement of claims submitted after the date of the order must be suspended. Upon a written determination by the department that the owner or operator has returned to compliance with the requirements of Title 75, chapter 11, part 5, or rules adopted pursuant to Title 75, chapter 11, part 5, suspended and future claims may be reimbursed according to criteria established by the board. In establishing the criteria, the board shall consider the effect and duration of the noncompliance.

(3) The board shall review each claim received under subsections ~~(1)(g) and~~ (1)(h) *and (1)(i)*, make the determination required by this subsection, inform the owner or operator of its determination, and, as appropriate, reimburse the owner or operator from the fund. Before approving a reimbursement, the board shall affirmatively determine that:

(a) the expenses for which reimbursement is claimed:

(i) are eligible costs; and

(ii) were actually, necessarily, and reasonably incurred for the preparation or implementation of a corrective action plan approved by the department or for payments to a third party for bodily injury or property damage; and

(b) the owner or operator:

(i) is eligible for reimbursement under 75-11-308; and

(ii) has complied with this section and any rules adopted pursuant to this section. Upon a determination by the board that the owner or operator has not complied with this section or rules adopted pursuant to this section, all reimbursement of pending and future claims must be suspended. Upon a determination by the board that the owner or operator has returned to compliance with this section or rules adopted pursuant to this section, suspended and future claims may be reimbursed according to criteria established by the board. In establishing the criteria, the board shall consider the effect and duration of the noncompliance.

(4) (a) If an owner or operator disagrees with a board determination under subsection (3), the owner or operator may submit a written request for a hearing before the board.

(b) A written request for a hearing must be received by the board within 120 days after notice of the board's determination is served on the owner or operator by certified mail. The notice of determination must advise the owner or operator of the 120-day time limit for submitting a written request for a hearing to the board. Not less than 50 days or more than 60 days after the board serves the notice of determination, the board shall serve on the owner or operator a second notice by certified mail advising the owner or operator of the deadline for

requesting a hearing. Service by certified mail is complete on the date shown on the certified mail receipt.

(c) If a written request is received within 120 days, the hearing must be held at a meeting of the board or as otherwise permitted under the Montana Administrative Procedure Act no later than 120 days following receipt of the request or at a time mutually agreed to by the board and the owner or operator.

(d) If a written request is not received within 120 days, the determination of the board is final.

(5) The board shall obligate money for reimbursement of eligible costs of owners and operators in the order that the costs are finally approved by the board.

(6) (a) The board may, at the request of an owner or operator, guarantee in writing the reimbursement of eligible costs that have been approved by the board but for which money is not currently available from the fund for reimbursement.

(b) The board may, at the request of an owner or operator, guarantee in writing reimbursement of eligible costs not yet approved by the board, including estimated costs not yet incurred. A guarantee for payment under this subsection (6)(b) does not affect the order in which money in the fund is obligated under subsection (5).

(c) When considering a request for a guarantee of payment, the board may require pertinent information or documentation from the owner or operator. The board may grant or deny, in whole or in part, any request for a guarantee."

The executed pledges must accompany the submission of the corresponding names to the secretary of state under 13-25-101(1).

Section 5. Certification of electors. When submitting the certificate of ascertainment as required by 3 U.S.C. 6, the governor shall certify the state's electors to the archivist of the United States. The certificate must state that:

(4) An elector who refuses to present a ballot, presents an unmarked ballot, or presents a ballot in violation of the elector's pledge executed under [section 4 or 6(3)] vacates the office of elector, creating a vacant position to be filled under [section 6].

(5) The secretary of state shall distribute ballots to and collect ballots from a substitute elector and repeat the process specified in this section until all of the electoral votes have been cast and recorded.

Section 8. Amended certificate of ascertainment — certificate of final vote. (c) in the provision of services or facilities in connection with the housing accommodation or property.

(5) For purposes of subsections (1) and (4), discrimination because of physical or mental disability includes:

(a) refusal to permit, at the expense of the person with a disability, reasonable modifications of existing premises occupied or to be occupied by the person with a disability if the modifications may be necessary to allow the person full enjoyment of the premises, except that in the case of a lease or rental, the landlord may, when it is reasonable to do so, condition permission for a modification on the ~~lessor's~~ *lessee's* or renter's agreement to restore the interior of the premises to the condition that existed before the modification, except for reasonable wear and tear;

(b) refusal to make reasonable accommodations in rules, policies, practices, or services when the accommodations may be necessary to allow the person equal opportunity to use and enjoy a housing accommodation or property; or

(c) (i) except as provided in subsection (5)(c)(ii), in connection with the design and construction of a covered multifamily housing accommodation, a failure to design and construct the housing accommodation in a manner that:

(A) provides at least one accessible building entrance on an accessible route;

(B) makes the public use and common use portions of the housing accommodation readily accessible to and usable by a person with a disability;

(C) provides that all doors designed to allow passage into and within all premises within the housing accommodation are sufficiently wide to allow passage by a person with a disability who uses a wheelchair; and

(D) ensures that all premises within the housing accommodation contain the following features ~~of adaptive design~~:

(I) an accessible route into and through the housing accommodation;

(II) light switches, electrical outlets, thermostats, and other environmental controls in accessible locations;

(III) reinforcements in bathroom walls to allow later installation of grab bars; and

(IV) usable kitchens and bathrooms that allow an individual who uses a wheelchair to maneuver about the space;

(ii) a covered multifamily housing accommodation that does not have at least one building entrance on an accessible route because it is impractical to do so due to the terrain or unusual characteristics of the site is not required to comply with the requirements of subsection (5)(c)(i).

(6) For purposes of subsection (5), the term "covered multifamily housing accommodation" means:

(a) a building consisting of four or more dwelling units if the building has one or more elevators; and

(b) ground floor units in a building consisting of four or more dwelling units.

(7) (a) It is an unlawful discriminatory practice for any person or other entity whose business includes engaging in residential real estate-related transactions to discriminate because of sex, marital status, race, creed, religion, age, familial status, physical or mental disability, color, or national origin against a person in making available a transaction or in the terms or conditions of a transaction.

(b) For purposes of this subsection (7), the term "residential real estate-related transaction" means any of the following:

(i) the making or purchasing of loans or providing other financial assistance:

(A) for purchasing, constructing, improving, repairing, or maintaining a housing accommodation or property; or

(B) secured by residential real estate; or

(ii) the selling, brokering, or appraising of residential real property.

(8) It is an unlawful discriminatory practice to deny a person access to or membership or participation in a multiple-listing service; real estate brokers' organization; or other service, organization, or facility relating to the business of selling, leasing, or renting housing accommodations or property or to discriminate against the person in the terms or conditions of access, membership, or participation because of sex, marital status, race, creed, religion, age, familial status, physical or mental disability, color, or national origin.

(9) It is an unlawful discriminatory practice to coerce, intimidate, threaten, or interfere with a person in the exercise or enjoyment of or because of the person having exercised or enjoyed or having aided or encouraged any other person in the exercise or enjoyment of a right granted or protected by this section.

(10) The prohibitions of this section against discrimination because of age and familial status do not extend to housing for older persons. "Housing for older persons" means housing:

(a) provided under any state or federal program specifically designed and operated to assist elderly persons;

(b) intended for, and solely occupied by, persons 62 years of age or older; or

(c) intended and operated for occupancy by at least one person 55 years of age or older per unit in accordance with the provisions of 42 U.S.C. 3607(b)(2)(C) and (b)(3) through (b)(5), as those provisions read on March 31, 1996.

(11) The prohibitions of subsection (1) against discrimination because of age and familial status do not extend to rooms or units in dwellings containing living quarters occupied or intended to be occupied by no more than two families living independently of each other, if the owner actually maintains and occupies one of the living quarters as the owner's residence.

(12) For purposes of this section, "familial status" means having a child or children who live or will live with a person. A distinction based on familial status includes one that is based on the age of a child or children who live or will live with a person."

"49-2-403. Specific limits on justification. (1) Except as permitted in 49-2-303(3) through ~~(5)~~ *(6)* and 49-3-201(5), sex, marital status, age, physical or mental disability, race, creed, religion, color, or national origin may not comprise justification for discrimination except for the legally demonstrable purpose of correcting a previous discriminatory practice.

(2) Age or mental disability may represent a legitimate discriminatory criterion in credit transactions only as it relates to a person's capacity to make or be bound by contracts or other obligations."

Section 5. Section 49-2-504, MCA, is amended to read:

"49-2-504. Informal investigation — conciliation — findings. (1) The department shall informally investigate the matters set out in the complaint promptly and impartially to determine whether there is reasonable cause to believe that the allegations are supported by a preponderance of the evidence.

(2) (a) During the informal investigation process and before the department issues a finding under subsection (7), the department may attempt to resolve the complaint by mediation.

(b) If the parties to the complaint voluntarily agree to enter into the mediation process, the time period for the department to complete the informal investigation and issue a finding under subsection (7) may be extended up to 45 days. An agreement to enter into mediation serves to extend the time for hearing beyond 12 months as provided for in 49-2-505(2).

~~(b)~~*(c)* If the department makes a finding under subsection (7)(c) that there is reasonable cause to believe that unlawful discrimination occurred, the department shall attempt to resolve the complaint by conciliation in a manner that, in addition to providing redress for the complaint, includes conditions that eliminate the discriminatory practice, if any, found in the investigation.

(3) The department shall, within 10 business days following receipt of a filed complaint, notify a respondent that the respondent is the subject of a filed complaint. The notification must be in writing and must include a copy of the filed complaint. If requested, the department shall also provide the parties with all other information related to the complaint in the possession of the department that is not currently in the possession of the parties or a party. The department shall make known to the parties the fact that information is available upon request. The department may not investigate a complaint until it has received notice that the respondent has received the department's notification of the complaint.

(4) If the department determines that the inclusion of documents or information obtained by the department would seriously impede the rights of a person or the proper investigation of the complaint, the information may be excluded from the notification by providing a written summary of the information. The written summary must include sufficient information to give maximum effect to the intent of this chapter.

(5) The respondent shall file an answer to a complaint filed with the department within 10 business days of the respondent's receipt of the complaint. An answer may be a response simply admitting or denying the allegations without further specificity or requesting additional information from the department. The time for filing an answer may be extended by a showing of good cause.

(6) The department shall commence proceedings within 30 days after receipt of a complaint.

(7) (a) After the informal investigation, the department shall issue a finding on whether there is reasonable cause to believe that a preponderance of the evidence supports the charging party's allegation of unlawful discrimination. ~~The~~ *Unless the time period is extended as provided in subsection (2)(b), the* finding must be issued within 180 days after a complaint is filed, except that the department shall issue the finding within 120 days after a complaint is filed under 49-2-305.

(b) If the department finds that there is no reasonable cause to believe that unlawful discrimination occurred, it shall issue a notice of dismissal and dismiss the case from the department's administrative process. After receipt of a notice of dismissal, a charging party may:

(i) continue the administrative process by filing objections with the commission as provided in 49-2-511; or

(ii) discontinue the administrative process and commence proceedings in district court as provided in 49-2-511.

(c) If the department finds that there is reasonable cause to believe that unlawful discrimination occurred and conciliation efforts are unsuccessful, the department shall certify the complaint for hearing pursuant to 49-2-505."

"61-3-332. Standard license plates. (1) In addition to special license plates, collegiate license plates, generic specialty license plates, and fleet license plates authorized under this chapter, a separate series of standard license plates must be issued for motor vehicles, quadricycles, travel trailers, trailers, semitrailers, and pole trailers registered in this state or offered for sale by a vehicle dealer licensed in this state. Standard license plates issued to licensed vehicle dealers must be readily distinguishable from license plates issued to vehicles owned by other persons.

(2) (a) Except as provided in 61-3-479 and subsections (2)(b), (3)(b), and (3)(c) of this section, all standard license plates for motor vehicles, trailers, semitrailers, or pole trailers must bear a distinctive marking, as determined by the department, and be furnished by the department. In years when standard license plates are not reissued for a vehicle, the department shall provide a registration decal that must be affixed to the rear license plate of the vehicle.

(b) For light vehicles that are permanently registered as provided in 61-3-562 and motor vehicles described in 61-3-303(9) that are permanently registered, the department shall provide a distinctive registration decal indicating that the motor vehicle is permanently registered. The registration

decal must be affixed to the rear license plate of the permanently registered motor vehicle.

(c) For a travel trailer, motorcycle, quadricycle, trailer, semitrailer, or pole trailer that is permanently registered as provided in 61-3-313(2), the department may use the word or an abbreviation for the word "permanent" on the plate in lieu of issuing a registration decal for the plate.

(3) (a) (i) Beginning January 1, 2010, and every 5 years after that date, the department shall design standard license plates to replace previously issued standard license plates. For the purposes of this subsection (3), all military, veteran, and amateur radio license plates and any license plate with a wheelchair design, excluding collegiate or generic specialty plates with a wheelchair design, are treated as standard license plates.

(ii) License plates issued on or after January 1, 2010, must be replaced with the most recent design of standard license plates or a new replacement collegiate or generic speciality license plate if, upon renewal of registration under ~~61-3-332~~ *this section*, the license plates are 5 or more years old or will become older than 5 years during the registration period.

(iii) License plates issued on or before January 1, 2010, must be replaced with the most recent design of standard license plates or a new replacement collegiate or generic specialty license plate in accordance with the implementation schedule adopted by the department under 61-3-315. Until January 1, 2015, and upon payment of the fee required in ~~61-3-321(12)(b)~~ *61-3-321(13)(b)*, a vehicle owner may elect to keep the same license plate number from license plates issued on or after January 1, 2006, but before January 1, 2010, when replacement of those plates is required under this subsection.

(b) A motor vehicle that is registered for a 13-month to a 24-month period, as provided in 61-3-311, may display the license plate and plate design in effect at the time of registration for the entire registration period.

(c) A light vehicle described in subsection (2)(b) or a motor home that is permanently registered may display the license plate and plate design in effect at the time of registration for the entire period that the light vehicle or motor home is permanently registered.

(d) The provisions of this subsection (3) do not apply to a travel trailer, motorcycle, quadricycle, trailer, semitrailer, or pole trailer.

(e) The requirements of this subsection (3) apply to collegiate license plates authorized under 61-3-461 through 61-3-468, generic specialty license plates authorized under 61-3-472 through 61-3-481, commemorative centennial license plates authorized under 61-3-448, and special military or veteran license plates authorized under 61-3-458.

(4) For trailers and motor vehicles, other than motorcycles and quadricycles, plates must be of metal 6 inches wide and 12 inches in length. Except for generic specialty license plates, the outline of the state of Montana must be used as a distinctive border on all license plates, and the word "Montana" must be placed on each license plate. All license plates must be treated with a reflectorized background material according to specifications prescribed by the department.

(5) The distinctive registration numbers for standard license plates must begin with a number one or with a letter-number combination, such as "A 1" or "AA 1", or any other similar combination of letters and numbers. Except for special license plates, collegiate license plates, generic specialty license plates, and fleet license plates, the distinctive registration number or letter-number

combination assigned to the motor vehicle must appear on the plate preceded by the number of the county and appearing in horizontal order on the same horizontal baseline. The county number must be separated from the distinctive registration number by a separation mark unless a letter-number combination is used. The dimensions of the numerals and letters must be determined by the department, and all county and registration numbers must be of equal height.

(6) For the use of exempt motor vehicles, trailers, semitrailers, or pole trailers and motor vehicles, trailers, semitrailers, or pole trailers that are exempt from the registration fee as provided in 61-3-321, in addition to the markings provided in this section, standard license plates must bear the following distinctive markings:

(a) For motor vehicles, trailers, semitrailers, or pole trailers owned by the state, the department may designate the prefix number for the various state departments. All numbered plates issued to state departments must bear the words "State Owned", and a year number may not be indicated on the plates because these numbered plates are of a permanent nature and will be replaced by the department only when the physical condition of numbered plates requires it.

(b) For motor vehicles, trailers, semitrailers, or pole trailers that are owned by the counties, municipalities, and special districts, as defined in 18-8-202, organized under the laws of Montana and not operating for profit, and that are used and operated by officials and employees in the line of duty and for motor vehicles on loan from the United States government or the state of Montana to, or owned by, the civil air patrol and used and operated by officials and employees in the line of duty, there must be placed on the standard license plates assigned, in a position that the department may designate, the letter "X" or the word "EXEMPT". Distinctive registration numbers for plates assigned to motor vehicles, trailers, semitrailers, or pole trailers of each of the counties in the state and those of the municipalities and special districts that obtain plates within each county must begin with number one and be numbered consecutively. Because these standard license plates are of a permanent nature, they are subject to replacement by the department only when the physical condition of the license plates requires it and a year number may not be displayed on the plates.

(7) For the purpose of this chapter, the several counties of the state are assigned numbers as follows: Silver Bow, 1; Cascade, 2; Yellowstone, 3; Missoula, 4; Lewis and Clark, 5; Gallatin, 6; Flathead, 7; Fergus, 8; Powder River, 9; Carbon, 10; Phillips, 11; Hill, 12; Ravalli, 13; Custer, 14; Lake, 15; Dawson, 16; Roosevelt, 17; Beaverhead, 18; Chouteau, 19; Valley, 20; Toole, 21; Big Horn, 22; Musselshell, 23; Blaine, 24; Madison, 25; Pondera, 26; Richland, 27; Powell, 28; Rosebud, 29; Deer Lodge, 30; Teton, 31; Stillwater, 32; Treasure, 33; Sheridan, 34; Sanders, 35; Judith Basin, 36; Daniels, 37; Glacier, 38; Fallon, 39; Sweet Grass, 40; McCone, 41; Carter, 42; Broadwater, 43; Wheatland, 44; Prairie, 45; Granite, 46; Meagher, 47; Liberty, 48; Park, 49; Garfield, 50; Jefferson, 51; Wibaux, 52; Golden Valley, 53; Mineral, 54; Petroleum, 55; Lincoln, 56. (8) Each type of special license plate approved by the legislature, except collegiate license plates authorized in 61-3-463 and generic specialty license plates authorized in 61-3-472 through 61-3-481, must be a separate series of plates, numbered as provided in subsection (5), except that the county number must be replaced by a design that distinguishes each separate plate series.

Unless otherwise specifically stated in this section, the special plates are subject to the same rules and laws as govern the issuance of standard license plates, must be placed or mounted on a motor vehicle, trailer, semitrailer, or pole trailer owned by the person who is eligible to receive them, with the registration decal affixed to the rear license plate of the motor vehicle, trailer, semitrailer, or pole trailer, and must be removed upon sale or other disposition of the motor vehicle, trailer, semitrailer, or pole trailer.

(9) (a) A Montana resident who is eligible to receive a special parking permit under 49-4-301 may *and a low-speed electric vehicle or golf cart operated by a person with a low-speed restricted driver's license as provided in [section 2] must*, upon written application on a form prescribed by the department, be issued a special license plate with a design or decal bearing a representation of a wheelchair as the symbol of a person with a disability.

(b) If the motor vehicle to which the license plate is attached is permanently registered, the owner of the motor vehicle shall provide, upon request of a person authorized to enforce special parking laws or ordinances in this or any state, evidence of continued eligibility to use the license plate in the form of a valid special parking permit issued to or renewed by the vehicle owner under 49-4-304 and 49-4-305.

(c) A person with a permanent condition, as provided in 49-4-301(2)(b), who has been issued a special license plate upon written application, as provided in this subsection (9), is not required to reapply upon reregistration of the motor vehicle.

(10) The provisions of this section do not apply to a motor vehicle, trailer, semitrailer, or pole trailer that is registered as part of a fleet, as defined in 61-3-712, and that is subject to the provisions of 61-3-711 through 61-3-733."

CHAPTER NO. 210

[HB 251]

AN ACT PROVIDING THAT A REAR FLAG VEHICLE ESCORT IS NOT REQUIRED FOR CERTAIN VEHICLES OVER 12 1/2 FEET IN WIDTH EXCEPT IF THE VEHICLE PASSES THROUGH A HAZARDOUS AREA; AND AMENDING SECTION 61-10-102, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 61-10-102, MCA, is amended to read:

"61-10-102. Width — ~~definition~~ *definitions.* (1) Except as provided in subsections (2) and (3), a vehicle, including a bus, unloaded or with load, may not have a total outside width in excess of 102 inches. This width for buses is allowed only on paved highways 20 feet or more in width.

(2) (a) Subsection (1) does not apply to an implement of husbandry or a vehicle used for hauling hay that is moved or propelled upon the highway during daylight hours for a distance of not more than 100 miles if the movement is incidental to the farming operations of the owner of the implement of husbandry or the vehicle used for hauling hay. If the implement or vehicle is more than

12 1/2 feet wide, it must be preceded by flag vehicle escorts to warn other highway users. This restriction does not apply to dual-wheel tractors under 15 feet overall width that are used in farming operations or to movement on a county road within 100 miles of the farming operation of the owner of an implement of husbandry or a vehicle used for hauling hay. Lights that meet the requirements of 61-9-219(4) must be displayed on the rear of the implement of husbandry or vehicle used for hauling hay. However, if the highway passes through a hazardous area, the implements or vehicles must be preceded and followed by flag vehicle escorts unless the movement of the implements or vehicles is restricted to a county road within 100 miles of the farming operation of the owner.

(b) An implement of husbandry or a vehicle used for hauling hay that exceeds 16 1/2 feet in width and that is traveling on an interstate or a four-lane highway must be followed by a flag vehicle escort.

(c) A commercial vehicle that is hauling hay but does not qualify under subsection (2)(a) may be granted a permit subject to the provisions of 61-10-121 through 61-10-127 and the following requirements:

(i) travel during daylight hours only for an oversize shipment of large round bales of hay, whether the vehicle is loaded or with an empty hay rack, up to 144 inches; when empty, a square red or orange flag measuring 12 inches on each side must be attached to each corner of the hay rack; and

(ii) travel day or night for any other shipment of baled hay, whether the vehicle is loaded or with an empty hay rack, up to 114 inches.

(d) Subsection (1) does not apply to a commercial hay grinder moved or propelled upon the highway during daylight hours for a distance of not more than 100 miles if the movement is incidental to operations of the commercial hay grinder. A commercial hay grinder exceeding 102 inches in width must have a permit issued under 61-10-124. If the commercial hay grinder is more than 12 1/2 feet wide, it must be preceded by flag vehicle escorts to warn other highway users. Lights that meet the requirements of 61-9-219(4) must be displayed on the rear of the commercial hay grinder. Movement of a commercial hay grinder that does not exceed 138 inches in width may occur on any day of the week, including holidays, and is restricted to movement during daylight hours. Movement of a commercial hay grinder may not exceed the posted speed limit, including the speed limit on an interstate highway.

(3) (a) The width of a recreational vehicle, as defined in 61-1-101, and a camper, as defined in 61-1-101, that is being operated for noncommercial purposes may exceed 102 inches if:

(i) the excess width is attributable to recreational vehicle or camper appurtenances that do not extend beyond the exterior rearview mirrors of the recreational vehicle, the camper, a vehicle being towed by the recreational vehicle, or the motor vehicle providing motive power; and

(ii) the rearview mirrors extend only the distance necessary to provide the appropriate field of view for the vehicle before the recreational vehicle or camper appurtenances are attached.

(b) For the purposes of this section, "recreational vehicle or camper appurtenances" means an awning and its support hardware or any appendage that is intended to be an integral part of the recreational vehicle or camper and that is installed by the manufacturer or dealer.

(4) A safety device that the department determines by rule adopted pursuant to 61-9-504 to be necessary for safe and efficient operation of motor vehicles is not included in the calculation of width provided in subsection (1).

(5) Except as provided in subsections (2)(a) and (2)(b), a rear flag vehicle escort is not required for a vehicle that exceeds 12 1/2 feet in width, that is hauling or towing an implement of husbandry, construction equipment, or forestry equipment, and that is operating under this section or as authorized by special permit issued under 61-10-121 through 61-10-125 if the vehicle is operating at highway speed or with the flow of traffic.

~~(5)~~*(6)* For the purposes of this section, ~~"flag vehicle"~~ *the following definitions apply:*

(a) "Construction equipment" means any vehicle, machine, or attachment designed or adapted for and used in construction, heavy construction, highway construction, and remodeling work.

(b) "Flag vehicle" means a vehicle equipped as required by law or by department of transportation rule to warn or guide vehicular traffic. When not being operated as a flag vehicle, signs must be removed."

[HB 288]

AN ACT CLARIFYING THAT THE RESIDENCY OF A CHILD ENROLLED IN SCHOOL WHO IS RESIDING WITH A LEGAL GUARDIAN, CUSTODIAN, OR CARETAKER RELATIVE IS THE RESIDENCE OF THE LEGAL GUARDIAN, CUSTODIAN, OR CARETAKER RELATIVE; CLARIFYING ACTIONS THAT A SCHOOL DISTRICT MAY TAKE WHEN A STUDENT WHO WAS SUBJECT TO FORMAL DISCIPLINARY ACTION AT A PREVIOUS SCHOOL SEEKS TO ENROLL; CLARIFYING THE LANGUAGE OF THE CARETAKER RELATIVE AFFIDAVIT; MAKING FINANCIAL RESPONSIBILITY FOR SPECIAL EDUCATION CONSISTENT WITH OTHER PROVISIONS REGARDING RESIDENCY; AMENDING SECTIONS 1-1-215, 20-5-321, 20-5-502, 20-5-503, AND 20-7-420, MCA; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 1-1-215, MCA, is amended to read:

"1-1-215. Residence — rules for determining. Every person has, in law, a residence. In determining the place of residence, the following rules are to be observed:

(1) It is the place where a person remains when not called elsewhere for labor or other special or temporary purpose and to which the person returns in seasons of repose.

(2) There may be only one residence. If a person claims a residence within Montana for any purpose, then that location is the person's residence for all purposes unless there is a specific statutory exception.

(3) A residence cannot be lost until another is gained.

(4) The residence of an unmarried minor is:

(a) the residence of the minor's parents;

(b) if one of the parents is deceased or the parents do not share the same residence, the residence of the parent having legal custody;

(c) if neither parent has legal custody, the residence of the ~~parent with whom the minor customarily resides~~ *legal guardian or custodian appointed by a court of competent jurisdiction*; or

(d) if the conditions in 20-5-502 are met, ~~the last-known residence of the parent with whom the minor normally resided immediately prior to residing with~~ *the residence of* the caretaker relative.

(5) In the case of a controversy, the district court ~~may declare~~ *has jurisdiction over* which ~~parental~~ residence is the residence of an unmarried minor.

~~(6) Except as provided in Title 20, chapter 5, part 5, the residence of an unmarried minor who has a parent living cannot be changed by either the minor's own act or that of the minor's guardian.~~

(6) Except as provided in Title 20, chapter 5, part 5, and this section, the residence of an unmarried minor who has a parent living cannot be changed by either the minor's own act or an act of the minor's guardian.

(7) The residence can be changed only by the union of act and intent."

Section 2. Section 20-5-321, MCA, is amended to read:

"20-5-321. Attendance with mandatory approval — tuition and transportation. (1) An out-of-district attendance agreement that allows a child to enroll in and attend a school in a Montana school district that is outside of the child's district of residence or in a public school district of a state or province that is adjacent to the county of the child's residence is mandatory whenever:

(a) the child resides closer to the school that the child wishes to attend and more than 3 miles from the school the child would attend in the resident district and the resident district does not provide transportation;

(b) (i) the child resides in a location where, because of geographic conditions between the child's home and the school that the child would attend within the district of residence, it is impractical to attend school in the district of residence, as determined by the county transportation committee based on the following criteria:

(A) the length of time that is in excess of the 1-hour limit for each bus trip for an elementary child as authorized under 20-10-121;

(B) whether distance traveled is greater than 40 miles one way from the child's home to school on a dirt road or greater than a total of 60 miles one way from the child's home to school in the district of residence over the shortest passable route; or

(C) whether the condition of the road or existence of a geographic barrier, such as a river or mountain pass, causes a hazard that prohibits safe travel between the home and school.

(ii) The decision of the county transportation committee is subject to appeal to the superintendent of public instruction, as provided in 20-3-107, but the decision must be considered as final for the purpose of the payment of tuition under 20-5-324(5)(a)(ii) until a decision is issued by the superintendent of public instruction. The superintendent of public instruction may review and rule upon a decision of the county transportation committee without an appeal being filed.

(c) the child is a member of a family that is required to send another child outside of the elementary district to attend high school and the child of

elementary age may more conveniently attend an elementary school where the high school is located, provided that the child resides more than 3 miles from an elementary school in the resident district or that the parent is required to move to the elementary district where the high school is located to enroll another child in high school. A child enrolled in an elementary school pursuant to this subsection (1)(c) may continue to attend the elementary school after the other child has left the high school.

(d) the child is under the protective care of a state agency or has been adjudicated to be a youth in need of intervention or a delinquent youth, as defined in 41-5-103; *or*

(e) the child is required to attend school outside of the district of residence as the result of a placement in foster care or a group home licensed by the state~~; or~~.

~~(f) the child is residing with a caretaker relative who wants to enroll the child pursuant to 20-5-502.~~

(2) (a) Whenever a parent or guardian of a child, an agency of the state, or a court wishes to have a child attend a school under the provisions of this section, the parent or guardian, agency, or court shall complete an out-of-district attendance agreement in consultation with an appropriate official of the district that the child will attend.

(b) The attendance agreement must set forth the financial obligations, if any, for costs incurred for tuition and transportation as provided in 20-5-323 and Title 20, chapter 10.

(c) (i) The trustees of the district of choice may waive any or all of the tuition rate. The trustees of the district of choice may waive the tuition for all students whose tuition is required to be paid by one type of entity and may charge tuition for all students whose tuition is required to be paid by another type of entity. However, any waiver of tuition must be applied equally to all students whose tuition is paid by the same type of entity.

(ii) As used in this subsection (2)(c), "entity" means a parent, a guardian, the trustees of the district of residence, or a state agency.

(3) Except as provided in subsection (4), the trustees of the resident district and the trustees of the district of attendance shall approve the out-of-district attendance agreement. The trustees of the district of attendance shall:

(a) notify the county superintendent of schools of the county of the child's residence of the approval of the agreement within 10 days; and

(b) submit the agreement for a student attending under the provisions of subsection (1)(d) or (1)(e) to the superintendent of public instruction for approval for payment under 20-5-324.

(4) Unless the child is a child with a disability who resides in the district, the trustees of the district where the school to be attended is located may disapprove an out-of-district attendance agreement whenever they find that, because of insufficient room and overcrowding, the accreditation of the school would be adversely affected by the acceptance of the child."

Section 3. Section 20-5-502, MCA, is amended to read:

"20-5-502. Enrollment by caretaker relative — residency — affidavit. (1) A caretaker relative of a child who has voluntarily been given custody of the child by a parent of the child may, in accordance with this section, enroll the child in school using the rules of residence provided in 1-1-215 if:

(a) in leaving the child with the caretaker relative, the parent expressed no definite time period in which the parent would return for the child;

(b) the child is residing with the caretaker relative on a full-time basis;

(c) the caretaker relative is unable to contact either of the parents ~~following the~~ *after the parents* ~~voluntary~~ *voluntarily* ~~leaving~~ *leave* ~~of~~ the child with the *caretaker* relative or ~~the~~ *a* parent ~~or parents~~ whom the *caretaker* relative is able to contact ~~refuse~~ *is unable or unwilling* to regain custody of the child ~~after a written or oral request by the relative to do so~~;

(d) no adequate provision, such as the appointment of a guardian ad litem or execution of a power of attorney, has otherwise been made for the educational needs of the child; and

(e) a caretaker relative educational authorization affidavit is completed in compliance with 20-5-503.

(2) A caretaker relative of a child who has voluntarily been given custody of the child by a parent of the child may enroll the child in school unless the child's residency with the caretaker relative is primarily for the purpose of:

(a) attending a particular school; or

(b) participating in athletics at a particular school.

(3) ~~If~~ *If* the child was subject to formal disciplinary action, including suspension or expulsion, at the child's previous school, the school *district* in which the ~~child is to be enrolled~~ *caretaker relative seeks to enroll the child may either implement the previous school district's disciplinary action without further due process or hold a hearing and determine whether the student's conduct in the previous school district merits denial of enrollment. If the district decides to enroll the child, then the school district* may require the child to comply with a behavior contract as a condition of enrollment.

(4) The school district may require additional reasonable evidence that the caretaker relative lives at the address provided in the affidavit."

Section 4. Section 20-5-503, MCA, is amended to read:

"20-5-503. Caretaker relative educational authorization affidavit — use — immunity — format. (1) A caretaker relative of a child who has voluntarily been given custody of the child by a parent of the child has the same authority as a custodial parent of the child to discuss with an educator the educational progress of the child, consent to an educational service, and consent to medical care related to an educational service for the child for which parental consent is usually required if a caretaker relative educational authorization affidavit is completed in compliance with this section.

(2) An affidavit is effective only if it is signed by the caretaker relative, under oath, before a notary public. A clear photographic copy of an affidavit completed in compliance with this section is sufficient in any instance in which an original is required by a school official or health care provider.

(3) Unless parental rights have been judicially terminated or unless the ability to give legal consent for the child to receive an educational service and any medical care related to the educational service for which parental consent is usually required has been granted to the caretaker relative pursuant to 40-4-211 and 40-4-228, a decision by a parent of the child communicated to a school official, a health care provider, or both, regarding the child supersedes a conflicting decision by a caretaker relative made pursuant to an affidavit completed in compliance with this section. However, a decision by a parent does not supersede a decision by a caretaker relative pursuant to an affidavit completed in compliance with this section if the decision by the parent endangers the life of the child. A school official or health care provider may

require reasonable proof of authenticity of a decision by a parent intended to supersede a decision by a caretaker relative.

(4) (a) A public or private entity or individual who acts in good faith reliance on a caretaker relative educational authorization affidavit completed in compliance with this section and who has no actual knowledge of facts contrary to those indicated in the affidavit is not subject to civil liability or criminal prosecution or to a professional disciplinary procedure for an action that would have been proper if the facts had been as the entity or individual believed them to be.

(b) This subsection (4) applies even if an educational service or educationally related medical care, or both, are provided to a child against the wishes of a parent of that child if the person rendering the service does not have actual knowledge of the parent's wishes.

(5) A person who relies on an affidavit completed in compliance with this section has no obligation to make further inquiry or investigation.

(6) An affidavit completed in compliance with this section is effective for the earlier of:

(a) the end of the first school year after delivery of the affidavit to a school district;

(b) until it has been revoked by the caretaker relative; or

(c) until the child no longer resides with the caretaker relative.

(7) If the child ceases to live with the caretaker relative or the caretaker relative revokes the affidavit, the caretaker relative shall provide written notice of that fact to all persons to whom the caretaker relative has given the affidavit or to whom the caretaker relative has caused the affidavit to be given.

(8) This section does not relieve a person from a violation of other law, and this section does not affect the rights of a child's parent except as provided in this section.

(9) A caretaker relative educational authorization affidavit is invalid unless it is written in substantially the following form and contains the warning provided for in paragraph 5 of the format below:

The conveyance of a tract of record or an entire parcel of land that was created by a previous division of land is not a division of land.

(5) "Examining land surveyor" means a registered land surveyor appointed by the governing body to review surveys and plats submitted for filing.

(12) "Preliminary plat" means a neat and scaled drawing of a proposed subdivision showing the layout of streets, alleys, lots, blocks, and other elements of a subdivision that furnish a basis for review by a governing body.

(13) "Public utility" has the meaning provided in 69-3-101, except that for the purposes of this chapter, the term includes county or consolidated city and county water or sewer districts as provided for in Title 7, chapter 13, parts 22 and 23*, and municipal sewer or water systems and municipal water supply systems established by the governing body of a municipality pursuant to Title 7, chapter 13, parts 42, 43, and 44*.

(15) "Subdivision" means a division of land or land so divided that it creates one or more parcels containing less than 160 acres that cannot be described as a one-quarter aliquot part of a United States government section, exclusive of public roadways, in order that the title to or possession of the parcels may be sold, rented, leased, or otherwise conveyed and includes any resubdivision and further includes a condominium or area, regardless of its size, that provides or will provide multiple space for recreational camping vehicles or mobile homes.

(16) (a) "Tract of record" means an individual parcel of land, irrespective of ownership, that can be identified by legal description, independent of any other parcel of land, using documents on file in the records of the county clerk and recorder's office.

(b) Each individual tract of record continues to be an individual parcel of land unless the owner of the parcel has joined it with other contiguous parcels by filing with the county clerk and recorder:

(i) an instrument of conveyance in which the aggregated parcels have been assigned a legal description that describes the resulting single parcel and in which the owner expressly declares the owner's intention that the tracts be merged; or

(ii) a certificate of survey or subdivision plat that shows that the boundaries of the original parcels have been expunged and depicts the boundaries of the larger aggregate parcel.

(c) An instrument of conveyance does not merge parcels of land under subsection (16)(b)(i) unless the instrument states, "This instrument is intended to merge individual parcels of land to form the aggregate parcel(s) described in this instrument" or a similar statement, in addition to the legal description of the aggregate parcels, clearly expressing the owner's intent to effect a merger of parcels."

A general partner is not personally liable, directly or indirectly, by way of contribution or otherwise, for an obligation solely by reason of being or acting as a general partner. This subsection applies despite anything inconsistent in the partnership agreement that existed immediately before the consent required to become a limited liability limited partnership under [section 37(2)(b)]."

(b) the limited partnership is a debtor in bankruptcy;

(c) the general partner has agreed that the creditor need not exhaust limited partnership assets;

(d) a court grants permission to the judgment creditor to levy execution against the assets of a general partner based on a finding that limited partnership assets subject to execution are clearly insufficient to satisfy the judgment, that exhaustion of limited partnership assets is excessively burdensome, or that the grant of permission is an appropriate exercise of the court's equitable powers; or

(e) liability is imposed on the general partner by law or contract independent of the existence of the limited partnership.

Section 37. Management rights of general partner. (1) Each general partner has equal rights in the management and conduct of the limited partnership's activities. (6) A general partner is not entitled to remuneration for services performed for the partnership.

Section 38. Right of general partner and former general partner to information. (1) A general partner, without having any particular purpose for seeking the information, may inspect and copy during regular business hours:

(2) Each general partner and the limited partnership shall furnish to a general partner:

(a) without demand, any information concerning the limited partnership's activities and activities reasonably required for the proper exercise of the general partner's rights and duties under the partnership agreement or this chapter; and

(b) on demand, any other information concerning the limited partnership's activities, except to the extent the demand or the information demanded is unreasonable or otherwise improper under the circumstances.

(3) Subject to subsection (5), on 10 days' demand made in a record received by the limited partnership, a person dissociated as a general partner may have access to the information and records described in subsection (1) at the location specified in subsection (1) if:

(a) the information or record pertains to the period during which the person was a general partner;

(b) the person seeks the information or record in good faith; and

(c) the person satisfies the requirements imposed on a limited partner by 35-12-705(2).

(4) The limited partnership shall respond to a demand made pursuant to subsection (3) in the same manner as provided in 35-12-705(3).

(5) If a general partner dies, 35-12-1105 applies.

(6) The limited partnership may impose reasonable restrictions on the use of information under this section. In any dispute concerning the reasonableness of a restriction under this subsection, the limited partnership has the burden of proving reasonableness.

(7) A limited partnership may charge a person dissociated as a general partner that makes a demand under this section reasonable costs of copying, limited to the costs of labor and material.

(8) A general partner or person dissociated as a general partner may exercise the rights under this section through an attorney or other agent. Any restriction imposed under subsection (6) or by the partnership agreement applies both to the attorney or other agent and to the general partner or person dissociated as a general partner.

(9) The rights under this section do not extend to a person as transferee, but the rights under subsection (3) of a person dissociated as a general may be exercised by the legal representative of an individual who dissociated as a general partner under [section 51(7)(b) or (7)(c)].

Section 39. General standards of general partner's conduct. (1) The only fiduciary duties that a general partner has to the limited partnership and the other partners are the duties of loyalty and care under subsections (2) and (3).

(2) A general partner's duty of loyalty to the limited partnership and the other partners is limited to the following:

(a) to account to the limited partnership and hold as trustee for it any property, profit, or benefit derived by the general partner in the conduct and winding up of the limited partnership's activities or derived from a use by the general partner of limited partnership property, including the appropriation of a limited partnership opportunity;

(b) to refrain from dealing with the limited partnership in the conduct or winding up of the limited partnership's activities as or on behalf of a party having an interest adverse to the limited partnership; and

(c) to refrain from competing with the limited partnership in the conduct or winding up of the limited partnership's activities.

(3) A general partner's duty of care to the limited partnership and the other partners in the conduct and winding up of the limited partnership's activities is limited to refraining from engaging in grossly negligent or reckless conduct, intentional misconduct, or a knowing violation of law.

(4) A general partner shall discharge the duties to the partnership and the other partners under this chapter or under the partnership agreement and exercise any rights consistently with the obligation of good faith and fair dealing.

(5) A general partner does not violate a duty or obligation under this chapter or under the partnership agreement merely because the general partner's conduct furthers the general partner's own interest.

Section 47. Limitations on distribution. (1) A limited partnership may not make a distribution in violation of the partnership agreement.

(2) A limited partnership may not make a distribution if after the distribution:

(a) the limited partnership would not be able to pay its debts as they become due in the ordinary course of the limited partnership's activities; or

(b) the limited partnership's total assets would be less than the sum of its total liabilities plus the amount that would be needed, if the limited partnership were to be dissolved, wound up, and terminated at the time of the distribution, to satisfy the preferential rights upon dissolution, winding up, and termination of partners whose preferential rights are superior to those of persons receiving the distribution.

(3) A limited partnership may base a determination that a distribution is not prohibited under subsection (2) on financial statements prepared on the basis of accounting practices and principles that are reasonable in the circumstances or on a fair valuation or other method that is reasonable in the circumstances.

(4) Except as otherwise provided in subsection (7), the effect of a distribution under subsection (2) is measured:

(a) in the case of distribution by purchase, redemption, or other acquisition of a transferable interest in the limited partnership, as of the date money or other property is transferred or debt is incurred by the limited partnership; and

(b) in all other cases, as of the date:

(i) the distribution is authorized if the payment occurs within 120 days after that date; or

(ii) the payment is made if payment occurs more than 120 days after the distribution is authorized.

(5) A limited partnership's indebtedness to a partner incurred by reason of a distribution made in accordance with this section is at parity with the limited partnership's indebtedness to its general, unsecured creditors.

(6) A limited partnership's indebtedness, including indebtedness issued in connection with or as part of a distribution, is not considered a liability for purposes of subsection (2) if the terms of the indebtedness provide that payment of principal and interest are made only to the extent that a distribution could then be made to partners under this section.

(7) If indebtedness is issued as a distribution, each payment of principal or interest on the indebtedness is treated as a distribution, the effect of which is measured on the date the payment is made.

Section 48. Liability for improper distributions. (1) A general partner that consents to a distribution made in violation of [section 47] is personally liable to the limited partnership for the amount of the distribution that exceeds the amount that could have been distributed without the violation if it is established that in consenting to the distribution the general partner failed to comply with [section 39].

(2) A partner or transferee that received a distribution knowing that the distribution to that partner or transferee was made in violation of [section 47] is personally liable to the limited partnership but only to the extent that the distribution received by the partner or transferee exceeded the amount that could have been properly paid under [section 47].

(3) A general partner against which an action is commenced under subsection (1) may:

(a) implead in the action any other person that is liable under subsection (1) and compel contribution from the person; and

(b) implead in the action any person that received a distribution in violation of subsection (2) and compel contribution from the person in the amount the person received in violation of subsection (2).

(4) An action under this section is barred if it is not commenced within 2 years after the distribution.

Section 49. Dissociation as limited partner. (1) Except as provided in subsection (2), a person does not have a right to dissociate as a limited partner before the termination of the limited partnership.

(2) A person is dissociated from a limited partnership as a limited partner upon the occurrence of any of the following events:

(a) the limited partnership's having notice of the person's express will to withdraw as a limited partner or on a later date specified by the person;

(b) an event agreed to in the partnership agreement as causing the person's dissociation as a limited partner;

(c) the person's expulsion as a limited partner pursuant to the partnership agreement;

(d) the person's expulsion as a limited partner by the unanimous consent of the other partners if:

(i) it is unlawful to carry on the limited partnership's activities with the person as a limited partner;

(ii) there has been a transfer of all of the person's transferable interest in the limited partnership, other than a transfer for security purposes, or a court order charging the person's interest, which has not been foreclosed;

(iii) the person is a corporation and, within 90 days after the limited partnership notifies the person that it will be expelled as a limited partner because it has filed a certificate of dissolution or the equivalent, its charter has been revoked, or its right to conduct business has been suspended by the jurisdiction of its incorporation, there is no revocation of the certificate of dissolution or no reinstatement of its charter or its right to conduct business; or

(iv) the person is a limited liability company or partnership that has been dissolved and whose business is being wound up;

(e) on application by the limited partnership, the person's expulsion as a limited partner by judicial order because:

(i) the person engaged in wrongful conduct that adversely and materially affected the limited partnership's activities;

(ii) the person willfully or persistently committed a material breach of the partnership agreement or of the obligation of good faith and fair dealing under [section 31(2)]; or

(iii) the person engaged in conduct relating to the limited partnership's activities that makes it not reasonably practicable to carry on the activities with the person as a limited partner;

(f) in the case of a person who is an individual, the person's death;

(g) in the case of a person that is a trust or is acting as a limited partner by virtue of being a trustee of a trust, distribution of the trust's entire transferable interest in the limited partnership, but not merely by reason of the substitution of a successor trustee;

(h) in the case of a person that is an estate or is acting as a limited partner by virtue of being a personal representative of an estate, distribution of the estate's entire transferable interest in the limited partnership, but not merely by reason of the substitution of a successor personal representative;

(i) termination of a limited partner that is not an individual, partnership, limited liability company, corporation, trust, or estate;

(j) the limited partnership's participation in a conversion or merger under [sections 82 through 94] if the limited partnership:

(i) is not the converted or surviving entity; or

(ii) is the converted or surviving entity but, as a result of the conversion or merger, the person ceases to be a limited partner.

Section 50. Effect of dissociation as limited partner. (1) Upon a person's dissociation as a limited partner:

(a) subject to 35-12-1105, the person does not have further rights as a limited partner;

(b) the person's obligation of good faith and fair dealing as a limited partner under [section 31(2)] continues only as to matters arising and events occurring before the dissociation; and

(c) subject to 35-12-1105 and [sections 82 through 94], any transferable interest owned by the person in the person's capacity as a limited partner immediately before dissociation is owned by the person as a mere transferee.

(2) A person's dissociation as a limited partner does not of itself discharge the person from any obligation to the limited partnership or the other partners that the person incurred while a limited partner.

Section 51. Dissociation as general partner. A person is dissociated from a limited partnership as a general partner upon the occurrence of any of the following events:

(1) the limited partnership's having notice of the person's express will to withdraw as a general partner or on a later date specified by the person;

(2) an event agreed to in the partnership agreement as causing the person's dissociation as a general partner;

(3) the person's expulsion as a general partner pursuant to the partnership agreement;

(4) the person's expulsion as a general partner by the unanimous consent of the other partners if:

(a) it is unlawful to carry on the limited partnership's activities with the person as a general partner;

(b) there has been a transfer of all or substantially all of the person's transferable interest in the limited partnership, other than a transfer for security purposes, or a court order charging the person's interest, which has not been foreclosed;

(c) the person is a corporation and, within 90 days after the limited partnership notifies the person that it will be expelled as a general partner because it has filed a certificate of dissolution or the equivalent, its charter has been revoked, or its right to conduct business has been suspended by the jurisdiction of its incorporation, there is no revocation of the certificate of dissolution or no reinstatement of its charter or its right to conduct business; or

(d) the person is a limited liability company or partnership that has been dissolved and whose business is being wound up;

(5) on application by the limited partnership, the person's expulsion as a general partner by judicial determination because:

(a) the person engaged in wrongful conduct that adversely and materially affected the limited partnership activities;

(b) the person willfully or persistently committed a material breach of the partnership agreement or of a duty owed to the partnership or the other partners under [section 39]; or

(c) the person engaged in conduct relating to the limited partnership's activities that makes it not reasonably practicable to carry on the activities of the limited partnership with the person as a general partner;

(6) the person's:

(a) becoming a debtor in bankruptcy;

(b) execution of an assignment for the benefit of creditors;

(c) seeking, consenting to, or acquiescing in the appointment of a trustee, receiver, or liquidator of the person or of all or substantially all of the person's property; or

(d) failure, within 90 days after the appointment, to have vacated or stayed the appointment of a trustee, receiver, or liquidator of the general partner or of all or substantially all of the person's property obtained without the person's consent or acquiescence or failing within 90 days after the expiration of a stay to have the appointment vacated;

(7) in the case of a person who is an individual:

(a) the person's death;

(b) the appointment of a guardian or general conservator for the person; or

(c) a judicial determination that the person has otherwise become incapable of performing the person's duties as a general partner under the partnership agreement;

(8) in the case of a person that is a trust or is acting as a general partner by virtue of being a trustee of a trust, distribution of the trust's entire transferable interest in the limited partnership, but not merely by reason of the substitution of a successor trustee;

(9) in the case of a person that is an estate or is acting as a general partner by virtue of being a personal representative of an estate, distribution of the estate's

entire transferable interest in the limited partnership, but not merely by reason of the substitution of a successor personal representative;

(10) termination of a general partner that is not an individual, partnership, limited liability company, corporation, trust, or estate; or

(11) the limited partnership's participation in a conversion or merger under [sections 82 through 94] if the limited partnership:

(a) is not the converted or surviving entity; or

(b) is the converted or surviving entity but, as a result of the conversion or merger, the person ceases to be a general partner.

Section 52. Person's power to dissociate as general partner — wrongful dissociation. (1) A person has the power to dissociate as a general partner at any time, rightfully or wrongfully, by express will pursuant to [section 51(1)].

(2) A person's dissociation as a general partner is wrongful only if:

(a) it is in breach of an express provision of the partnership agreement; or

(b) it occurs before the termination of the limited partnership and:

(i) the person withdraws as a general partner by express will;

(ii) the person is expelled as a general partner by judicial determination under [section 51(5)];

(iii) the person is dissociated as a general partner by becoming a debtor in bankruptcy; or

(iv) in the case of a person that is not an individual, trust other than a business trust, or estate, the person is expelled or otherwise dissociated as a general partner because it willfully dissolved or terminated.

(3) A person that wrongfully dissociates as a general partner is liable to the limited partnership and, subject to [section 77], to the other partners for damages caused by the dissociation. The liability is in addition to any other obligation of the general partner to the limited partnership or to the other partners.

Section 53. Effect of dissociation as general partner. (1) Upon a person's dissociation as a general partner:

(a) the person's right to participate as a general partner in the management and conduct of the partnership's activities terminates;

(b) the person's duty of loyalty as a general partner under [section 39(2)(c)] terminates;

(c) the person's duty of loyalty as a general partner under [section 39(2)(a) and (2)(b)] and duty of care under [section 39(3)] continue only with regard to matters arising and events occurring before the person's dissociation as a general partner;

(d) the person may sign and deliver to the secretary of state for filing a statement of dissociation pertaining to the person and, at the request of the limited partnership, shall sign an amendment to the certificate of limited partnership that states that the person has dissociated; and

(e) subject to 35-12-1105 and [sections 82 through 94], any transferable interest owned by the person immediately before dissociation in the person's capacity as a general partner is owned by the person as a mere transferee.

(2) A person's dissociation as a general partner does not of itself discharge the person from any obligation to the limited partnership or the other partners that the person incurred while a general partner.

Section 54. Power to bind and liability to limited partnership before dissolution of partnership of person dissociated as general partner. (1) After a person is dissociated as a general partner and before the limited partnership is dissolved, converted under [sections 8 through 94], or merged out of existence under [sections 82 through 94], the limited partnership is bound by an act of the person only if:

(a) the act would have bound the limited partnership under [section 33] before the dissociation; and

(b) at the time the other party enters into the transaction:

(i) less than 2 years has passed since the dissociation; and

(ii) the other party does not have notice of the dissociation and reasonably believes that the person is a general partner.

(2) If a limited partnership is bound under subsection (1), the person dissociated as a general partner that caused the limited partnership to be bound is liable:

(a) to the limited partnership for any damage caused to the limited partnership arising from the obligation incurred under subsection (1); and

(b) if a general partner or another person dissociated as a general partner is liable for the obligation, to the general partner or other person for any damage caused to the general partner or other person arising from the liability.

Section 55. Liability to other persons of person dissociated as general partner. (1) A person's dissociation as a general partner does not of itself discharge the person's liability as a general partner for an obligation of the limited partnership incurred before dissociation. Except as otherwise provided in subsections (2) and (3), the person is not liable for a limited partnership's obligation incurred after dissociation.

(2) A person whose dissociation as a general partner resulted in a dissolution and winding up of the limited partnership's activities is liable to the same extent as a general partner under 35-12-803 on an obligation incurred by the limited partnership under [section 63].

(3) A person that has dissociated as a general partner but whose dissociation did not result in a dissolution and winding up of the limited partnership's activities is liable on a transaction entered into by the limited partnership after the dissociation only if:

(a) a general partner would be liable on the transaction; and

(b) at the time the other party enters into the transaction:

(i) less than 2 years has passed since the dissociation; and

(ii) the other party does not have notice of the dissociation and reasonably believes that the person is a general partner.

(4) By agreement with a creditor of a limited partnership and the limited partnership, a person dissociated as a general partner may be released from liability for an obligation of the limited partnership.

(5) A person dissociated as a general partner is released from liability for an obligation of the limited partnership if the limited partnership's creditor, with notice of the person's dissociation as a general partner but without the person's consent, agrees to a material alteration in the nature or time of payment of the obligation.

Section 56. Partner's transferable interest. The only interest of a partner that is transferable is the partner's transferable interest. A transferable interest is personal property.

Section 57. Transfer of partner's transferable interest. (1) A transfer, in whole or in part, of a partner's transferable interest:

(a) is permissible;

(b) does not by itself cause the partner's dissociation or a dissolution and winding up of the limited partnership's activities; and

(c) does not, as against the other partners or the limited partnership, entitle the transferee to participate in the management or conduct of the limited partnership's activities, to require access to information concerning the limited partnership's transactions except as otherwise provided in subsection (3), or to inspect or copy the required information or the limited partnership's other records.

(2) A transferee has a right to receive, in accordance with the transfer:

(a) distributions to which the transferor would otherwise be entitled; and

(b) upon the dissolution and winding up of the limited partnership's activities the net amount otherwise distributable to the transferor.

(3) In a dissolution and winding up, a transferee is entitled to an account of the limited partnership's transactions only from the date of dissolution.

(4) Upon transfer, the transferor retains the rights of a partner other than the interest in distributions transferred and retains all duties and obligations of a partner.

(5) A limited partnership need not give effect to a transferee's rights under this section until the limited partnership has notice of the transfer.

(6) A transfer of a partner's transferable interest in the limited partnership in violation of a restriction on transfer contained in the partnership agreement is ineffective as to a person having notice of the restriction at the time of transfer.

(7) A transferee that becomes a partner with respect to a transferable interest is liable for the transferor's obligations under 35-12-902 and [section 48]. However, the transferee is not obligated for liabilities unknown to the transferee at the time the transferee became a partner.

Section 58. Section 35-12-1103, MCA, is amended to read:

"35-12-1103. Rights of creditors *of partner or transferee*. *(1)* On ~~due~~ application to a court of competent jurisdiction by any judgment creditor of a partner *or transferee*, the court may charge the ~~partnership~~ *transferable* interest of the ~~partner~~ *judgment debtor* with payment of the unsatisfied amount of the judgment ~~debt~~, with interest. To the extent charged, the judgment creditor has only the rights of ~~an assignee of the partnership interest~~ *a transferee. The court may appoint a receiver of the share of the distributions due or to become due to the judgment debtor in respect of the partnership and make all other orders, directions, accounts, and inquiries that the judgment debtor might have made or that the circumstances of the case may require to give effect to the charging order.*

(2) A charging order constitutes a lien on the judgment debtor's transferable interest. The court may order a foreclosure upon the interest subject to the charging order at any time. The purchaser at the foreclosure sale has the rights of a transferee.

(3) At any time before foreclosure, an interest charged may be redeemed:

(a) by the judgment debtor;

(b) with property other than limited partnership property, by one or more of the other partners; or

(c) with limited partnership property, by the limited partnership with the consent of all partners whose interests are not so charged.

(4) This chapter does not deprive any partner *or transferee* of the benefit of any exemption laws applicable to the partner's *or transferee's transferable* partnership interest.

(5) This section provides the exclusive remedy by which a judgment creditor of a partner or transferee may satisfy a judgment out of the judgment debtor's transferable interest."

Section 59. Section 35-12-1105, MCA, is amended to read:

"35-12-1105. Power of estate of deceased ~~or incompetent~~ partner. If a partner ~~who is a natural person~~ dies, ~~or a court of competent jurisdiction adjudges that partner to be incompetent to manage the partner's person or property,~~ the *deceased* partner's personal representative, ~~guardian, conservator,~~ or other legal representative may exercise ~~all of~~ the ~~partner's~~ rights *of a transferee as provided in [section 57] and,* for the purpose of settling the ~~partner's~~ estate, ~~or administering the partner's property, including any power the partner had to give an assignee the right to become~~ *may exercise the rights of* a *current* limited partner *under 35-12-705.* ~~If a partner that is a corporation, trust, or other entity other than a natural person is dissolved or terminated, those powers may be exercised by the legal representative or successor of the partner.~~"

Section 60. Section 35-12-1201, MCA, is amended to read:

"35-12-1201. Nonjudicial dissolution. A *Except as otherwise provided in 35-12-1201, a* limited partnership is dissolved and its affairs ~~must~~ *may* be wound up ~~on~~ *only upon* the occurrence of ~~the first~~ of *any* the following:

(1) ~~at the time or~~ on the happening of ~~the events~~ *an event* specified ~~in writing~~ in the partnership agreement;

(2) ~~on~~ the ~~unanimous written~~ consent of all *general* partners *and of limited partners owning a majority of the rights to receive distributions as limited partners at the time the consent is to be effective*;

(3) ~~on the happening of an event of withdrawal of~~ *after the dissociation of a person as* a general partner*:*

(a) ~~unless at the time there is~~ *if the limited partnership has* at least one ~~other~~ *remaining* general partner, ~~and the written provisions of the partnership agreement permits the business of the limited partnership to be carried on by the remaining general partner and the remaining general partner does so, but the limited partnership may not be dissolved or wound up by reason of any event of withdrawal if,~~ *the consent to dissolve the limited partnership given* within 90 days after the ~~withdrawal, all~~ *dissociation by* partners ~~agree in writing to continue the business of the limited partnership and to the appointment of one or more new general partners if necessary or desired~~ *owning a majority of the rights to receive distributions as partners at the time the consent is to be effective*; or

(b) if the limited partnership does not have a remaining general partner, the filing of the dissolution with the secretary of state unless before the end of the period:

(i) consent to continue the activities of the limited partnership and admit at least one general partner is given by limited partners owning a majority of the rights to receive distributions as limited partners at the time the consent is to be effective; and

(ii) at least one person is admitted as a general partner in accordance with the consent;

(4) ~~on entry of a decree of judicial dissolution in accordance with 35-12-1202~~ *the passage of 90 days after the dissociation of the limited partnership's last limited partner unless before the end of the period the limited partnership admits at least one limited partner; or*

(5) the signing and filing of a declaration of dissolution by the secretary of state."

Section 61. Section 35-12-1202, MCA, is amended to read:

"35-12-1202. ~~Dissolution by decree of court~~ *Judicial resolution.* On application by ~~or for~~ a partner, the district court may ~~decree a~~ *order* dissolution of a limited partnership ~~whenever~~ *if* it is not reasonably practicable to carry on the ~~business~~ *activities of the limited partnership* in conformity with the partnership agreement."

Section 62. Winding up. (1) A limited partnership continues after dissolution only for the purpose of winding up its activities.

(2) In winding up its activities, the limited partnership:

(a) may amend its certificate of limited partnership to state that the limited partnership is dissolved, preserve the limited partnership business or property as a going concern for a reasonable time, prosecute and defend actions and proceedings, whether civil, criminal, or administrative, transfer the limited partnership's property, settle disputes by mediation or arbitration, file a statement of cancellation as provided in 35-

12-603, and perform other necessary acts; and

(b) shall discharge the limited partnership's liabilities, settle and close the limited partnership's activities, and marshal and distribute the assets of the partnership.

(3) If a dissolved limited partnership does not have a general partner, a person to wind up the dissolved limited partnership's activities may be appointed by the consent of limited partners owning a majority of the rights to receive distributions as limited partners at the time the consent is to be effective. A person appointed under this subsection:

(a) has the powers of a general partner under [section 63]; and

(b) shall promptly amend the certificate of limited partnership to state:

(i) that the limited partnership does not have a general partner;

(ii) the name of the person that has been appointed to wind up the limited partnership; and

(iii) the business mailing address of the person.

(4) On the application of any partner, the district court may order judicial supervision of the winding up, including the appointment of a person to wind up the dissolved limited partnership's activities if:

(a) a limited partnership does not have a general partner and within a reasonable time following the dissolution no person has been appointed pursuant to subsection (3); or

(b) the applicant establishes other good cause.

(a) to the limited partnership for any damage caused to the limited partnership arising from the obligation; and

(b) if another general partner or a person dissociated as a general partner is liable for the obligation, to that other general partner or person for any damage caused to that other general partner or person arising from the liability.

(e) unless the limited partnership has been throughout its existence a limited liability limited partnership, state that the barring of a claim against the limited partnership will also bar any corresponding claim against any general partner or person dissociated as a general partner that is based on 35-12-803.

(3) A claim against a dissolved limited partnership is barred if the requirements of subsection (2) are met and:

(a) the claim is not received by the specified deadline; or

(b) in the case of a claim that is timely received but rejected by the dissolved limited partnership, the claimant does not commence an action to enforce the claim against the limited partnership within 90 days after the receipt of the notice of the rejection.

Section 66. Other claims against dissolved limited partnership. (1) A dissolved limited partnership may publish notice of its dissolution and request persons having claims against the limited partnership to present them in accordance with the notice.

(2) The notice must:

applied to satisfy the limited partnership's obligations to creditors, including, to the extent permitted by law, partners that are creditors.

(2) Any surplus remaining after the limited partnership complies with subsection (1) must be paid in cash as a distribution.

(3) If a limited partnership's assets are insufficient to satisfy all of its obligations under subsection (1) with respect to each unsatisfied obligation incurred when the limited partnership was not a limited liability limited partnership, the following rules apply:

(a) Each person that was a general partner when the obligation was incurred and that has not been released from the obligation under [section 55] shall contribute to the limited partnership for the purpose of enabling the limited partnership to satisfy the obligation. The contribution due from each of those persons is in proportion to the right to receive distributions in the capacity of general partner in effect for each of those persons when the obligation was incurred.

(b) If a person does not contribute the full amount required under subsection (3)(a) with respect to an unsatisfied obligation of the limited partnership, the other persons required to contribute by subsection (3)(a) on account of the obligation shall contribute the additional amount necessary to discharge the obligation. The additional contribution due from each of those other persons is in proportion to the right to receive distributions in the capacity of general partner in effect for each of those other persons when the obligation was incurred.

(c) If a person does not make the additional contribution required by subsection (3)(b), further additional contributions are determined and due in the same manner as provided in that subsection.

(4) A person that makes an additional contribution under subsection (3)(b) or (3)(c) may recover from any person whose failure to contribute under subsection (3)(a) or (3)(b) necessitated the additional contribution. A person may not recover under this subsection more than the amount additionally contributed. A person's liability under this subsection may not exceed the amount the person failed to contribute.

(5) The estate of a deceased individual is liable for the person's obligations under this section.

Section 72. Filing of certificate of authority. Unless the secretary of state determines that an application for a certificate of authority does not comply with the filing requirements of this chapter, the secretary of state, upon payment of all filing fees, shall file the application, shall prepare, sign, and file a certificate of authority to transact business in this state, and shall, upon payment of a fee, send a copy of the filed certificate to the foreign limited partnership or its representative.

(i) compliance with subsection (3); or

(ii) subject to [section 20(3)], as specified in the articles of merger; or

(b) if the surviving organization is not a limited partnership, as provided by the governing statute of the surviving organization.

Section 90. Effect of merger. (1) When a merger becomes effective:

(a) the surviving organization continues or comes into existence;

(b) each constituent organization that merges into the surviving organization ceases to exist as a separate entity;

(c) all property owned by each constituent organization that ceases to exist vests in the surviving organization;

(d) all debts, liabilities, and other obligations of each constituent organization that ceases to exist continue as obligations of the surviving organization;

(e) an action or proceeding pending by or against any constituent organization that ceases to exist may be continued as if the merger had not occurred;

(f) except as prohibited by other law, all of the rights, privileges, immunities, powers, and purposes of each constituent organization that ceases to exist vest in the surviving organization;

(g) except as otherwise provided in the plan of merger, the terms and conditions of the plan of merger take effect;

(h) except as otherwise agreed, if a constituent limited partnership ceases to exist, the merger does not dissolve the limited partnership for the purposes of chapter 12;

(i) if the surviving organization is created by the merger:

(i) if it is a limited partnership, the certificate of limited partnership becomes effective; or

(ii) if it is an organization other than a limited partnership, the organizational document that creates the organization becomes effective; and

(j) if the surviving organization preexists the merger, any amendments provided for in the articles of merger for the organizational document that created the organization become effective.

(2) A surviving organization that is a foreign organization consents to the jurisdiction of the courts of this state to enforce any obligation owed by a constituent organization if before the merger the constituent organization was subject to suit in this state on the obligation. A surviving organization that is a foreign organization and not authorized to transact business in this state appoints the secretary of state as its agent for service of process for the purposes

of enforcing an obligation under this subsection. Service on the secretary of state under this subsection is made in the same manner and with the same consequences as in 35-7-113.

Section 91. Restrictions on approval of conversions and mergers and on relinquishing limited liability limited partnership status. (1) If a partner of a converting limited partnership or constituent limited partnership will have personal liability with respect to a converted organization or surviving organization, approval and amendment of a plan of conversion or merger are ineffective without the consent of the partner unless:

(a) the limited partnership's partnership agreement provides for the approval of the conversion or merger with the consent of fewer than all the partners; and

(b) the partner has consented to the provision of the partnership agreement.

(2) An amendment to a certificate of limited partnership that deletes a statement that the limited partnership is a limited liability limited partnership is ineffective without the consent of each general partner unless:

(a) the limited partnership's partnership agreement provides for the amendment with the consent of less than all the general partners; and

(b) each general partner that does not consent to the amendment has consented to the provision of the partnership agreement.

(3) A partner does not give the consent required by subsection (1) or (2) merely by consenting to a provision of the partnership agreement that permits the partnership agreement to be amended with the consent of fewer than all the partners.

Section 92. Liability of general partner after conversion or merger. (1) A conversion or merger under [sections 82 through 94] does not discharge any liability under 35-12-803 and [section 55] of a person that was a general partner in or dissociated as a general partner from a converting limited partnership or constituent limited partnership, but:

(a) the provisions of this chapter pertaining to the collection or discharge of the liability continue to apply to the liability;

(b) for the purposes of applying those provisions, the converted organization or surviving organization is considered to be the converting limited partnership or constituent limited partnership; and

(c) if a person is required to pay any amount under this subsection (1):

(i) the person has a right of contribution from each other person that was liable as a general partner under 35-12-803 when the obligation was incurred and has not been released from the obligation under [section 55]; and

(ii) the contribution due from each of those persons is in proportion to the right to receive distributions in the capacity of general partner in effect for each of those persons when the obligation was incurred.

(2) In addition to any other liability provided by law:

(a) a person that immediately before a conversion or merger became effective was a general partner in a converting limited partnership or constituent limited partnership that was not a limited liability limited partnership is personally liable for each obligation of the converted organization or surviving organization arising from a transaction with a third party after the conversion or merger becomes effective if, at the time the third party enters into the transaction, the third party:

(i) does not have notice of the conversion or merger; and

(ii) reasonably believes that:

(A) the converted organization or surviving organization is the converting limited partnership or constituent limited partnership;

(B) the converting limited partnership or constituent limited partnership is not a limited liability limited partnership; and

(C) the person is a general partner in the converting limited partnership or constituent limited partnership; and

(b) a person that was dissociated as a general partner from a converting limited partnership or constituent limited partnership before the conversion or merger became effective is personally liable for each obligation of the converted organization or surviving organization arising from a transaction with a third party after the conversion or merger becomes effective if:

(i) immediately before the conversion or merger became effective the converting limited partnership or surviving limited partnership was a not a limited liability limited partnership; and

(ii) at the time the third party enters into the transaction, less than 2 years have passed since the person dissociated as a general partner and the third party:

(A) does not have notice of the dissociation;

(B) does not have notice of the conversion or merger; and

(C) reasonably believes that the converted organization or surviving organization is the converting limited partnership or constituent limited partnership, the converting limited partnership or constituent limited partnership is not a limited liability limited partnership, and the person is a general partner in the converting limited partnership or constituent limited partnership.

Section 93. Power of general partners and persons dissociated as general partners to bind organization after conversion or merger. (1) An act of a person that immediately before a conversion or merger became effective was a general partner in a converting limited partnership or constituent limited partnership binds the converted organization or surviving organization after the conversion or merger becomes effective if:

(a) before the conversion or merger became effective, the act would have bound the converting limited partnership or constituent limited partnership under [section 33]; and

(b) at the time the third party enters into the transaction, the third party:

(ii) reasonably believes that the converted or surviving business is the converting limited partnership or constituent limited partnership and that the person is a general partner in the converting limited partnership or constituent limited partnership.

(2) An act of a person that before a conversion or merger became effective was dissociated as a general partner from a converting limited partnership or constituent limited partnership binds the converted organization or surviving organization after the conversion or merger becomes effective if:

(a) before the conversion or merger became effective, the act would have bound the converting limited partnership or constituent limited partnership under [section 33] if the person had been a general partner; and

(b) at the time the third party enters into the transaction, less than 2 years have passed since the person dissociated as a general partner and the third party:

(i) does not have notice of the dissociation;

(ii) does not have notice of the conversion or merger; and

(iii) reasonably believes that the converted organization or surviving organization is the converting limited partnership or constituent limited partnership and that the person is a general partner in the converting limited partnership or constituent limited partnership.

(3) If a person having knowledge of the conversion or merger causes a converted organization or surviving organization to incur an obligation under subsection (1) or (2), the person is liable:

(a) to the converted organization or surviving organization for any damage caused to the organization arising from the obligation; and

(b) if another person is liable for the obligation, to that other person for any damage caused to that other person arising from the liability.

Section 94. Part not exclusive. [Sections 82 through 94] do not preclude an entity from being converted or merged under other law.

Section 95. Relation to electronic signatures in global and national commerce act. This chapter modifies, limits, or supersedes the federal Electronic Signatures in Global and National Commerce Act, 15 U.S.C. 7001, et seq., but this chapter does not modify, limit, or supersede section 101(c) of that act or authorize electronic delivery of any of the notices described in section 103(b) of that act.

(c) [Sections 49 and 50] do not apply, and a limited partner has the same right and power to dissociate from the limited partnership, with the same consequences, as existed immediately before [the effective date of this act].

(d) [Section 51(4)] does not apply.

(e) [Section 51(5)] does not apply, and a court has the same power to expel a general partner as the court had immediately before [the effective date of this act].

(f) Section 35-12-1201(3) does not apply, and the connection between a person's dissociation as a general partner and the dissolution of the limited partnership is the same as existed immediately before [the effective date of this act].

(4) With respect to a limited partnership that elects pursuant to subsection (1)(b) to be subject to [this act], after the election takes effect, the provisions of [this act] relating to the liability of the limited partnership's general partners to third parties apply:

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 76-4-104, MCA, is amended to read:

"76-4-104. Rules for administration and enforcement. (1) The department shall, subject to the provisions of 76-4-135, adopt reasonable rules, including adoption of sanitary standards, necessary for administration and enforcement of this part.

(2) The rules and standards must provide the basis for approving subdivisions for various types of public and private water supplies, sewage disposal facilities, storm water drainage ways, and solid waste disposal. The rules and standards must be related to:

(a) size of lots;

(b) contour of land;

(c) porosity of soil;

(d) ground water level;

(e) distance from lakes, streams, and wells;

(f) type and construction of private water and sewage facilities; and

(g) other factors affecting public health and the quality of water for uses relating to agriculture, industry, recreation, and wildlife.

(3) (a) Except as provided in subsection (3)(b), the rules must provide for the review of subdivisions by a local department or board of health, as described in Title 50, chapter 2, part 1, if the local department or board of health employs a registered sanitarian or a registered professional engineer and if the department certifies under subsection (4) that the local department or board is competent to conduct the review.

(b) (i) Except as provided in 75-6-121 and subsection (3)(b)(ii) of this section, a local department or board of health may not review public water supply systems, public sewage systems, or extensions of or connections to these systems.

(ii) A local department or board of health may be certified to review subdivisions proposed to connect to existing municipal water and wastewater systems previously approved by the department if no extension of the systems is required.

(4) The department shall also adopt standards and procedures for certification and maintaining certification to ensure that a local department or board of health is competent to review the subdivisions as described in subsection (3).

(5) The department shall review those subdivisions described in subsection (3) if:

(a) a proposed subdivision lies within more than one jurisdictional area and the respective governing bodies are in disagreement concerning approval of or conditions to be imposed on the proposed subdivision; or

(b) the local department or board of health elects not to be certified.

(6) The rules must further provide for:

(a) providing the reviewing authority with a copy of the plat or certificate of survey subject to review under this part and other documentation showing the layout or plan of development, including:

(i) total development area; and

(ii) total number of proposed dwelling units and structures requiring facilities for water supply or sewage disposal;

(b) adequate evidence that a water supply that is sufficient in terms of quality, quantity, and dependability will be available to ensure an adequate supply of water for the type of subdivision proposed;

(c) evidence concerning the potability of the proposed water supply for the subdivision;

methods of water supply or sewage disposal are proposed, evidence that the systems will comply with state and local laws and regulations that are in effect at the time of submission of the preliminary or final plan or plat~~; and~~. *Evidence that the systems will comply with local laws and regulations must be in the form of a certification from the local health department as provided by department rule.*

(k) evidence to demonstrate that appropriate easements, covenants, agreements, and management entities have been established to ensure the protection of human health and state waters and to ensure the long-term operation and maintenance of water supply, storm water drainage, and sewage disposal facilities.

(7) If the reviewing authority is a local department or board of health, it shall notify the department of its recommendation for approval or disapproval of the subdivision not later than ~~50~~ *45* days from its receipt of the subdivision application. The department shall make a final decision on the subdivision within 10 days after receiving the recommendation of the local reviewing authority, but not later than ~~60~~ *55* days after the submission of a complete application, as provided in 76-4-125.

(8) Review and certification or denial of certification that a division of land is not subject to sanitary restrictions under this part may occur only under those rules in effect when a complete application is submitted to the reviewing authority, except that in cases in which current rules would preclude the use for which the lot was originally intended, the applicable requirements in effect at the time the lot was recorded must be applied. In the absence of specific requirements, minimum standards necessary to protect public health and water quality apply.

(9) The reviewing authority may not deny or condition a certificate of subdivision approval under this part unless it provides a written statement to the applicant detailing the circumstances of the denial or condition imposition. The statement must include:

(a) the reason for the denial or condition imposition;

(b) the evidence that justifies the denial or condition imposition; and

(c) information regarding the appeal process for the denial or condition imposition.

(10) The department may adopt rules that provide technical details and clarification regarding the water and sanitation information required to be submitted under 76-3-622."

Section 2. Section 76-4-125, MCA, is amended to read:

"76-4-125. Review of subdivision application — land divisions excluded from review. (1) Except as provided in subsection (2), an application for review of a subdivision must be submitted to the reviewing authority. The review by the reviewing authority must be as follows:

(a) At any time after the developer has submitted an application under the Montana Subdivision and Platting Act, the developer shall present a subdivision application to the reviewing authority. The application must include preliminary plans and specifications for the proposed development, whatever information the developer feels necessary for its subsequent review, any public comments or summaries of public comments collected as provided in 76-3-604(7), and information required by the reviewing authority. Subdivision fees assessed by the reviewing authority must accompany the application. If the proposed development includes onsite sewage disposal facilities, the developer

shall notify the designated agent of the local board of health prior to presenting the subdivision application to the reviewing authority. The agent may conduct a preliminary site assessment to determine whether the site meets applicable state and local requirements.

(b) Within 5 working days after receipt of an application that is not subject to review by a local reviewing authority under 76-4-104, the department shall provide a written notice for informational purposes to the applicant if the application does not include a copy of the certification from the local health department required by 76-4-104(6)(j) or, if applicable, contain an approval from the local governing body under Title 76, chapter 3, together with any public comments or summaries of public comments collected as provided in 76-3-604(7)(a).

(c) If the reviewing authority denies an application and the applicant resubmits a corrected application within 30 days after the date of the denial letter, the reviewing authority shall complete review of the resubmitted application within 30 days after receipt of the resubmitted application. If the review of the resubmitted application is conducted by a local department or board of health that is certified under 76-4-104, the department shall make a final decision on the application within 10 days after the local reviewing authority completes its review.

~~(b)~~*(d)* Except as provided in 75-1-205(4) and 75-1-208(4)(b), the department shall make a final decision on the proposed subdivision within ~~60~~ *55* days after the submission of a complete application and payment of fees to the reviewing authority unless an environmental impact statement is required, at which time this deadline may be increased to 120 days. The reviewing authority may not request additional information for the purpose of extending the time allowed for a review and final decision on the proposed subdivision. If the department approves the subdivision, the department shall issue a certificate of subdivision approval indicating that it has approved the plans and specifications and that the subdivision is not subject to a sanitary restriction.

(2) A subdivision excluded from the provisions of chapter 3 must be submitted for review according to the provisions of this part, except that the following divisions or parcels, unless the exclusions are used to evade the provisions of this part, are not subject to review:

(a) the exclusions cited in 76-3-201 and 76-3-204;

(b) divisions made for the purpose of acquiring additional land to become part of an approved parcel, provided that water or sewage disposal facilities may not be constructed on the additional acquired parcel and that the division does not fall within a previously platted or approved subdivision;

(c) divisions made for purposes other than the construction of water supply or sewage and solid waste disposal facilities as the department specifies by rule;

(d) divisions located within jurisdictional areas that have adopted growth policies pursuant to chapter 1 or within first-class or second-class municipalities for which the governing body certifies, pursuant to 76-4-127, that adequate storm water drainage and adequate municipal facilities will be provided; and

(i) the remainder is served by a public or multiple-user sewage system approved before January 1, 1997, pursuant to local regulations or this chapter; or

(ii) the remainder is 1 acre or larger and has an individual sewage system serving a discharge source that was in existence prior to April 29, 1993, and, if required when installed, the system was approved pursuant to local regulations or this chapter.

(3) Consistent with the applicable provisions of 50-2-116, a local health officer may require that, prior to the filing of a plat or a certificate of survey subject to review under this part for the parcel to be segregated from the remainder referenced in subsection (2)(e)(ii), the remainder include acreage or features sufficient to accommodate a replacement drainfield."

Section 3. Effective date. [This act] is effective on passage and approval.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 87-1-304, MCA, is amended to read:

"87-1-304. Fixing of seasons and bag and possession limits. (1) (a) The commission may:

(i) fix seasons, bag limits, possession limits, and season limits;

(ii) open or close or shorten or lengthen seasons on any species of game, bird, fish, or fur-bearing animal as defined by 87-2-101; and

(iii) declare areas open to the hunting of deer, antelope, elk, moose, sheep, goat, mountain lion, bear, *wild buffalo or bison,* and wolf by persons holding an archery stamp and the required license, permit, or tag and designate times when only bows and arrows may be used to hunt deer, antelope, elk, moose, sheep, goat, mountain lion, bear, *wild buffalo or bison,* and wolf in those areas.

(b) The commission may restrict areas and species to hunting with only specified hunting arms, including bow and arrow, for the reasons of safety or of providing diverse hunting opportunities and experiences.

(c) The commission may declare areas open to special license holders only and issue special licenses in a limited number when the commission determines, after proper investigation, that a special season is necessary to ensure the maintenance of an adequate supply of game birds, fish, or animals or fur-bearing animals. The commission may declare a special season and issue special licenses when game birds, animals, or fur-bearing animals are causing damage to private property or when a written complaint of damage has been filed with the commission by the owner of that property. (4) The commission may declare a closed season on any species of game, fish, game birds, or fur-bearing animals threatened with undue depletion from any cause. The commission may close any area or district of any stream, public lake, or public water or portions thereof to hunting, trapping, or fishing for limited periods of time when necessary to protect a recently stocked area, district, water, spawning waters, spawn-taking waters, or spawn-taking stations or to prevent the undue depletion of fish, game, fur-bearing animals, game birds, and nongame birds. The commission may open the area or district upon consent of a majority of the property owners affected.

(5) The commission may authorize the director to open or close any special season upon 12 hours' notice to the public.

(6) The commission may declare certain fishing waters closed to fishing except by persons under 15 years of age. The purpose of this subsection is to provide suitable fishing waters for the exclusive use and enjoyment of juveniles under 15 years of age, at times and in areas the commission in its discretion considers advisable and consistent with its policies relating to fishing."

In implementing the policy of this section, the child's health and safety are of paramount concern.

(b) A petition for immediate protection and emergency protective services must state the specific authority requested and *must be supported by an affidavit signed by a representative of the department stating in detail the alleged facts upon which the request is based and* the facts establishing probable cause *or, if the case is subject to the federal Indian Child Welfare Act, clear and convincing evidence* that a child is abused or neglected or is in danger of being abused or neglected. *The affidavit of the department representative must contain information, if any, regarding statements made by the parents about the facts of the case.*

(c) ~~The petition for immediate protection and emergency protective services must be supported by an affidavit signed by a representative of the department stating in detail the facts upon which the request is based. The parents, if available in person or by electronic means, must be given an opportunity to present evidence to the court before the court rules on the petition.~~ *If from the alleged facts presented in the affidavit it appears to the court that there is probable cause or, if the case is subject to the federal Indian Child Welfare Act, clear and convincing evidence to believe that the child has been abused or neglected or is in danger of being abused and neglected, the judge shall grant emergency protective services and the relief authorized by subsection (2) until the adjudication hearing or the temporary investigative hearing. If it appears from the alleged facts contained in the affidavit that there is insufficient probable cause or, if the case is subject to the federal Indian Child Welfare Act, clear and convincing evidence to believe that the child has been abused or neglected or is in danger of being abused or neglected, the court shall dismiss the petition.*

(d) If the parents, parent, guardian, person having physical or legal custody of the child, or attorney for the child disputes the material issues of fact contained in the affidavit or the veracity of the affidavit, the person may request a contested show cause hearing pursuant to 41-3-432 within 10 days following service of the petition and affidavit.

~~(d)~~*(e)* The petition for immediate protection and emergency protective services must include a notice advising the parents, parent, guardian, or other person having physical *or legal* custody of the ~~youth~~ *child* that the parents,

parent, guardian, or other person *having physical or legal custody of the child* may have a support person present during any in-person meeting with a social worker concerning emergency protective services. Reasonable accommodation must be made in scheduling an in-person meeting with the social worker.

If the court finds probable cause *or*, if the case is subject to the federal Indian Child Welfare Act*, clear and convincing evidence,* the court may issue an order granting the following forms of relief, which do not constitute a court-ordered treatment plan under 41-3-443:

(d) a requirement that the perpetrator of the alleged child abuse or neglect be removed from the home to allow the child to remain in the home;

(e) a requirement that the parent provide the department with the name and address of the other parent, if known, unless parental rights to the child have been terminated;

(f) a requirement that the parent provide the department with the names and addresses of extended family members who may be considered as placement options for the child who is the subject of the proceeding; and

(g) any other temporary disposition that may be required in the best interests of the child that does not require an expenditure of money by the department unless the court finds after notice and a hearing that the expenditure is reasonable and that resources are available for payment. The department is the payor of last resort after all family, insurance, and other resources have been examined.

(3) An order for removal of a child from the home must include a finding that continued residence of the child with the parent is contrary to the welfare of the child or that an out-of-home placement is in the best interests of the child.

(4) The order for immediate protection of the child must require the person served to comply immediately with the terms of the order and to appear before the court issuing the order on the date specified for a show cause hearing. Upon a failure to comply or show cause, the court may hold the person in contempt or place temporary physical custody of the child with the department until further order.

(5) The petition must be served as provided in 41-3-422."

Section 5. Section 41-3-432, MCA, is amended to read:

"41-3-432. Show cause hearing — order. A separate notice to the court stating the statutory time deadline for a hearing must accompany any petition to which the time deadline applies.

(b) If a proceeding under this chapter involves an Indian child and is subject to the federal Indian Child Welfare Act, a qualified expert witness is required to testify that the continued custody of the child by the parent or Indian custodian is likely to result in serious emotional or physical damage to the child.

(c) The court may grant an extension of time for a show cause hearing only upon a showing of substantial injustice and shall order an appropriate remedy that considers the best interests of the child.

(2) The person filing the petition has the burden of presenting evidence establishing probable cause for the issuance of an order for temporary investigative authority after the show cause hearing, except as provided by the federal Indian Child Welfare Act, if applicable.

(3) ~~At the show cause hearing~~ *If a contested show cause hearing is requested pursuant to 41-3-427 based upon a disputed issue of material fact or a dispute regarding the veracity of the affidavit of the department*, the court may consider all evidence and shall provide an opportunity for a parent, guardian, or other person having physical or legal custody of the child to provide testimony *regarding the disputed issues*. Hearsay evidence of statements made by the affected child is admissible at the hearing. The parent, guardian, or other person may be represented by legal counsel and may be appointed or assigned counsel as provided for in 41-3-425.

(4) At the show cause hearing, the court shall explain the procedures to be followed in the case and explain the parties' rights, including the right to request appointment or assignment of counsel if indigent or if appointment or assignment of counsel is required under the federal Indian Child Welfare Act, if applicable, and the right to challenge the allegations contained in the petition. The parent, guardian, or other person having physical or legal custody of the child must be given the opportunity to admit or deny the allegations contained in the petition at the show cause hearing. (c) whether the department has made reasonable efforts to avoid protective placement of the child or to make it possible to safely return the child to the child's home;

(d) financial support of the child, including inquiry into the financial ability of the parents, guardian, or other person having physical or legal custody of the child to contribute to the costs for the care, custody, and treatment of the child and requirements of a contribution for those costs pursuant to 41-3-446; and

(e) whether another hearing is needed and, if so, the date and time of the next hearing.

(6) The court may consider:

(a) terms and conditions for parental visitation; and

(b) whether orders for examinations, evaluations, counseling, immediate services, or protection are needed.

CHAPTER NO. 224

[SB 320]

AN ACT ENCOURAGING THE UPGRADING OF TRANSMISSION LINES WITHIN EXISTING RIGHTS-OF-WAY TO AVOID THE PROLIFERATION OF NEW TRANSMISSION CORRIDORS; CLARIFYING LEGISLATIVE FINDINGS AND CERTAIN DEFINITIONS UNDER THE MONTANA MAJOR FACILITY SITING ACT; AMENDING SECTIONS 75-20-102 AND 75-20-104, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 75-20-102, MCA, is amended to read:

"75-20-102. Policy and legislative findings. (1) The legislature, mindful of its constitutional obligations under Article II, section 3, and Article IX of the Montana constitution, has enacted the Montana Major Facility Siting Act. It is the legislature's intent that the requirements of this chapter provide adequate remedies for the protection of the environmental life support system from degradation and provide adequate remedies to prevent unreasonable depletion and degradation of natural resources.

(2) It is the constitutionally declared policy of this state to maintain and improve a clean and healthful environment for present and future generations, to protect the environmental life-support system from degradation and prevent unreasonable depletion and degradation of natural resources, and to provide for administration and enforcement to attain these objectives.

(3) It is also constitutionally declared in the state of Montana that the inalienable rights of the citizens of this state include the right to pursue life's basic necessities, to enjoy and defend life and liberty, to acquire, possess, and protect property, and to seek safety, health, and happiness in all lawful ways. The balancing of these constitutional rights is necessary in order to maintain a sustainable quality of life for all Montanans.

(4) The legislature finds that the construction of additional electric transmission facilities, pipeline facilities, or geothermal facilities may be necessary to meet the increasing need for electricity, energy, and other products. Therefore, it is necessary to ensure that the location, construction, and operation of electric transmission facilities, pipeline facilities, or geothermal facilities are in compliance with state law and that an electric transmission facility, pipeline facility, or geothermal facility may not be constructed or operated within this state without a certificate of compliance acquired pursuant to this chapter.

(5) The legislature finds that increasing the capacity of existing transmission lines by replacing less efficient aging low-voltage transmission lines with higher-voltage lines, installing new conductors to lower impedance, and adding circuits to existing transmission lines within existing linear corridors reduces energy loss, conserves energy, and prevents unreasonable depletion and degradation of natural resources. Therefore, transmission upgrades within existing corridors serve the public interest, convenience, and necessity and transmission providers are encouraged to construct those transmission upgrades.

~~(5)~~*(6)* The legislature also finds that it is the purpose of this chapter to:

(a) ensure protection of the state's environmental resources, including but not limited to air, water, animals, plants, and soils;

(b) ensure consideration of socioeconomic impacts;

(c) provide citizens with the opportunity to participate in facility siting decisions; and

(d) establish a coordinated and efficient method for the processing of all authorizations required for regulated facilities under this chapter."

Section 2. Section 75-20-104, MCA, is amended to read:

"75-20-104. Definitions. In this chapter, unless the context requires otherwise, the following definitions apply:

"33-22-2006. Premium incentive payments, premium assistance payments, and tax credits for small employer health insurance premiums paid — eligibility for small group coverage — amounts. (1) An employer is eligible to apply for premium incentive payments and premium assistance payments or a tax credit under this part if the employer and any related employers:

(a) did not have more than the number of employees established for eligibility by the commissioner at the time of registering for premium incentive payments or premium assistance payments or a tax credit under 33-22-2008;

employers seeking premium incentive payments and premium assistance payments than for employers seeking a tax credit. The number must be set to maximize the number of employees receiving coverage under this part. The commissioner may not change the maximum employee number more often than every 6 months. If the maximum number of allowable employees is changed, the change does not disqualify registered employers with respect to the tax year for which the employer has registered.

(5) Except as provided in subsection (6), an eligible small employer may claim a tax credit in the following amounts:

(b) An eligible small employer may submit a new application for the premium incentive payments and premium assistance payments or the tax credit anytime during the year, but in order to maintain the employer's registration for the next year, the registration application must be renewed each year.

~~(c) The commissioner shall begin accepting renewal applications on October 1 of each year and stop accepting renewal applications on October 31 of each year.~~

~~(d)~~*(c)* The registration application must include the number of individuals covered, as of the date of the registration application, under the small group health plan for which the employer is seeking premium incentive payments and premium assistance payments or a tax credit. If, after the initial registration, the number of individuals increases, the employer may apply to register the additional individuals, but those additional individuals may be added only at the discretion of the commissioner, who shall limit enrollment based on available funds.

~~(e)~~*(d)* A small employer is not eligible to apply for premium incentive payments and premium assistance payments or a tax credit for a number of employees, or the employees' spouses or dependents, over the number that has been established in 33-22-2006 as the maximum number of employees an employer may have in order to qualify for registration for the time period in question.

~~(f)~~*(e)* An employer's decision to apply for premium incentive payments and premium assistance payments or a tax credit is irrevocable for 12 months or until the purchasing pool group health plan or qualified association health plan renews its registration, whichever time period is less. An employer may choose to discontinue receiving any premium incentive payments and premium assistance payments or tax credits at any time.

(2) The commissioner shall register qualifying eligible small employers in the order in which applications are received and according to whether or not the application is for premium incentive payments and premium assistance payments or a tax credit. Initially, 60% of the available funding must be dedicated to provide and maintain premium incentive payments and premium assistance payments for eligible small employers who have not sponsored group health plans that provide creditable coverage in the previous 2 years and who chose to join the purchasing pool or a qualified association health plan and 40% of the available funding must be dedicated to tax credits for eligible small employers who currently sponsor a small group health plan that provides creditable coverage. Funding may be transferred from the allocated fund for premium incentive payments and premium assistance payments to the general fund for tax credits or from the funds allocated for tax credits to the allocated fund for premium incentive payments and premium assistance payments if the board requests the transfer as provided in 33-22-2004 and the commissioner approves the request.

(3) (a) The maximum number of eligible small employers is reached when the anticipated amount of claims for premium incentive payments and premium assistance payments and tax credits has reached 95% of the amount of money allocated for premium incentive payments and premium assistance payments and tax credits.

(b) The commissioner may establish a waiting list for applicants that are otherwise qualified for registration but cannot be registered because of a lack of money or because the maximum number of eligible small employers has been reached.

(c) The commissioner shall mail to each employer registered under this section a notice of registration containing a unique registration number and indicating eligibility for either premium incentive payments and premium assistance payments or a tax credit. The commissioner shall also issue to each employer that is eligible for premium incentive payments and premium assistance payments or the tax credit a certificate, placard, sticker, or other evidence of participation that may be publicly posted.

(d) The commissioner shall notify all persons who applied for registration and who were not accepted that they were not registered and the reason that they were not registered.

(4) A prospective participant shall apply for registration on a form provided by the commissioner. The prospective participant shall:

(a) provide the number of employees and whether the employer qualifies under 33-22-2006;

(b) provide information that is necessary to estimate the amount of the premium incentive payments and premium assistance payments payable to the applicant or the amount of the tax credit available to the applicant, such as the ages of employees or dependents, relationships of employees' dependents, and information required by the department of public health and human services for determination of eligibility for premium assistance payments matched by federal funds;

(c) indicate whether the prospective employer intends to pursue the claim as a tax credit through the income tax process or through premium incentive payments and premium assistance payments to be applied toward purchasing pool or eligible qualified association health plan coverage;

(d) indicate whether or not the employer previously sponsored a group health plan that provided creditable coverage and, if so, when and for how long; and

(e) provide any additional information determined by the commissioner to be necessary to support an application.

(5) Each year, small employer participants shall *timely* reregister with the commissioner in order to determine the participant's continued eligibility. *The commissioner shall accept applications for continued registration:*

(a) for purchasing pool participants at any time within 12 months of the initial registration approval or within the time period for renewal of the coverage under this part, whichever is longer;

(b) for tax credit participants on December 1 of each year. The commissioner shall stop accepting renewal applications for tax credit participants 60 calendar days later.

(6) The commissioner shall transmit to the department of revenue, at least annually, a list of eligible small employers that are taxpayers entitled to the tax credit and shall specify the taxpayer's name and tax identification number, the tax year to which the credit applies, the amount of the credit, and whether the credit is to be applied against taxes due on the taxpayer's return or paid as premium incentive payments or premium assistance payments. Unless there has been a finding of fraud or misrepresentation on the part of the taxpayer regarding issues relating to eligibility for the tax credit, the department of revenue may not redetermine or change the commissioner's determination regarding the taxpayer's entitlement to and amount of the tax credit.

(7) If the department of public health and human services receives approval for a section 1115 waiver as provided in 53-2-216, the commissioner shall work with the department of public health and human services with regard to eligibility determinations as required by federal law or waiver conditions."

The commissioner may, in the commissioner's discretion, grant access to information obtained pursuant to this section to public officers having jurisdiction over the regulation of insurance in any other state or country or to law enforcement officers of this state or any other state or agency of the federal government at any time, as long as the officers receiving the information agree in writing to hold it in a manner consistent with this section.

(4) A claim process must be established to be used when a livestock producer suffers a livestock loss for which wolves may be responsible. The claim process must set out a clear and concise method for documenting and processing claims for reimbursement for livestock losses.

(5) A process must be established to allow livestock producers to appeal reimbursement decisions. A producer may appeal a staff adjuster's decision by notifying the staff adjuster and the board in writing, stating the reasons for the appeal and providing documentation supporting the appeal. If the documentation is incomplete, the board or a producer may consult with the U.S. department of agriculture wildlife services to complete the documentation. The board may not accept any appeal on the question of whether the loss was or was not a confirmed or probable loss because that final determination lies solely with the U.S. department of agriculture wildlife services and may not be changed by the board. The board shall hold a hearing on the appeal within 90 days of receipt of the written appeal, allowing the staff adjuster and the producer to present their positions. A decision must be rendered by the board within 30 days after the hearing. The producer must be notified in writing of the board's decision.

(6) As used in this section, the following definitions apply:

(a) "Confirmed" means reasonable physical evidence that livestock was actually attacked or killed by a wolf, including but not limited to the presence of bite marks indicative of the spacing of canine tooth punctures of wolves and associated subcutaneous hemorrhaging and tissue damage indicating that the attack occurred while the animal was alive, feeding patterns on the carcass, fresh tracks, scat, hair rubbed off on fences or brush, eyewitness accounts, or other physical evidence that allows a reasonable inference of wolf predation on an animal that has been largely consumed.

(b) "Fair market value" means:

(i) for commercial sheep more than 1 year old, the average price of sheep of similar age and sex paid at the most recent Billings livestock sale ring or other ring as determined by the board;

(ii) for commercial lambs, the average market weaning value;

(iii) for registered sheep, the average price paid to the specific breeder for sheep of similar age and sex during the past year at public or private sales for that registered breed;

(iv) for commercial cattle more than 1 year old, the average price of cattle of similar age and sex paid at the most recent Billings livestock sale ring or other ring as determined by the board;

(v) for commercial calves, the average market weaning value;

(vi) for registered cattle, the average price paid to the owner for cattle of similar age and sex during the past year at public or private sales for that registered breed;

(vii) for other registered livestock, the average price paid to the producer at public or private sales for animals of similar age and sex. A producer may provide documentation that a registered animal has a fair market value in excess of the average price, in which case the board shall seek additional verification of the value of the animal from independent sources. If the board determines that the value of that animal is greater than the average price, then the increased value must be accepted as the fair market value for that animal.

(viii) for other livestock, the average price paid at the most recent public auction for the type of animal lost or the replacement price as determined by the board.

(c) "Probable" means the presence of some evidence to suggest possible predation but a lack of sufficient evidence to clearly confirm predation by a particular species. A kill may be classified as probable depending on factors including but not limited to recent confirmed predation by the suspected depredating species in the same or a nearby area, recent observation of the livestock by the owner or the owner's employees, and telemetry monitoring data, sightings, howling, or fresh tracks suggesting that the suspected depredating species may have been in the area when the depredation occurred."

Section 4. Section 2-15-3113, MCA, is amended to read:

"2-15-3113. Additional powers and duties of livestock loss ~~reduction and mitigation~~ board. (1) The livestock loss ~~reduction and mitigation~~ board shall:

(a) process claims;

(b) seek information necessary to ensure that claim documentation is complete;

(c) provide payments authorized by the board for confirmed and probable livestock losses, along with a written explanation of payment;

(d) submit monthly and annual reports to the board of livestock summarizing claims and expenditures and the results of action taken on claims and maintain files of all claims received, including supporting documentation;

(e) provide information to the board of livestock regarding appealed claims and implement any decision by the board;

(f) prepare the annual budget for the board; and

(g) provide proper documentation of staff time and expenditures.

(2) The livestock loss ~~reduction and mitigation~~ board may enter into an agreement with any Montana tribe, if the tribe has adopted a wolf management plan for reservation lands that is consistent with the state wolf management plan, to provide that tribal lands within reservation boundaries are eligible for mitigation grants pursuant to 2-15-3111 and that livestock losses on tribal lands within reservation boundaries are eligible for reimbursement payments pursuant to 2-15-3112.

(3) The livestock loss ~~reduction and mitigation~~ board shall:

(a) coordinate and share information with state, federal, and tribal officials, livestock producers, nongovernmental organizations, and the general public in an effort to reduce livestock losses caused by wolves;

(b) establish an annual budget for the prevention, mitigation, and reimbursement of livestock losses caused by wolves;

(c) perform or contract for the performance of periodic program audits and reviews of program expenditures, including payments to individuals, incorporated entities, and producers who receive loss reduction grants and reimbursement payments;

(d) adjudicate appeals of claims;

(e) investigate alternative or enhanced funding sources, including possible agreements with public entities and private wildlife or livestock organizations that have active livestock loss reimbursement programs in place;

(f) meet as necessary to conduct business; and

(g) report annually to the governor, the legislature, members of the Montana congressional delegation, the board of livestock, the fish, wildlife, and parks commission, and the public regarding results of the programs established in 2-15-3111 through 2-15-3113."

Section 5. Section 81-1-110, MCA, is amended to read:

"81-1-110. Livestock loss reduction and mitigation accounts. (1) There are livestock loss reduction and mitigation special revenue accounts administered by the department within the state special revenue fund and the federal special revenue fund established in 17-2-102.

(2) (a) All state proceeds allocated or budgeted for the purposes of 2-15-3110 through 2-15-3114, 81-1-110, and 81-1-111, except those appropriated to the department of livestock, must be deposited in the state special revenue account provided for in subsection (1) of this section.

(b) Money received by the state in the form of gifts, grants, reimbursements, or allocations from any source intended to be used for the purposes of 2-15-3111 through 2-15-3113 must be deposited in the appropriate account provided for in subsection (1) of this section.

(c) All federal funds awarded to the state for compensation for wolf depredations on livestock must be deposited in the federal special revenue account provided for in subsection (1) for the purposes of 2-15-3112.

(3) The livestock loss ~~reduction and mitigation~~ board may spend funds in the accounts only to carry out the provisions of 2-15-3111 through 2-15-3113."

Section 6. Name change — directions to code commissioner. Wherever a reference to the "livestock loss reduction and mitigation board" appears in legislation enacted by the 2011 legislature, the code commissioner is directed to change it to a reference to the "livestock loss board".

Section 7. Effective date. [This act] is effective on passage and approval.

CHAPTER NO. 230

[HB 548]

AN ACT REGARDING REVOCATION OF SUSPENSION OR DEFERRAL OF A CRIMINAL SENTENCE; PROVIDING THAT A PETITION FOR REVOCATION MAY BE FILED WITH A COURT EITHER BEFORE THE

PERIOD OF SUSPENSION OR DEFERRAL BEGINS TO RUN OR DURING THE PERIOD OF SUSPENSION OR DEFERRAL; AMENDING SECTION 46-18-203, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A RETROACTIVE APPLICABILITY PROVISION.

WHEREAS, the Montana Supreme Court, in its opinion in State v. Stiffarm (2011) held that a petition for revocation of a suspended or deferred imposition of sentence must be filed during the period of suspension or deferral; and

WHEREAS, in its ruling in Stiffarm, the Supreme Court overruled several of its prior decisions allowing the filing of a petition for revocation before the period of suspension or deferral began; and

WHEREAS, in Stiffarm, the Supreme Court invited the Legislature to examine the issue and confirm or change the language of section 46-18-203(2), MCA, requiring that the petition be filed during the period of suspension or deferral; and

WHEREAS, the purpose of this legislation is to respond to the Court's invitation in Stiffarm by continuing the practice allowed by the Supreme Court's past decisions of allowing a petition for revocation to be filed either before or after a defendant begins serving the period of suspension or deferral but not later than the end of that period of suspension or deferral.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 46-18-203, MCA, is amended to read:

"46-18-203. Revocation of suspended or deferred sentence. (1) Upon the filing of a petition for revocation showing probable cause that the offender has violated any condition of a sentence, any condition of a deferred imposition of sentence, or any condition of supervision after release from imprisonment imposed pursuant to 45-5-503(4), 45-5-507(5), 45-5-601(3), 45-5-602(3), 45-5-603(2)(c), or 45-5-625(4), the judge may issue an order for a hearing on revocation. The order must require the offender to appear at a specified time and place for the hearing and be served by delivering a copy of the petition and order to the offender personally. The judge may also issue an arrest warrant directing any peace officer or a probation and parole officer to arrest the offender and bring the offender before the court.

(2) The petition for a revocation must be filed with the sentencing court ~~during~~ *either before* the period of suspension or deferral *has begun or during the period of suspension or deferral but not after the period has expired*. Expiration of the period of suspension or deferral after the petition is filed does not deprive the court of its jurisdiction to rule on the petition.

(3) The provisions pertaining to bail, as set forth in Title 46, chapter 9, are applicable to persons arrested pursuant to this section.

(4) Without unnecessary delay, the offender must be brought before the judge, and the offender must be advised of:

(a) the allegations of the petition;

(b) the opportunity to appear and to present evidence in the offender's own behalf;

(c) the opportunity to question adverse witnesses; and

(d) the right to be represented by counsel at the revocation hearing pursuant to Title 46, chapter 8, part 1.

(5) A hearing is required before a suspended or deferred sentence can be revoked or the terms or conditions of the sentence can be modified~~,~~ unless:

(a) the offender admits the allegations and waives the right to a hearing; or

(b) the relief to be granted is favorable to the offender and the prosecutor, after having been given notice of the proposed relief and a reasonable opportunity to object, has not objected. An extension of the term of probation is not favorable to the offender for the purposes of this subsection (5)(b).

(6) (a) At the hearing, the prosecution shall prove, by a preponderance of the evidence, that there has been a violation of:

(i) the terms and conditions of the suspended or deferred sentence; or

(ii) a condition of supervision after release from imprisonment imposed pursuant to 45-5-503(4), 45-5-507(5), 45-5-601(3), 45-5-602(3), 45-5-603(2)(c), or 45-5-625(4).

(b) However, when a failure to pay restitution is the basis for the petition, the offender may excuse the violation by showing sufficient evidence that the failure to pay restitution was not attributable to a failure on the offender's part to make a good faith effort to obtain sufficient means to make the restitution payments as ordered.

(7) (a) If the judge finds that the offender has violated the terms and conditions of the suspended or deferred sentence, the judge may:

(i) continue the suspended or deferred sentence without a change in conditions;

(ii) continue the suspended sentence with modified or additional terms and conditions;

(iii) revoke the suspension of sentence and require the offender to serve either the sentence imposed or any sentence that could have been imposed that does not include a longer imprisonment or commitment term than the original sentence; or

(iv) if the sentence was deferred, impose any sentence that might have been originally imposed.

(b) If a suspended or deferred sentence is revoked, the judge shall consider any elapsed time and either expressly allow all or part of the time as a credit against the sentence or reject all or part of the time as a credit. The judge shall state the reasons for the judge's determination in the order. Credit must be allowed for time served in a detention center or home arrest time already served.

(c) If a judge finds that an offender has not violated a term or condition of a suspended or deferred sentence, that judge is not prevented from setting, modifying, or adding conditions of probation as provided in 46-23-1011.

(8) If the judge finds that the prosecution has not proved, by a preponderance of the evidence, that there has been a violation of the terms and conditions of the suspended or deferred sentence, the petition must be dismissed and the offender, if in custody, must be immediately released.

(9) The provisions of this section apply to any offender whose suspended or deferred sentence is subject to revocation regardless of the date of the offender's conviction and regardless of the terms and conditions of the offender's original sentence."

Section 2. Effective date. [This act] is effective on passage and approval.

Section 3. Retroactive applicability. [This act] applies retroactively, within the meaning of 1-2-109, to all past revocations, regardless of the date when a deferred or suspended sentence was ordered and regardless of the date of revocation.

CHAPTER NO. 231

[HB 584]

AN ACT REVISING LICENSE PLATE LAWS; ALLOWING NEW STANDARD LICENSE PLATES TO BE OF CERTAIN PRIOR DESIGNS; AMENDING SECTIONS 61-3-301 AND 61-3-332, MCA; AND PROVIDING A DELAYED EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 61-3-301, MCA, is amended to read:

"61-3-301. Registration — license plate required — display. (1) (a) Except as provided in 61-4-120, 61-4-129, and subsection (1)(b) of this section, a person may not operate a motor vehicle, trailer, semitrailer, pole trailer, or travel trailer upon the public highways of Montana unless the motor vehicle, trailer, semitrailer, pole trailer, or travel trailer is properly registered and has the proper license plates conspicuously displayed on the motor vehicle, trailer, semitrailer, pole trailer, or travel trailer. A license plate must be securely fastened to prevent it from swinging and may not be obstructed from plain view.

(b) A motorcycle, quadricycle, trailer, semitrailer, pole trailer, or travel trailer must have a single license plate displayed on the rear of the vehicle. A custom vehicle or street rod registered under 61-3-320(1)(b) or (1)(c)(iii) may display a single license plate firmly attached to the rear exterior of the custom vehicle or street rod. All other motor vehicles must have one license plate displayed on the front and one license plate displayed on the rear of the motor vehicle.

(c) A person may not display on a motor vehicle, trailer, semitrailer, pole trailer, or travel trailer at the same time a number assigned to it under any motor vehicle law except as provided in this chapter.

(2) A person may not purchase or display on a motor vehicle, trailer, semitrailer, pole trailer, or travel trailer a license plate bearing the number assigned to any county, as provided in 61-3-332, other than the county where the vehicle is domiciled or the county where the trailer, semitrailer, pole trailer, or travel trailer is domiciled at the time of application for registration.

(3) It is unlawful to:

(a) display license plates issued to one motor vehicle, trailer, semitrailer, pole trailer, or travel trailer on any other motor vehicle, trailer, semitrailer, pole trailer, or travel trailer unless legally transferred as provided by statute; *or*

(b) repaint old license plates to resemble current license plates~~; or~~

~~(c) display a prior design of standard license plates including military, veteran, and amateur radio license plates, or any license plates that have been issued for 5 or more years after the replacement of the license plates is required under 61-3-332(3)(a), except as provided in 61-3-332(3)(c) and (3)(d), 61-3-448, or 61-3-468~~.

(4) For the purposes of this section, "conspicuously displayed" means that the required license plates are obviously visible and firmly attached to:

(a) the front bumper and the rear bumper of a motor vehicle equipped with front and rear bumpers, except for a custom vehicle or street rod as provided in subsection (1)(b); or

(b) a clearly visible location on the rear of a trailer, semitrailer, pole trailer, or travel trailer."

Section 2. Section 61-3-332, MCA, is amended to read:

"61-3-332. Standard license plates. (1) In addition to special license plates, collegiate license plates, generic specialty license plates, and fleet license plates authorized under this chapter, a separate series of standard license plates must be issued for motor vehicles, quadricycles, travel trailers, trailers, semitrailers, and pole trailers registered in this state or offered for sale by a vehicle dealer licensed in this state. Standard license plates issued to licensed vehicle dealers must be readily distinguishable from license plates issued to vehicles owned by other persons.

(2) (a) Except as provided in 61-3-479 and subsections (2)(b), (3)(b), and (3)(c) of this section, all standard license plates for motor vehicles, trailers, semitrailers, or pole trailers must bear a distinctive marking, as determined by the department, and be furnished by the department. In years when standard license plates are not reissued for a vehicle, the department shall provide a registration decal that must be affixed to the rear license plate of the vehicle.

(b) For light vehicles that are permanently registered as provided in 61-3-562 and motor vehicles described in 61-3-303(9) that are permanently registered, the department shall provide a distinctive registration decal indicating that the motor vehicle is permanently registered. The registration decal must be affixed to the rear license plate of the permanently registered motor vehicle.

(c) For a travel trailer, motorcycle, quadricycle, trailer, semitrailer, or pole trailer that is permanently registered as provided in 61-3-313(2), the department may use the word or an abbreviation for the word "permanent" on the plate in lieu of issuing a registration decal for the plate.

(3) (a) (i) ~~Beginning January 1, 2010, and every 5 years after that date, the department shall design standard license plates to replace previously issued standard license plates. For the purposes of this subsection (3), all military, veteran, and amateur radio license plates and any license plate with a wheelchair design, excluding collegiate or generic specialty plates with a wheelchair design, are treated as standard license plates.~~ *New license plates issued under 61-3-303 or this section must be a standard license plate design first issued within the last 35 years or current collegiate or generic speciality license plate designs. For the purposes of this subsection (3), all military, veteran, and amateur radio license plates and any license plate with a wheelchair design, excluding collegiate or generic specialty plates with a wheelchair design, are treated as standard license plates.*

~~(ii)~~*(ii)* License plates issued on or after January 1, 2010, must be replaced with ~~the most recent design of standard license plates or a new replacement collegiate or generic speciality~~ *new* license ~~plate~~ *plates* if, upon renewal of registration under ~~61-3-332~~ *this section*, the license plates are 5 or more years old or will become older than 5 years during the registration period.

~~(iii) License~~ *New license* plates *must be* issued ~~on or before January 1, 2010, must be replaced with the most recent design of standard license plates or a new replacement collegiate or generic specialty license plate~~ in accordance with the implementation schedule adopted by the department under 61-3-315.

(iii) Until January 1, 2015, and upon payment of the fee required in 61-3-321(12)(b), a vehicle owner may elect to keep the same license plate number from license plates issued on or after January 1, 2006, but before January 1, 2010, when replacement of those plates is required under this subsection.

(b) A motor vehicle that is registered for a 13-month to a 24-month period, as provided in 61-3-311, may display the license plate and plate design in effect at the time of registration for the entire registration period.

(c) A light vehicle described in subsection (2)(b) or a motor home that is permanently registered may display the license plate and plate design in effect at the time of registration for the entire period that the light vehicle or motor home is permanently registered.

(d) The provisions of this subsection (3) do not apply to a travel trailer, motorcycle, quadricycle, trailer, semitrailer, or pole trailer.

(e) The requirements of this subsection (3) apply to collegiate license plates authorized under 61-3-461 through 61-3-468, generic specialty license plates authorized under 61-3-472 through 61-3-481, commemorative centennial license plates authorized under 61-3-448, and special military or veteran license plates authorized under 61-3-458.

(4) For trailers and motor vehicles, other than motorcycles and quadricycles, plates must be of metal 6 inches wide and 12 inches in length. Except for generic specialty license plates, the outline of the state of Montana must be used as a distinctive border on all license plates, and the word "Montana" must be placed on each license plate. All license plates must be treated with a reflectorized background material according to specifications prescribed by the department.

(5) The distinctive registration numbers for standard license plates must begin with a number one or with a letter-number combination, such as "A 1" or "AA 1", or any other similar combination of letters and numbers. Except for special license plates, collegiate license plates, generic specialty license plates, and fleet license plates, the distinctive registration number or letter-number combination assigned to the motor vehicle must appear on the plate preceded by the number of the county and appearing in horizontal order on the same horizontal baseline. The county number must be separated from the distinctive registration number by a separation mark unless a letter-number combination is used. The dimensions of the numerals and letters must be determined by the department, and all county and registration numbers must be of equal height.

(6) For the use of exempt motor vehicles, trailers, semitrailers, or pole trailers and motor vehicles, trailers, semitrailers, or pole trailers that are exempt from the registration fee as provided in 61-3-321, in addition to the markings provided in this section, standard license plates must bear the following distinctive markings:

(a) For motor vehicles, trailers, semitrailers, or pole trailers owned by the state, the department may designate the prefix number for the various state departments. All numbered plates issued to state departments must bear the words "State Owned", and a year number may not be indicated on the plates because these numbered plates are of a permanent nature and will be replaced by the department only when the physical condition of numbered plates requires it.

(b) For motor vehicles, trailers, semitrailers, or pole trailers that are owned by the counties, municipalities, and special districts, as defined in 18-8-202, organized under the laws of Montana and not operating for profit, and that are used and operated by officials and employees in the line of duty and for motor vehicles on loan from the United States government or the state of Montana to, or owned by, the civil air patrol and used and operated by officials and employees in the line of duty, there must be placed on the standard license plates assigned, in a position that the department may designate, the letter "X" or the word "EXEMPT". Distinctive registration numbers for plates assigned to motor

vehicles, trailers, semitrailers, or pole trailers of each of the counties in the state and those of the municipalities and special districts that obtain plates within each county must begin with number one and be numbered consecutively. Because these standard license plates are of a permanent nature, they are subject to replacement by the department only when the physical condition of the license plates requires it and a year number may not be displayed on the plates.

(7) For the purpose of this chapter, the several counties of the state are assigned numbers as follows: Silver Bow, 1; Cascade, 2; Yellowstone, 3; Missoula, 4; Lewis and Clark, 5; Gallatin, 6; Flathead, 7; Fergus, 8; Powder River, 9; Carbon, 10; Phillips, 11; Hill, 12; Ravalli, 13; Custer, 14; Lake, 15; Dawson, 16; Roosevelt, 17; Beaverhead, 18; Chouteau, 19; Valley, 20; Toole, 21; Big Horn, 22; Musselshell, 23; Blaine, 24; Madison, 25; Pondera, 26; Richland, 27; Powell, 28; Rosebud, 29; Deer Lodge, 30; Teton, 31; Stillwater, 32; Treasure, 33; Sheridan, 34; Sanders, 35; Judith Basin, 36; Daniels, 37; Glacier, 38; Fallon, 39; Sweet Grass, 40; McCone, 41; Carter, 42; Broadwater, 43; Wheatland, 44; Prairie, 45; Granite, 46; Meagher, 47; Liberty, 48; Park, 49; Garfield, 50; Jefferson, 51; Wibaux, 52; Golden Valley, 53; Mineral, 54; Petroleum, 55; Lincoln, 56. Any new counties must be assigned numbers by the department as they are formed, beginning with the number 57.

(8) Each type of special license plate approved by the legislature, except collegiate license plates authorized in 61-3-463 and generic specialty license plates authorized in 61-3-472 through 61-3-481, must be a separate series of plates, numbered as provided in subsection (5), except that the county number must be replaced by a design that distinguishes each separate plate series. Unless otherwise specifically stated in this section, the special plates are subject to the same rules and laws as govern the issuance of standard license plates, must be placed or mounted on a motor vehicle, trailer, semitrailer, or pole trailer owned by the person who is eligible to receive them, with the registration decal affixed to the rear license plate of the motor vehicle, trailer, semitrailer, or pole trailer, and must be removed upon sale or other disposition of the motor vehicle, trailer, semitrailer, or pole trailer.

(9) (a) A Montana resident who is eligible to receive a special parking permit under 49-4-301 may, upon written application on a form prescribed by the department, be issued a special license plate with a design or decal bearing a representation of a wheelchair as the symbol of a person with a disability.

(b) If the motor vehicle to which the license plate is attached is permanently registered, the owner of the motor vehicle shall provide, upon request of a person authorized to enforce special parking laws or ordinances in this or any state, evidence of continued eligibility to use the license plate in the form of a valid special parking permit issued to or renewed by the vehicle owner under 49-4-304 and 49-4-305.

(c) A person with a permanent condition, as provided in 49-4-301(2)(b), who has been issued a special license plate upon written application, as provided in this subsection (9), is not required to reapply upon reregistration of the motor vehicle.

(10) The provisions of this section do not apply to a motor vehicle, trailer, semitrailer, or pole trailer that is registered as part of a fleet, as defined in 61-3-712, and that is subject to the provisions of 61-3-711 through 61-3-733."

[SB 28]

AN ACT CLARIFYING THAT MENTAL HEALTH DIVERSION GRANT AWARDS ARE BASED ON ADMISSIONS TO THE MONTANA STATE HOSPITAL; AMENDING SECTION 53-21-1203, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 53-21-1203, MCA, is amended to read:

"53-21-1203. State matching fund grants for county crisis intervention, jail diversion, precommitment, and short-term inpatient treatment costs. (1) As soon as possible after July 1 of each year, from funds appropriated by the legislature for the purposes of this section, the department shall grant to each eligible county state matching funds for:

(a) jail diversion and crisis intervention services to implement 53-21-1201 and 53-21-1202;

(b) insurance coverage against catastrophic precommitment costs~~,~~ if a county insurance pool is established pursuant to 2-9-211; and

(c) short-term inpatient treatment.

(2) Grant amounts must be based on available funding and the prospects that a county or multicounty plan submitted pursuant to subsection (3) will, if implemented, reduce admissions to the state hospital for emergency and court-ordered detention and evaluation and ultimately result in cost savings to the state. The department shall develop a sliding scale for state grants based upon the historical county use of the state hospital with a high-use county receiving a lower percentage of matching funds. The sliding scale must be based upon the number of ~~commitments~~ *admissions* by county compared to total ~~commitments~~ *admissions* and upon the population of each county compared to the state population.

(3) In order to be eligible for the state matching funds, a county shall, in the time and manner prescribed by the department:

(a) apply for the funds and include in the grant application a detailed plan for how the county and other local entities will collaborate and commit local funds for the mental health services listed in subsection (1);

(b) develop and submit to the department a county or multicounty jail diversion and crisis intervention services strategic plan pursuant to 53-21-1201 and 53-21-1202, including a plan for community-based or regional emergency and court-ordered detention and examination services and short-term inpatient treatment;

(c) participate in a statewide or regional county insurance plan for precommitment costs under 53-21-132~~,~~ if a statewide or regional insurance plan has been established~~,~~ as authorized under 2-9-211;

(d) participate in a statewide or regional jail suicide prevention program~~,~~ if one has been established by the department for the state or for the region in which the county is situated; and

(e) collect and report data and information on county jail diversion, crisis intervention, and short-term inpatient treatment services in the form and manner prescribed by the department to support program evaluation and measure progress on performance goals.

(4) The department shall adopt rules ~~by August 1, 2009,~~ *by August 1, 2011,* to implement the provisions of this section."

[SB 352]

AN ACT ALLOWING SPECIAL RISK CLASSIFICATIONS FOR PRIVATE PASSENGER AND COMMERCIAL AUTOMOBILE POLICIES TO BE BASED ON FAVORABLE AND ADVERSE INFORMATION CONTAINED IN AN EXPERIENCE RECORD; AND AMENDING SECTIONS 33-16-201 AND 33-18-210, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 33-16-201, MCA, is amended to read:

"33-16-201. Standards applicable to rates. The following standards apply to the making and use of rates pertaining to all classes of insurance to which the provisions of this chapter are applicable:

(1) (a) Rates may not be excessive or inadequate, and they may not be unfairly discriminatory.

(b) A rate may not be held to be excessive unless the rate is unreasonably high for the insurance provided and a reasonable degree of competition does not exist in the area with respect to the classification to which the rate is applicable.

(c) A rate may not be held to be inadequate unless the rate is unreasonably low for the insurance provided and the continued use of the rate endangers the solvency of the insurer using the rate or unless the rate is unreasonably low for the insurance provided and the use of the rate by the insurer has, or if continued will have, the effect of destroying competition or creating a monopoly.

(2) (a) Consideration must be given, when applicable, to past and prospective loss experience within and outside this state, to revenue and profits from reserves, to conflagration and catastrophe hazards, if any, to a reasonable margin for underwriting profit and contingencies, to past and prospective expenses, both countrywide and those specially applicable to this state, and to all other factors, including judgment factors, considered relevant within and outside this state. In the case of fire insurance rates, consideration may be given to the experience of the fire insurance business during the most recent 5-year period for which experience is available.

(b) Consideration may also be given in the making and use of rates to dividends, savings, or unabsorbed premium deposits allowed or returned by insurers to their policyholders, members, or subscribers.

(3) The systems of expense provisions included in the rates for use by any insurer or group of insurers may differ from those of other insurers or groups of insurers to reflect the operating methods of the insurer or group with respect to any kind of insurance or with respect to any subdivision or combination of insurance.

(4) *(a)* Risks may be grouped by classifications for the establishment of rates and minimum premiums. Classification rates may be modified to produce rates for ~~individual~~ *separate* risks in accordance with rating plans that establish standards for measuring variations in hazards or expense provisions, or both. The standards may measure any difference among risks that have a probable effect upon losses or expenses. Classifications or modifications of classifications of risks may be established, based upon size, expense, management, individual experience, location or dispersion of hazard, or any other reasonable considerations.

(b) Special risk classifications may be established *for private passenger automobile policies. Special risk classifications may be* based upon favorable

aspects of an ~~insured's~~ *insured individual's* claims history that is 3 years old or older. ~~However, a special risk classification~~ *Special risk classifications* may not be established based on ~~anything~~ adverse ~~to the insured in a~~ *information contained in an insured individual's* driving record that is 3 years old or older.

(c) Special risk classifications may be established for commercial automobile policies. Special risk classifications for commercial automobile policies may be based upon favorable aspects of an insured's claims history that is 5 years old or older. Special risk classifications for commercial automobile policies established for an insured's adverse loss experience may not use more than the most recent 5 years of claims history that is available.

(d) Classifications and modifications apply to all risks under the same or substantially the same circumstances or conditions.

(e) As used in subsection (4)(b), "private passenger automobile policy" means an automobile insurance policy issued to individuals or families but does not include policies known as commercial automobile policies."

Section 2. Section 33-18-210, MCA, is amended to read:

"33-18-210. Unfair discrimination and rebates prohibited — property, casualty, and surety insurances. (1) A title, property, casualty, or surety insurer or an employee, representative, or insurance producer of an insurer may not, as an inducement to purchase insurance or after insurance has been effected, pay, allow, or give or offer to pay, allow, or give, directly or indirectly, a:

(a) rebate, discount, abatement, credit, or reduction of the premium named in the insurance policy;

(b) special favor or advantage in the dividends or other benefits to accrue on the policy; or

(c) valuable consideration or inducement not specified in the policy, except to the extent provided for in an applicable filing with the commissioner as provided by law.

(2) An insured named in a policy or an employee of the insured may not knowingly receive or accept, directly or indirectly, a:

(a) rebate, discount, abatement, credit, or reduction of premium;

(b) special favor or advantage; or

(c) valuable consideration or inducement.

(3) An insurer may not make or permit unfair discrimination in the premium or rates charged for insurance, in the dividends or other benefits payable on insurance, or in any other of the terms and conditions of the insurance either between insureds or property having like insuring or risk characteristics or between insureds because of race, color, creed, religion, or national origin.

(4) This section may not be construed as prohibiting the payment of commissions or other compensation to licensed insurance producers or as prohibiting an insurer from allowing or returning lawful dividends, savings, or unabsorbed premium deposits to its participating policyholders, members, or subscribers.

(5) An insurer may not make or permit unfair discrimination between individuals or risks of the same class and of essentially the same hazards by refusing to issue, refusing to renew, canceling, or limiting the amount of insurance coverage on a property or casualty risk because of the geographic location of the risk, unless:

(a) the refusal, cancellation, or limitation is for a business purpose that is not a mere pretext for unfair discrimination; or

(b) the refusal, cancellation, or limitation is required by law or regulatory mandate.

(6) An insurer may not make or permit unfair discrimination between individuals or risks of the same class and of essentially the same hazards by refusing to issue, refusing to renew, canceling, or limiting the amount of insurance coverage on a residential property risk or on the personal property contained in the residential property, because of the age of the residential property, unless:

(a) the refusal, cancellation, or limitation is for a business purpose that is not a mere pretext for unfair discrimination; or

(b) the refusal, cancellation, or limitation is required by law or regulatory mandate.

(7) An insurer may not refuse to insure, refuse to continue to insure, or limit the amount of coverage available to an individual because of the sex or marital status of the individual. However, an insurer may take marital status into account for the purpose of defining persons eligible for dependents' benefits.

(8) An insurer may not terminate or modify coverage or refuse to issue or refuse to renew a property or casualty policy or contract of insurance solely because the applicant or insured or any employee of either is mentally or physically impaired. However, this subsection does not apply to accident and health insurance sold by a casualty insurer, and this subsection may not be interpreted to modify any other provision of law relating to the termination, modification, issuance, or renewal of any insurance policy or contract.

(9) *(a)* An insurer may not refuse to insure, refuse to continue to insure, charge higher rates, or limit the amount of coverage available to an individual *under a private passenger automobile policy* based solely on adverse information contained in ~~a~~ *an individual's* driving record that is 3 years old or older. ~~However, an~~ *An* insurer may provide discounts to an insured *under a private passenger automobile policy* based on favorable aspects of an insured's claims history that is 3 years old or older.

(b) An insurer may not use more than the most recent 5 years of loss experience that is available when determining whether to refuse to insure, refuse to continue to insure, charge higher rates, or limit the amount of coverage available under a commercial automobile policy. An insurer may provide discounts to an insured under a commercial automobile policy based on favorable aspects of an insured's claims history that is 5 years old or older.

(c) As used in subsection (9)(a), "private passenger automobile policy" means an automobile insurance policy issued to individuals or families but does not include policies known as commercial automobile policies.

(10) An insurer may not charge points or surcharge a private passenger motor vehicle policy because of a claim submitted under the insured's policy if the insured was not at fault."

AN ACT ALLOWING THE DEPARTMENT OF COMMERCE TO REVIEW, ANALYZE, AND COMMENT ON BEHALF OF LOCAL GOVERNMENTS REGARDING SIGNIFICANT FEDERAL LAND MANAGEMENT PROPOSALS; PROVIDING FOR RULEMAKING; AND ESTABLISHING ADVOCACY ON BEHALF OF LOCAL GOVERNMENTS AS A FUNCTION OF

THE DEPARTMENT OF COMMERCE REGARDING FEDERAL LAND MANAGEMENT PROPOSALS.

WHEREAS, the Department of Commerce has a responsibility to maintain and advance the socioeconomic health of Montana communities; and

WHEREAS, Montana communities often lack the resources to quickly analyze and comment on federal land management proposals that may impact their communities; and

WHEREAS, the lack of regularity regarding federal land management proposals affecting Montana communities complicates responses by local governments and additionally means there is little need for a separate state program while still a need to respond in a timely manner.

Be it enacted by the Legislature of the State of Montana:

Section 1. Functions of department of commerce — socioeconomic advocacy. The department of commerce may, if funds are available, advocate on behalf of local governments, as defined in 7-11-1002, by reviewing, analyzing, and commenting on prospective impacts on local socioeconomic conditions from federal land management proposals.

Section 2. State assistance to local governments in review of and comment on federal land management proposals — rulemaking. (1) In carrying out the provisions of [section 1], the department of commerce may conduct on behalf of local governments a socioeconomic impact review and analysis of significant federal land management proposals. The department of commerce may use the review and analysis to comment in a timely manner on the federal proposals regarding projected impacts on local government.

(2) The department of commerce may:

(a) establish a minimal procedure for local governments to request from the department a review and analysis of significant federal land management proposals that may have a direct socioeconomic impact on the community for which the local government has requested the review. The request must include sufficient details about the federal land management proposal for the department of commerce to determine a deadline by which the review must be conducted.

(b) contract with a unit of the Montana university system experienced in technical, doctorate-level analysis of the socioeconomic impacts of federal land management proposals to provide an independent economic analysis of the federal proposals;

(c) advocate on behalf of the local government before the agency issuing the federal land management proposals, using the reports generated under this subsection (2); and

(d) report to an appropriate legislative interim committee regarding the number of requests, the types of requests, and the number of responses handled annually. The department shall post the information under this subsection (2)(d) on its website along with a summary of each requested analysis.

(3) The department of commerce may adopt rules to implement this section.

Section 3. Codification instruction. [Sections 1 and 2] are intended to be codified as an integral part of Title 90, chapter 1, part 1, and the provisions of Title 90, chapter 1, part 1, apply to [sections 1 and 2].

(c) may direct the design of one or more types of skills tests to assess an applicant's or licensee's ability to exercise ordinary and reasonable control in the safe operation of a motor vehicle on the highway. A skills test may consist of:

(i) a comprehensive assessment of a person's functional abilities by means of an actual demonstration of the applicant's ability to exercise ordinary and reasonable control in the safe operation of a motor vehicle; or

(ii) a more limited assessment of a person's functional abilities, conducted at the discretion of the department, as related to a specific physical or mental condition or conditions or a request for reexamination;

(d) must include operational restrictions based upon the visual acuity of an applicant or licensee;

(e) may take into consideration any nationally recognized standards or recommended practices for assessment of a person's ability to exercise ordinary and reasonable control in the safe operation of a motor vehicle on the highway;

not available to accompany the permitholder due to employment or circumstances related to the operation of a farm or ranch and the permitholder is required to drive more than 7 miles from the permitholder's residence to the permitholder's school bus stop.

Section 7. Section 61-3-332, MCA, is amended to read:

"61-3-332. Standard license plates. (1) In addition to special license plates, collegiate license plates, generic specialty license plates, and fleet license plates authorized under this chapter, a separate series of standard license plates must be issued for motor vehicles, quadricycles, travel trailers, trailers, semitrailers, and pole trailers registered in this state or offered for sale by a vehicle dealer licensed in this state. Standard license plates issued to licensed vehicle dealers must be readily distinguishable from license plates issued to vehicles owned by other persons.

(2) (a) Except as provided in 61-3-479 and subsections (2)(b), (3)(b), and (3)(c) of this section, all standard license plates for motor vehicles, trailers, semitrailers, or pole trailers must bear a distinctive marking, as determined by the department, and be furnished by the department. In years when standard license plates are not reissued for a vehicle, the department shall provide a registration decal that must be affixed to the rear license plate of the vehicle.

(b) For light vehicles that are permanently registered as provided in 61-3-562 and motor vehicles described in 61-3-303(9) that are permanently registered, the department shall provide a distinctive registration decal indicating that the motor vehicle is permanently registered. The registration decal must be affixed to the rear license plate of the permanently registered motor vehicle.

(c) For a travel trailer, motorcycle, quadricycle, trailer, semitrailer, or pole trailer that is permanently registered as provided in 61-3-313(2), the department may use the word or an abbreviation for the word "permanent" on the plate in lieu of issuing a registration decal for the plate.

(3) (a) (i) Beginning January 1, 2010, and every 5 years after that date, the department shall design standard license plates to replace previously issued standard license plates. For the purposes of this subsection (3), all military, veteran, and amateur radio license plates and any license plate with a wheelchair design, excluding collegiate or generic specialty plates with a wheelchair design, are treated as standard license plates.

(ii) License plates issued on or after January 1, 2010, must be replaced with the most recent design of standard license plates or a new replacement collegiate or generic speciality license plate if, upon renewal of registration under 61-3-332, the license plates are 5 or more years old or will become older than 5 years during the registration period.

(iii) License plates issued on or before January 1, 2010, must be replaced with the most recent design of standard license plates or a new replacement collegiate or generic specialty license plate in accordance with the implementation schedule adopted by the department under 61-3-315. Until

January 1, 2015, and upon payment of the fee required in ~~61-3-321(12)(b)~~ *61-3-321(13)(b)*, a vehicle owner may elect to keep the same license plate number from license plates issued on or after January 1, 2006, but before January 1, 2010, when replacement of those plates is required under this subsection.

(b) A motor vehicle that is registered for a 13-month to a 24-month period, as provided in 61-3-311, may display the license plate and plate design in effect at the time of registration for the entire registration period.

(c) A light vehicle described in subsection (2)(b) or a motor home that is permanently registered may display the license plate and plate design in effect at the time of registration for the entire period that the light vehicle or motor home is permanently registered.

(d) The provisions of this subsection (3) do not apply to a travel trailer, motorcycle, quadricycle, trailer, semitrailer, or pole trailer.

(e) The requirements of this subsection (3) apply to collegiate license plates authorized under 61-3-461 through 61-3-468, generic specialty license plates authorized under 61-3-472 through 61-3-481, commemorative centennial license plates authorized under 61-3-448, and special military or veteran license plates authorized under 61-3-458.

(4) For trailers and motor vehicles, other than motorcycles and quadricycles, plates must be of metal 6 inches wide and 12 inches in length. Except for generic specialty license plates, the outline of the state of Montana must be used as a distinctive border on all license plates, and the word "Montana" must be placed on each license plate. All license plates must be treated with a reflectorized background material according to specifications prescribed by the department.

(5) The distinctive registration numbers for standard license plates must begin with a number one or with a letter-number combination, such as "A 1" or "AA 1", or any other similar combination of letters and numbers. Except for special license plates, collegiate license plates, generic specialty license plates, and fleet license plates, the distinctive registration number or letter-number combination assigned to the motor vehicle must appear on the plate preceded by the number of the county and appearing in horizontal order on the same horizontal baseline. The county number must be separated from the distinctive registration number by a separation mark unless a letter-number combination is used. The dimensions of the numerals and letters must be determined by the department, and all county and registration numbers must be of equal height.

(6) For the use of exempt motor vehicles, trailers, semitrailers, or pole trailers and motor vehicles, trailers, semitrailers, or pole trailers that are exempt from the registration fee as provided in 61-3-321, in addition to the markings provided in this section, standard license plates must bear the following distinctive markings:

(a) For motor vehicles, trailers, semitrailers, or pole trailers owned by the state, the department may designate the prefix number for the various state departments. All numbered plates issued to state departments must bear the words "State Owned", and a year number may not be indicated on the plates because these numbered plates are of a permanent nature and will be replaced by the department only when the physical condition of numbered plates requires it.

(b) For motor vehicles, trailers, semitrailers, or pole trailers that are owned by the counties, municipalities, and special districts, as defined in 18-8-202, organized under the laws of Montana and not operating for profit, and that are

used and operated by officials and employees in the line of duty and for motor vehicles on loan from the United States government or the state of Montana to, or owned by, the civil air patrol and used and operated by officials and employees in the line of duty, there must be placed on the standard license plates assigned, in a position that the department may designate, the letter "X" or the word "EXEMPT". Distinctive registration numbers for plates assigned to motor vehicles, trailers, semitrailers, or pole trailers of each of the counties in the state and those of the municipalities and special districts that obtain plates within each county must begin with number one and be numbered consecutively. Because these standard license plates are of a permanent nature, they are subject to replacement by the department only when the physical condition of the license plates requires it and a year number may not be displayed on the plates.

(7) For the purpose of this chapter, the several counties of the state are assigned numbers as follows: Silver Bow, 1; Cascade, 2; Yellowstone, 3; Missoula, 4; Lewis and Clark, 5; Gallatin, 6; Flathead, 7; Fergus, 8; Powder River, 9; Carbon, 10; Phillips, 11; Hill, 12; Ravalli, 13; Custer, 14; Lake, 15; Dawson, 16; Roosevelt, 17; Beaverhead, 18; Chouteau, 19; Valley, 20; Toole, 21; Big Horn, 22; Musselshell, 23; Blaine, 24; Madison, 25; Pondera, 26; Richland, 27; Powell, 28; Rosebud, 29; Deer Lodge, 30; Teton, 31; Stillwater, 32; Treasure, 33; Sheridan, 34; Sanders, 35; Judith Basin, 36; Daniels, 37; Glacier, 38; Fallon, 39; Sweet Grass, 40; McCone, 41; Carter, 42; Broadwater, 43; Wheatland, 44; Prairie, 45; Granite, 46; Meagher, 47; Liberty, 48; Park, 49; Garfield, 50; Jefferson, 51; Wibaux, 52; Golden Valley, 53; Mineral, 54; Petroleum, 55; Lincoln, 56. Any new counties must be assigned numbers by the department as they are formed, beginning with the number 57.

(8) Each type of special license plate approved by the legislature, except collegiate license plates authorized in 61-3-463 and generic specialty license plates authorized in 61-3-472 through 61-3-481, must be a separate series of plates, numbered as provided in subsection (5), except that the county number must be replaced by a design that distinguishes each separate plate series. Unless otherwise specifically stated in this section, the special plates are subject to the same rules and laws as govern the issuance of standard license plates, must be placed or mounted on a motor vehicle, trailer, semitrailer, or pole trailer owned by the person who is eligible to receive them, with the registration decal affixed to the rear license plate of the motor vehicle, trailer, semitrailer, or pole trailer, and must be removed upon sale or other disposition of the motor vehicle, trailer, semitrailer, or pole trailer.

(9) (a) A Montana resident who is eligible to receive a special parking permit under 49-4-301 may, upon written application on a form prescribed by the department, be issued a special license plate with a design or decal bearing a representation of a wheelchair as the symbol of a person with a disability.

(b) If the motor vehicle to which the license plate is attached is permanently registered, the owner of the motor vehicle shall provide, upon request of a person authorized to enforce special parking laws or ordinances in this or any state, evidence of continued eligibility to use the license plate in the form of a valid special parking permit issued to or renewed by the vehicle owner under 49-4-304 and 49-4-305.

(c) A person with a permanent condition, as provided in 49-4-301(2)(b), who has been issued a special license plate upon written application, as provided in this subsection (9), is not required to reapply upon reregistration of the motor vehicle.

(10) The provisions of this section do not apply to a motor vehicle, trailer, semitrailer, or pole trailer that is registered as part of a fleet, as defined in 61-3-712, and that is subject to the provisions of 61-3-711 through 61-3-733."

Section 8. Section 61-6-158, MCA, is amended to read:

"61-6-158. Vehicle insurance verification and license plate operating account. (1) There is a vehicle insurance verification and license plate operating account in the state special revenue fund type as provided in 17-2-102.

(2) Fees imposed under 61-3-321(7)(b)(ii) and ~~(12)~~ *(13)*, 61-3-333, 61-3-465(1)(b)(i), 61-3-480(2)(c)(i), or 61-3-562(1)(a)(ii) or established and collected under 61-6-105 must be deposited in the account.

(3) The money in the vehicle insurance verification and license plate operating account must be used by the department to pay costs incurred in or associated with the operation, maintenance, and enhancement of the system established under 61-6-157 and the contract required in 61-3-338 for the manufacture and distribution of license plates by Montana correctional enterprises."

Section 9. Section 61-12-101, MCA, is amended to read:

"61-12-101. Powers of local authorities to regulate traffic. The provisions of chapters 8 and 9 do not prevent local authorities with respect to sidewalks, streets, and highways under their jurisdiction and within the reasonable exercise of the police power from:

(3) "Residential structure" means a single-family house, trailer, manufactured home, or mobile home, excluding any outbuildings, improvements, irrigation pumps, facilities, or other structures located on the property.

(4) "Small customer" has the meaning provided in 69-3-2003.

Section 2. Residential utility line extension — refund. (1) A small customer of an electric utility who pays for a portion of the construction of an extension to a residential structure or who advances money to the electric utility for a subsequent connection to that extension must receive a refund as provided in subsection (2) if an additional customer connects to the extension.

WHEREAS, the Montana Department of Fish, Wildlife, and Parks (MDFWP) is considering whether to deem and classify domestic livestock trailing as a commercial use that is subject to licensing or permitting by the department, the payment of a licensing or permitting fee, and an environmental review under the Montana Environmental Policy Act; and

WHEREAS, MDFWP has adopted administrative rules governing the commercial use of lands under the control, administration, and jurisdiction of the department; and

WHEREAS, livestock grazing, farming, haying, fencing, and timber harvest have been exempted from those rules; and

WHEREAS, given those exemptions for farming and ranching activities, the Legislature believes that domestic livestock trailing should also be exempt; and

WHEREAS, domestic livestock trailing is a necessary component of ranching and farming in Montana; and

WHEREAS, in order to sustain Montana's valuable farm and ranching economy and land bases associated with that economy, farmers and ranchers must be encouraged and have the right to engage in activities that allow them to remain in farming and ranching; and

WHEREAS, MDFWP's attempt to classify domestic livestock trailing as a commercial use and to subject trailing activities to environmental review interferes with the Legislature's directive under Article XII, section 1, of the

Montana Constitution to enact laws that protect, enhance, and develop all agriculture; and

WHEREAS, the Legislature has a strong interest in protecting the health of Montana's agriculture industry.

(b) backpay or any similar pay made for or in regard to previous service by the employee for the employer, other than retirement or pension benefits from a qualified plan;

(c) tips or other gratuities received by the employee, to the extent that tips or gratuities are documented by the employee to the employer for tax purposes;

(d) income or payment in the form of a draw, wage, net profit, or substitute for money received or taken by a sole proprietor or partner, regardless of whether the sole proprietor or partner has performed work or provided services for that remuneration;

(e) board, lodging, rent, or housing if it constitutes a part of the employee's remuneration and is based on its actual value; and

(f) payments made to an employee on any basis other than time worked, including but not limited to piecework, an incentive plan, or profit-sharing arrangement.

(b) For good cause shown, if the use of the last four pay periods does not accurately reflect the claimant's employment history with the employer, the wage may be calculated by dividing the total earnings for an additional period of time, not to exceed 1 year prior to the date of injury, by the number of weeks in that period, including periods of idleness or seasonal fluctuations.

(4) (a) For the purpose of calculating compensation benefits for an employee working concurrent employments, the average actual wages must be calculated as provided in subsection (3). As used in this subsection, "concurrent employment" means employment in which the employee was actually employed at the time of the injury and would have continued to be employed without a break in the term of employment if not for the injury.

(5) For the purposes of calculating compensation benefits for an employee working for an employer, as provided in 39-71-117(1)(d), and for calculating premiums to be paid by that employer, the wages must be based upon all hours worked multiplied by the mean hourly wage by area, as published by the department in the edition of Montana Informational Wage Rates by Occupation, adopted annually by the department, that is in effect as of the date of injury or for the period in which the premium is due."

GROUND WATER WELLS EXEMPT FROM PERMITTING; TEMPORARILY PROHIBITING RULEMAKING FOR WELLS EXEMPT FROM PERMITTING; PROVIDING AN APPROPRIATION; AND PROVIDING EFFECTIVE DATES AND A TERMINATION DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Legislative findings. The legislature finds that:

(1) the state of Montana has managed the allocation of water under the prior appropriation doctrine for more than 100 years;

(2) Article IX, section 3, of the Montana constitution recognizes and confirms all existing water rights;

(3) the right to the use of water through a water right is a recognized property right;

(4) the development of ground water wells that are exempt from permitting may have an adverse effect on other water rights;

(5) the Water Use Act requires the department of natural resources and conservation to coordinate the development and use of the water resources of the state so as to effect full utilization, conservation, and protection of its water resources; and

(6) the Water Use Act does not provide the department of natural resources and conservation with clear direction on the administration of ground water wells exempt from permitting.

Section 2. Interim study. (1) The water policy interim committee, provided for in 5-5-231, shall conduct a study of:

(a) wells that are exempt from permitting pursuant to 85-2-306, including:

(i) determining the number of existing exempt wells and estimating the number of ground water wells that may be exempted from permitting over the next decade under current laws and regulations;

(ii) summarizing the types of beneficial uses to which water from exempt wells is applied;

(iii) analyzing the amount of water reasonably necessary for the various beneficial uses served by exempt wells compared to the current statutory limits for flow rate and volume;

(iv) exploring options to provide accurate measurement of water appropriated via exempt wells;

(v) examining enforcement options for exempt wells to ensure that they do not exceed statutory limits or disrupt the priority system for water right administration governed by the Water Use Act and the Montana constitution;

(vi) examining applicable research and analysis conducted by the ground water investigation program at the Montana bureau of mines and geology provided for in 85-2-525;

(vii) examining the historical treatment of exempt wells and the evolution of laws and rules governing exempt wells;

(viii) analyzing how the water appropriated by exempt wells may affect surface water appropriations, including existing claims, permits, certificates, and reservations; and

(ix) examining the legal options for integrating exempt wells into the principle that first in time is first in right when senior water rights are not fulfilled;

(b) the statutes, rules, programs, and policies employed by other prior appropriation states for exempt wells, including legal challenges;

(c) the adequacy of existing programs and tools for managing and mitigating the development of wells that would otherwise be exempt from permitting, including but not limited to controlled ground water areas created pursuant to Title 85, chapter 2, part 5, water mitigation banks, community water system incentives, and in-lieu-of-fee programs;

(d) the relationship between exempt wells and land use decisions, including the relationship between exempt wells and individual septic systems, the cost comparison of installing public water systems or extending existing water infrastructure, and the role of local governments in requiring alternatives to exempt wells; and

(e) the rulemaking authority of the department of natural resources and conservation in relation to the statutory policy and purpose provided for in 85-2-101.

(2) The committee shall prepare a report to submit to the 63rd legislature that provides clear policy direction and necessary legislation to guide Montana's policy regarding wells that may be exempt from the permitting process.

Section 3. Limit on rulemaking authority. (1) Except as provided in subsection (2), the department of natural resources and conservation may not adopt rules to implement the provisions of 85-2-306(3) for ground water wells that are exempt from permitting until October 1, 2012.

(2) The department may adopt rules to implement amendments to 85-2-306(3) that were passed and approved by the 62nd legislature for:

(a) appropriations by a local governmental fire agency organized under Title 7, chapter 33, provided that the appropriation is used only for emergency fire protection; or

(b) nonconsumptive appropriations for geothermal heating or cooling exchange applications.

Section 4. Appropriation. (1) There is appropriated $15,000 from the general fund for the biennium beginning July 1, 2011, to the water policy interim committee for the purpose of completing the study required pursuant to [section 2].

Section 5. Effective dates. (1) Except as provided in subsection (2), [this act] is effective on passage and approval.

(2) [Section 4] is effective July 1, 2011.

Section 6. Termination. [This act] terminates June 30, 2013.

WHEREAS, the 2007 Legislature passed House Joint Resolution No. 16, urging that revision of the criminal codes within Title 87 of the Montana Code Annotated be given priority; and

(b) purposely, knowingly, or negligently permit a dog to chase, stalk, pursue, attack, or kill a hooved game animal. If the dog is not under the control of an adult at the time of the violation, the owner of the dog is personally responsible. A defense that the dog was allowed to run at large by another person is not allowable unless it is shown that at the time of the violation, the dog was running at large without the consent of the owner and that the owner took reasonable precautions to prevent the dog from running at large.

(2) Except as provided in subsection (3)(d), a peace officer, game warden, or other person authorized to enforce the Montana fish and game laws who witnesses a dog chasing, stalking, pursuing, attacking, or killing a hooved game animal may destroy that dog on public land or on private land at the request of the landowner without criminal or civil liability.

(6) Any person or association organized for the protection of game may run field trials at any time upon obtaining written permission from the director.

(7) A person convicted of a violation of this section shall be fined not less than $50 or more than $1,000 or be imprisoned in the county detention center for not

more than 6 months, or both. In addition, the person, upon conviction or forfeiture of bond or bail, may be subject to forfeiture of any current hunting, fishing, or trapping license issued by this state and the privilege to hunt, fish, or trap in this state or to use state lands, as defined in 77-1-101, for recreational purposes for a period of time set by the court.

(8) A violation of this section may also result in an order to pay restitution pursuant to [sections 67 through 69]."

Section 128. Coordination instruction. If both House Bill No. 336 and [this act] are passed and approved, then [section 4 of House Bill No. 336], amending 87-3-506, is void and [section 48 of Senate Bill No. 124] reads as follows:

"NEW SECTION. **Section 48. Waste of fur-bearing animal.** (1) A person may not waste a fur-bearing animal by purposely or knowingly:

(b) attending traps or snares so that fur-bearing animals are wasted; or

(c) wasting the pelt of any fur-bearing animal.

(2) The department shall enforce the provisions of this section.

(3) The following are exempt from this section:

(a) federal, state, and county predator control programs; and

(b) pelts of muskrat and beaver killed pursuant to [section 47(2)].

A hearing to determine the amount of restitution, as required under 46-9-512, is not required for an order of restitution under this section."

Section 130. Coordination instruction. If both House Bill No. 336 and [this act] are passed and approved, then [section 2 of House Bill No. 336], amending 87-1-115, is void and [section 69 of Senate Bill No. 124] reads as follows:

[SB 146]

AN ACT DECLARING THAT CERTAIN TRANSFER FEE COVENANTS DO NOT RUN WITH THE TITLE TO REAL PROPERTY AND ARE UNENFORCEABLE AT LAW OR IN EQUITY AGAINST A SUBSEQUENT OWNER, PURCHASER, OR MORTGAGEE OF REAL PROPERTY AS A COVENANT, AN EQUITABLE SERVITUDE, OR OTHERWISE; DECLARING THAT A LIEN FILED AGAINST REAL PROPERTY TO ENFORCE THE PAYMENT OF A TRANSFER FEE IS VOID AND UNENFORCEABLE; AMENDING SECTION 70-17-203, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Findings — purpose. The legislature finds and declares that transfer fee covenants, as defined in [section 2], impair the marketability and transferability of real property by constituting an unreasonable restraint on alienation regardless of the duration of the covenants or the amount of the transfer fees. The purpose of [sections 1 and 2] is to prohibit transfer fee covenants from running with the title to real property or binding subsequent owners of the property under common law or equitable principles.

Section 2. Transfer fee covenants — void. (1) A transfer fee covenant or any lien that is recorded or filed to enforce a transfer fee under a transfer fee covenant does not run with the title to real property and is not binding upon or enforceable at law or in equity against any subsequent owner, purchaser, or mortgagee of any interest in the real property as a covenant, an equitable servitude, or otherwise.

(2) For purposes of this section, the following definitions apply:

(a) "Transfer" has the meaning provided in 70-1-501.

(b) "Transfer fee" means a fee or charge payable upon the transfer of legal or equitable title to an interest in real property regardless of whether the fee or charge is a fixed amount or is determined as a percentage of the value of the real property, the purchase price, or other consideration given for the transfer. For purposes of this section, a transfer fee does not include the following:

(i) consideration payable by the transferee to the transferor for the interest in real property being transferred, including any subsequent additional consideration for the property payable by the transferee based upon any subsequent appreciation, development, or sale of the property, if the additional consideration is payable on a one-time basis only and the obligation to make the payment does not bind the original transferee's successors in interest to the property;

(ii) a commission payable to a licensed real estate salesperson or broker for the transfer of real property pursuant to an agreement between the broker and the transferor or the transferee, including any subsequent additional commission for the transfer payable by the transferor or the transferee based upon any subsequent appreciation, development, or sale of the property;

(iii) interest, charges, fees, or other amounts payable by a borrower to a lender pursuant to a loan secured by a mortgage, deed of trust, trust indenture, or other security interest against real property, including but not limited to a fee payable to the lender for consenting to an assumption of the loan or a transfer of the real property subject to the mortgage or other security interest, fees, or charges payable to the lender;

(iv) consideration payable by a buyer under a contract for deed as a condition of allowing a buyer to acquire equitable title to the real property described in the contract for deed;

(v) any fee, charge, assessment, dues, contribution, or other amount payable to:

(A) an association of unit owners as defined in 70-23-102, or any association of homeowners, mobile home owners, townhouse owners, or other property owners created pursuant to a recorded declaration that has the power to require owners to pay the costs and expenses incurred in the performance of the association's obligations; or

(B) a nonprofit corporation as provided in Title 35, chapter 2, that is exempt from taxation under section 501(c)(3), 501(c)(4), or 528 of the Internal Revenue Code.

(c) "Transfer fee covenant" means a covenant or declaration recorded or filed against the title to real property that requires the payment of a transfer fee to the declarant or other person specified in the covenant or declaration or to the declarant's or other person's successors or assigns upon each subsequent transfer of a legal or equitable interest the real property.

(3) This section does not apply to any easement granted pursuant to Title 77.

Section 3. Section 70-17-203, MCA, is amended to read:

"70-17-203. Covenants that run with land. (1) Except as provided in 70-1-522~~,~~ *and [section 2],* every covenant contained in a grant of an estate in real property that is made for the direct benefit of the property or some part of the property then in existence runs with the land.

(2) Subsection (1) includes:

(a) covenants of warranty, for quiet enjoyment, or for further assurance on the part of the grantor and covenants for the payment of rent or of taxes or assessments upon the land on the part of a grantee; and

(b) conservation easements pursuant to 76-6-209.

(3) A covenant for the addition of some new thing to real property or for the direct benefit of some part of the property not then in existence or annexed to the property, when contained in a grant of an estate in the property and made by the covenantor expressly for the covenantor's assigns or to the assigns of the covenantee, runs with the land so far as the assigns mentioned are concerned."

Section 4. Codification instruction. [Sections 1 and 2] are intended to be codified as an integral part of Title 70, chapter 17, part 2, and the provisions of Title 70, chapter 17, part 2, apply to [sections 1 and 2].

Section 5. Effective date. [This act] is effective on passage and approval.

Section 6. Applicability. [This act] applies to transfer fee covenants filed on or after [the effective date of this act].

[SB 218]

AN ACT ESTABLISHING PROCEDURES FOR SAMPLING PLANTS PROTECTED BY PATENT OR OTHER INTELLECTUAL PROPERTY LAWS; ALLOWING CONFIDENTIALITY; REQUIRING MEDIATION OF CLAIMS INVOLVING PROTECTED PLANTS; PROVIDING AN EXCEPTION; PROVIDING RULEMAKING AUTHORITY; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Legislative findings — purpose. (1) The legislature finds that:

(a) the production of diverse agricultural crops is critical to the economic stability of Montana;

(b) Montana's agricultural companies and producers strive to operate their companies and grow their crops pursuant to generally accepted farming principles and practices;

(c) agricultural companies and producers in Montana are responsible for operating their businesses in a cooperative manner with their neighbors;

(d) the ability of Montana's growers to continue to compete in an expanding worldwide market is dependent upon access to a variety of crops that are resistant to diseases and pests;

(e) Montana's arid climate necessitates the development of types of crops that are drought-tolerant; and

(f) science has been a critical part of agriculture since its inception.

(2) The purpose of [sections 1 through 6] is to provide an orderly process to be followed when an intellectual property claim related to plants arises.

Section 2. Definitions. As used in [sections 1 through 6], the following definitions apply:

(1) "Grower" means the person responsible for planting and managing a crop on land where infringement of an intellectual property right is suspected to have occurred.

(2) "Person" means an individual, firm, association, corporation, partnership, the state, a subdivision of the state, or any other form of business enterprise.

(3) "Protected plant" means any plant part or material, including but not limited to seeds and genetic traits, that is patented by the U.S. patent and trademark office or protected under the federal Plant Variety Protection Act, 7 U.S.C. 2321, et seq., or any other intellectual property protection recognized by federal law.

Section 3. Suspected violations — sampling procedures — confidentiality. (1) When an intellectual property owner or that person's agent makes a claim that a grower has planted, grown, or retained seed or any other plant part from a protected plant in violation of the intellectual property rights of another person, the claimant shall:

(a) request permission from the grower to enter the grower's land for the purpose of sampling;

(b) notify the grower that the grower may ask that the sampling be done by the department; and

(c) notify the department that a claim is being made.

(2) If the grower withholds permission to enter the grower's land or refuses to be present for sampling at a reasonable time and place, the claimant may petition a court for permission to enter the grower's land and [section 4(8)] applies.

(3) (a) A court may grant an order allowing a claimant to enter the property if the court determines the sampling effort to be:

(i) minimally invasive;

(ii) minimally disruptive; and

(iii) reasonably based on information sufficient to support an inspection.

(b) The court may order the claimant to pay for any physical damages caused during the process of sampling.

(4) (a) When sampling is conducted, the grower and the claimant both have the right to be present if both the grower and the claimant have made a good faith effort to be present at a reasonable time and place.

(b) A department representative must be present during sampling if the department's presence is requested by either the grower or the claimant.

(c) The department may perform the sampling if asked to do so by the claimant or the grower. The department shall charge a fee that covers the costs of providing the sampling service. The fee may not exceed other seed-related sampling fees charged by the department.

(5) Costs associated with sampling must be paid by the claimant unless:

(a) both parties agree to a different assignment of costs through a contractual or settlement agreement; or

(b) a different allocation is ordered through mediation or court order.

(6) (a) The grower or the claimant may request that an independent laboratory confirm the presence of a protected plant in the samples taken. If the department took the sample, the department shall select an independent and qualified laboratory to conduct the requested laboratory services.

(b) Costs associated with the laboratory services must be paid by the entity making the request unless:

(i) both parties agree to a different assignment of costs through a contractual agreement or settlement agreement; or

(ii) a different allocation is directed through mediation or court order.

(7) The results of any sampling and laboratory services conducted pursuant to this section must be sent to the grower and the claimant by certified mail within 30 days.

(8) The results of all sampling and testing are confidential unless both the grower and the claimant agree to make them public.

Section 4. Mediation required before judicial action. (1) Except as provided in subsection (8), a claimant shall seek mediation before seeking judicial relief regarding a claim that a grower has planted, grown, or retained seed or any plant part from a protected plant in violation of the intellectual property rights of another person.

(2) The claimant shall notify the grower by certified mail and shall also advise the department of the intellectual property claim.

(3) (a) A mediator chosen pursuant to this section must:

(i) be selected and agreed upon by the claimant and the grower;

(ii) be an attorney; and

(iii) possess the necessary skills and qualifications to be a mediator.

(b) Preference must be given to attorneys with experience in intellectual property claims.

(4) (a) The department shall maintain a list of qualified mediators willing to perform mediation under [sections 1 through 6]. Both parties to an action may suggest names of a mediator as soon as the grower and the department are notified of the claim. The parties are not limited to using mediators from the department's list.

(b) The parties shall exercise good faith and diligence in selection of the mediator. If the parties exercise good faith and diligence and are unable to agree upon a mediator within 90 days of notice to the grower, either party may seek judicial relief.

(5) (a) The selected mediator shall schedule mediation to begin within 30 days at a location agreeable to both parties. The parties shall conclude mediation within 30 days of commencement of mediation unless the parties agree to a longer mediation period.

(b) The parties shall share equally in the costs of the mediator and mediation unless a different cost-sharing arrangement is agreed to by the parties.

(6) A mediation that results in agreement between the claimant and the grower must be documented by the mediator and signed by an authorized representative of each party. The mediator shall retain an original copy of the signed agreement. The agreement is binding upon the claimant and the grower.

(7) The deliberations and the outcome of the mediation may not be made public unless agreed to by the grower and the claimant.

(8) The requirement for mediation does not apply to a claimant seeking judicial relief to conduct sampling pursuant to [section 3] and may not be used to delay the ability of a claimant or grower to obtain samples. An action filed to secure evidence following a grower's refusal to allow entry does not violate the mediation requirements of this section.

Section 5. Venue. If a contract between a grower and a claimant of an intellectual property right violation is silent with regard to venue for any legal proceedings regarding intellectual property rights, venue must be in the district court for the district in which the alleged intellectual property right violation occurred.

Section 6. Rulemaking. The department shall adopt rules for the purposes of implementing [sections 1 through 6]. The rules must include but are not limited to:

(1) the procedure for requesting the department's presence during sampling;

(2) the fees to be charged for the department's attendance and sampling services;

(3) notification procedures related to the mandatory mediation process; and

(4) a sampling protocol that provides that:

(a) the standards used for the field sampling and laboratory tests meet minimum standards as requested by the claimant; and

(b) samples must be submitted for testing within 10 days of the date of sampling.

Section 7. Codification instruction. [Sections 1 through 6] are intended to be codified as an integral part of Title 80, chapter 5, and the provisions of Title 80, chapter 5, apply to [sections 1 through 6].

Section 8. Severability. If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 9. Effective date. [This act] is effective on passage and approval.

[SB 219]

AN ACT REVISING THE PROVISIONS RELATED TO ACCESS TO PROTESTED PROPERTY TAXES; REVISING THE PROVISIONS RELATED TO A SCHOOL DISTRICT'S ELECTION ON WHETHER TO WAIVE THE DISTRICT'S RIGHT TO RECEIVE ITS PORTION OF THE PROTESTED TAXES UPON SETTLEMENT OF THE TAX PROTEST; PROVIDING THAT

THE ELECTION APPLIES ONLY TO CENTRALLY ASSESSED PROPERTY AND INDUSTRIAL PROPERTY THAT IS ASSESSED ANNUALLY BY THE DEPARTMENT; ALLOWING LOCAL TAXING JURISDICTIONS TO ACCESS PROTESTED TAXES OF CENTRALLY ASSESSED INDUSTRIAL PROPERTY; REVISING THE CALCULATION OF GUARANTEED TAX BASE AID FOR A DISTRICT THAT ELECTS TO WAIVE ITS RIGHT TO RECEIVE ITS PORTION OF CENTRALLY ASSESSED PROTESTED TAXES; AMENDING SECTIONS 15-1-402, 15-1-409, AND 20-9-366, MCA; AND PROVIDING EFFECTIVE DATES AND APPLICABILITY DATES.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-1-402, MCA, is amended to read:

"15-1-402. Payment of property taxes or fees under protest. (1) (a) The person upon whom a property tax or fee is being imposed under this title may, before the property tax or fee becomes delinquent, pay under written protest that portion of the property tax or fee protested.

(b) The protested payment must:

(i) be made to the officer designated and authorized to collect it;

(ii) specify the grounds of protest; and

(iii) not exceed the difference between the payment for the immediately preceding tax year and the amount owing in the tax year protested unless a different amount results from the specified grounds of protest, which may include but are not limited to changes in assessment due to reappraisal under 15-7-111.

(c) If the protested property tax or fee is on property that is subject to central assessment pursuant to 15-23-101, the person shall report to the department the grounds of the protest and the amount of the protested payment for each county in which a protested payment was made. By November 1 of each year, the department shall mail a notice stating the requirements of this subsection (1)(c) to owners of property subject to central assessment under 15-23-101(1) and (2) who have filed a timely appeal under 15-1-211.

(2) A person appealing a property tax or fee pursuant to *Title 15,* chapter 2 or 15, including a person appealing a property tax or fee on property that is subject to central assessment pursuant to 15-23-101(1) or (2), shall pay the tax or fee under protest when due in order to receive a refund. If the tax or fee is not paid under protest when due, the appeal may continue but a tax or fee may not be refunded as a result of the appeal.

(3) If a protested property tax or fee is payable in installments, a subsequent installment portion considered unlawful by the state tax appeal board need not be paid and an action or suit need not be commenced to recover the subsequent installment. The determination of the action or suit commenced to recover the first installment portion paid under protest determines the right of the party paying the subsequent installment to have it or any part of it refunded to the party or the right of the taxing authority to collect a subsequent installment not paid by the taxpayer plus interest from the date the subsequent installment was due.

(4) (a) Except as provided in subsection (4)(b), all property taxes and fees paid under protest to a county or municipality must be deposited by the treasurer of the county or municipality to the credit of a special fund to be designated as a protest fund and must be retained in the protest fund until the final determination of any action or suit to recover the taxes and fees unless they are released at the request of the county, municipality, or other local taxing

jurisdiction pursuant to subsection (5). This section does not prohibit the investment of the money of this fund in the state unified investment program or in any manner provided in Title 7, chapter 6. The provision creating the special protest fund does not apply to any payments made under protest directly to the state.

(b) (i) Property taxes that are levied by the state against property that is centrally assessed pursuant to 15-23-101 and any protested taxes *on industrial property that is annually assessed by the department* in a school district that has elected to waive its right to protested taxes in a specific year pursuant to 15-1-409 must be remitted by the county treasurer to the department for deposit as provided in subsections (4)(b)(ii) through (4)(b)(iv).

(ii) The department shall deposit 50% of that portion of the funds levied for the university system pursuant to 15-10-108 in the state special revenue fund to the credit of the university system, and the other 50% of the funds levied pursuant to 15-10-108 must be deposited in a centrally assessed property tax state special revenue fund.

(iii) Fifty percent of the funds remaining after the deposit of university system funds must be deposited in the state general fund, and the other 50% must be deposited in a centrally assessed property tax state special revenue fund.

(iv) Fifty percent of the funds from a school district that has waived its right to protested taxes must be deposited in the state general fund, and the other 50% must be deposited in a school district property tax protest state special revenue fund.

(5) (a) Except as provided in subsections (5)(b) and (5)(c), the governing body of a taxing jurisdiction affected by the payment of taxes under protest in the second and subsequent years that a tax protest remains unresolved may demand that the treasurer of the county or municipality pay the requesting taxing jurisdiction all or a portion of the protest payments to which it is entitled, except the amount paid by the taxpayer in the first year of the protest. The decision in a previous year of a taxing jurisdiction to leave protested taxes in the protest fund does not preclude it from demanding in a subsequent year any or all of the payments to which it is entitled, except the first-year protest amount.

(b) The governing body of a taxing jurisdiction affected by the payment of taxes under protest on property that is centrally assessed pursuant to 15-23-101 *or on industrial property that is assessed annually by the department* in the first and subsequent years that a tax protest remains unresolved may demand that the treasurer of the county or municipality pay the requesting taxing jurisdiction all or a portion of the protest payments to which it is entitled. The decision in a previous year of a taxing jurisdiction to leave protested taxes of centrally assessed property in the protest fund does not preclude it from demanding in a subsequent year any or all of the payments to which it is entitled.

(c) The provisions of ~~subsections (5)(a) and~~ *subsection* (5)(b) do not apply to a school district that has elected to waive its right to its portion of protested taxes *on centrally assessed property and on industrial property that is assessed annually by the department* for that specific year as provided in 15-1-409.

(6) (a) If action before the county tax appeal board, state tax appeal board, or district court is not commenced within the time specified or if the action is commenced and finally determined in favor of the department of revenue, county, municipality, or treasurer of the county or the municipality, the amount of the protested portions of the property tax or fee must be taken from the protest

fund or the centrally assessed property tax state special revenue fund and deposited to the credit of the fund or funds to which the property tax belongs, less a pro rata deduction for the costs of administration of the protest fund and related expenses charged to the local government units.

(b) (i) If the action is finally determined adversely to the governmental entity levying the tax, then the treasurer of the municipality, county, or state entity levying the tax shall, upon receipt of a certified copy of the final judgment in the action and upon expiration of the time set forth for appeal of the final judgment, refund to the person in whose favor the judgment is rendered the amount of the protested portions of the property tax or fee that the person holding the judgment is entitled to recover, together with interest from the date of payment under protest. The department shall refund from the school district property tax protest state special revenue fund the protested portions of property taxes and interest to a taxpayer in a school district in which the school district has elected to waive its right to its portion of protested taxes for that specific year as provided in 15-1-409. If the amount available for the refund in the school district property tax protest state special revenue fund is insufficient to refund the property tax payments, the department shall pay the remainder of the refund from the state general fund.

(ii) The taxing jurisdiction shall pay interest at the rate of interest earned by the pooled investment fund provided for in 17-6-203 for the applicable period.

(c) If the amount retained in the protest fund is insufficient to pay all sums due the taxpayer, the treasurer shall apply the available amount first to tax repayment, then to interest owed, and lastly to costs.

(d) (i) If the protest action is decided adversely to a taxing jurisdiction and the amount retained in the protest fund is insufficient to refund the tax payments and costs to which the taxpayer is entitled and for which local government units are responsible, the treasurer shall bill and the taxing jurisdiction shall refund to the treasurer that portion of the taxpayer refund, including tax payments and costs, for which the taxing jurisdiction is proratably responsible. The treasurer is not responsible for the amount required to be refunded by the state treasurer as provided in subsection (6)(b).

(ii) For an adverse protest action against the state for centrally assessed property, the department shall refund from the centrally assessed property tax state special revenue fund the amount of protested taxes and from the state general fund the amount of interest as required in subsection (6)(b). The amount refunded for an adverse protested action from the centrally assessed property tax state special revenue fund may not exceed the amount of protested taxes or fees required to be deposited for that action pursuant to subsections (4)(b)(ii) and (4)(b)(iii) or, for taxes or fees protested prior to April 28, 2005, an equivalent amount of the money transferred to the fund pursuant to section 3, Chapter 536, Laws of 2005. If the amount available for the adverse protested action in the centrally assessed property tax state special revenue fund is insufficient to refund the tax payments to which the taxpayer is entitled and for which the state is responsible, the department shall pay the remainder of the refund proportionally from the state general fund and from money deposited in the state special revenue fund levied pursuant to 15-10-108.

(e) In satisfying the requirements of subsection (6)(d), the taxing jurisdiction, including the state, is allowed not more than 1 year from the beginning of the fiscal year following a final resolution of the protest. The taxpayer is entitled to interest on the unpaid balance at the rate referred to in subsection (6)(b) from the date of payment under protest until the date of final

resolution of the protest and at the combined rate of the federal reserve discount rate quoted from the federal reserve bank in New York, New York, on the date of final resolution, plus 4 percentage points, from the date of final resolution of the protest until refund is made.

(7) A taxing jurisdiction, except the state, may satisfy the requirements of this section by use of funds from one or more of the following sources:

(a) imposition of a property tax to be collected by a special tax protest refund levy;

(b) the general fund or any other funds legally available to the governing body; and

(c) proceeds from the sale of bonds issued by a county, city, or school district for the purpose of deriving revenue for the repayment of tax protests lost by the taxing jurisdiction. The governing body of a county, city, or school district is authorized to issue the bonds pursuant to procedures established by law. The bonds may be issued without being submitted to an election. Property taxes may be levied to amortize the bonds.

(8) If the department revises an assessment that results in a refund of taxes of $5 or less, a refund is not owed."

Section 2. Section 15-1-409, MCA, is amended to read:

"15-1-409. Exclusion of *certain* property subject to property tax protest — guarantee tax base — tax refund. (1) A school district that has *centrally assessed* property subject to pending property tax protests shall, prior to February 1 of each year, elect whether to waive the school district's right to receive its portion of protested taxes *under 15-1-402(5)(b)* for the previous year.

(2) If the school district elects to waive its right to its portion of the protested taxes *under subsection (1)*, the district's guaranteed tax base aid calculated under 20-9-366 must be determined based on the total taxable value of property in the school district ~~that is not subject to a tax protest~~ *less the taxable value of the centrally assessed property for which a school district waived its right to receive its portion of protested taxes*. Upon settlement or other resolution of the protest, the department is responsible for refunding protested taxes or paying any other costs due the protesting taxpayer and retaining any portion of protested taxes that would have been distributed to the school district for each year the school district has elected to waive receiving its portion of the protested taxes.

(3) For the purpose of this section, "centrally assessed property" means property that is centrally assessed pursuant to 15-23-101 and industrial property that is assessed annually by the department."

Section 3. Section 20-9-366, MCA, is amended to read:

"20-9-366. Definitions. As used in 20-9-366 through 20-9-371, the following definitions apply:

(1) "County retirement mill value per elementary ANB" or "county retirement mill value per high school ANB" means the sum of the taxable valuation in the previous year of all property in the county divided by 1,000, with the quotient divided by the total county elementary ANB count or the total county high school ANB count used to calculate the elementary school districts' and high school districts' current year total per-ANB entitlement amounts.

(2) (a) "District guaranteed tax base ratio" for guaranteed tax base funding for the BASE budget of an eligible district means the taxable valuation in the previous year of all property in the district, except for property *value disregarded because of protested taxes under 15-1-409(2) or property* subject to

the creation of a new school district under 20-6-326, divided by the sum of the district's current year BASE budget amount less direct state aid and the state special education allowable cost payment.

(3) "Facility guaranteed mill value per ANB", for school facility entitlement guaranteed tax base purposes, means the sum of the taxable valuation in the previous year of all property in the state, multiplied by 140% and divided by 1,000, with the quotient divided by the total state elementary ANB count or the total state high school ANB count used to calculate the elementary school districts' and high school districts' current year total per-ANB entitlement amounts.

(4) (a) "Statewide elementary guaranteed tax base ratio" or "statewide high school guaranteed tax base ratio", for guaranteed tax base funding for the BASE budget of an eligible district, means the sum of the taxable valuation in the previous year of all property in the state, multiplied by 193% and divided by the total sum of either the state elementary school districts' or the high school districts' current year BASE budget amounts less total direct state aid.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 39-71-118, MCA, is amended to read:

"39-71-118. Employee, worker, volunteer, and volunteer firefighter defined. (1) As used in this chapter, the term "employee" or "worker" means:

(a) each person in this state, including a contractor other than an independent contractor, who is in the service of an employer, as defined by

39-71-117, under any appointment or contract of hire, expressed or implied, oral or written. The terms include aliens and minors, whether lawfully or unlawfully employed, and all of the elected and appointed paid public officers and officers and members of boards of directors of quasi-public or private corporations, except those officers identified in 39-71-401(2), while rendering actual service for the corporations for pay. Casual employees, as defined by 39-71-116, are included as employees if they are not otherwise covered by workers' compensation and if an employer has elected to be bound by the provisions of the compensation law for these casual employments, as provided in 39-71-401(2). Household or domestic employment is excluded.

(b) any juvenile who is performing work under authorization of a district court judge in a delinquency prevention or rehabilitation program;

(c) a person who is receiving on-the-job vocational rehabilitation training or other on-the-job training under a state or federal vocational training program, whether or not under an appointment or contract of hire with an employer, as defined in 39-71-117, and, except as provided in subsection (9), whether or not receiving payment from a third party. However, this subsection (1)(c) does not apply to students enrolled in vocational training programs, as outlined in this subsection, while they are on the premises of a public school or community college.

(d) an aircrew member or other person who is employed as a volunteer under 67-2-105;

(e) a person, other than a juvenile as described in subsection (1)(b), who is performing community service for a nonprofit organization or association or for a federal, state, or local government entity under a court order, or an order from a hearings officer as a result of a probation or parole violation, whether or not under appointment or contract of hire with an employer, as defined in 39-71-117, and whether or not receiving payment from a third party. For a person covered by the definition in this subsection (1)(e):

(i) compensation benefits must be limited to medical expenses pursuant to 39-71-704 and an impairment award pursuant to 39-71-703 that is based upon the minimum wage established under Title 39, chapter 3, part 4, for a full-time employee at the time of the injury; and

(ii) premiums must be paid by the employer, as defined in 39-71-117(3), and must be based upon the minimum wage established under Title 39, chapter 3, part 4, for the number of hours of community service required under the order from the court or hearings officer.

(f) an inmate working in a federally certified prison industries program authorized under 53-30-132;

(g) a volunteer firefighter as described in 7-33-4109 or a person who provides ambulance services under Title 7, chapter 34, part 1;

(h) a person placed at a public or private entity's worksite pursuant to 53-4-704. The person is considered an employee for workers' compensation purposes only. The department of public health and human services shall provide workers' compensation coverage for recipients of financial assistance, as defined in 53-4-201, or for participants in the food stamp program, as defined in 53-2-902, who are placed at public or private worksites through an endorsement to the department of public health and human services' workers' compensation policy naming the public or private worksite entities as named insureds under the policy. The endorsement may cover only the entity's public assistance participants and may be only for the duration of each participant's

training while receiving financial assistance or while participating in the food stamp program under a written agreement between the department of public health and human services and each public or private entity. The department of public health and human services may not provide workers' compensation coverage for individuals who are covered for workers' compensation purposes by another state or federal employment training program. Premiums and benefits must be based upon the wage that a probationary employee is paid for work of a similar nature at the assigned worksite.

(i) a member of a religious corporation, religious organization, or religious trust while performing services for the religious corporation, religious organization, or religious trust, as described in 39-71-117(1)(d).

(2) The terms defined in subsection (1) do not include a person who is:

(a) participating in recreational activity and who at the time is relieved of and is not performing prescribed duties, regardless of whether the person is using, by discount or otherwise, a pass, ticket, permit, device, or other emolument of employment;

(d) serving as a foster parent, licensed as a foster care provider in accordance with 52-2-621, and providing care without wage compensation to no more than six foster children in the provider's own residence. The person may receive reimbursement for providing room and board, obtaining training, respite care, leisure and recreational activities, and providing for other needs and activities arising in the provision of in-home foster care.

(e) performing temporary agricultural work for an employer if the person performing the work is otherwise exempt from the requirement to obtain workers' compensation coverage under 39-71-401(2)(r) with respect to a company that primarily performs agricultural work at a fixed business location or under 39-71-401(2)(d) and is not required to obtain an independent contractor's exemption certificate under 39-71-417 because the person does not regularly perform agricultural work away from the person's own fixed business location. For the purposes of this subsection, the term "agricultural" has the meaning provided in 15-1-101(1)(a).

(3) With the approval of the insurer, an employer may elect to include as an employee under the provisions of this chapter any volunteer as defined in subsection (2)(c).

(b) The term "volunteer hours" means all the time spent by a volunteer firefighter in the service of an employer, including but not limited to training time, response time, and time spent at the employer's premises.

(5) (a) If the employer is a partnership, limited liability partnership, sole proprietor, or a member-managed limited liability company, the employer may elect to include as an employee within the provisions of this chapter any member of the partnership or limited liability partnership, the owner of the sole

proprietorship, or any member of the limited liability company devoting full time to the partnership, limited liability partnership, proprietorship, or limited liability company business.

(b) In the event of an election, the employer shall serve upon the employer's insurer written notice naming the partners, sole proprietor, or members to be covered and stating the level of compensation coverage desired by electing the amount of wages to be reported, subject to the limitations in subsection (5)(d). A partner, sole proprietor, or member is not considered an employee within this chapter until notice has been given.

(c) A change in elected wages must be in writing and is effective at the start of the next quarter following notification.

(d) All weekly compensation benefits must be based on the amount of elected wages, subject to the minimum and maximum limitations of this subsection (5)(d). For premium ratemaking and for the determination of the weekly wage for weekly compensation benefits, the electing employer may elect an amount of not less than $900 a month and not more than 1 1/2 times the state's average weekly wage.

(6) (a) If the employer is a quasi-public or a private corporation or a manager-managed limited liability company, the employer may elect to include as an employee within the provisions of this chapter any corporate officer or manager exempted under 39-71-401(2).

(b) In the event of an election, the employer shall serve upon the employer's insurer written notice naming the corporate officer or manager to be covered and stating the level of compensation coverage desired by electing the amount of wages to be reported, subject to the limitations in subsection (5)(d). A corporate officer or manager is not considered an employee within this chapter until notice has been given.

(c) A change in elected wages must be in writing and is effective at the start of the next quarter following notification.

(7) (a) The trustees of a rural fire district, a county governing body providing rural fire protection, or the county commissioners or trustees for a fire service area may elect to include as an employee within the provisions of this chapter any volunteer firefighter. A volunteer firefighter who receives workers' compensation coverage under this section may not receive disability benefits under Title 19, chapter 17.

(b) In the event of an election, the employer shall report payroll for all volunteer firefighters for premium and weekly benefit purposes based on the number of volunteer hours of each firefighter times the average weekly wage divided by 40 hours, subject to a maximum of 1 1/2 times the state's average weekly wage.

(c) A self-employed sole proprietor or partner who has elected not to be covered under this chapter, but who is covered as a volunteer firefighter pursuant to subsection (7)(a) and when injured in the course and scope of employment as a volunteer firefighter, may in addition to the benefits described in subsection (7)(b) be eligible for benefits at an assumed wage of the minimum

wage established under Title 39, chapter 3, part 4, for 2,080 hours a year. The trustees of a rural fire district, a county governing body providing rural fire protection, or the county commissioners or trustees for a fire service area may make an election for benefits. If an election is made, payrolls must be reported and premiums must be assessed on the assumed wage.

(8) Except as provided in chapter 8 of this title, an employee or worker in this state whose services are furnished by a person, association, contractor, firm, limited liability company, limited liability partnership, or corporation, other than a temporary service contractor, to an employer, as defined in 39-71-117, is presumed to be under the control and employment of the employer. This presumption may be rebutted as provided in 39-71-117(3).

(9) A student currently enrolled in an elementary, secondary, or postsecondary educational institution who is participating in work-based learning activities and who is paid wages by the educational institution or business partner is the employee of the entity that pays the student's wages for all purposes under this chapter. A student who is not paid wages by the business partner or the educational institution is a volunteer and is subject to the provisions of this chapter.

(10) For purposes of this section, an "employee or worker in this state" means:

(a) a resident of Montana who is employed by an employer and whose employment duties are primarily carried out or controlled within this state;

(b) a nonresident of Montana whose principal employment duties are conducted within this state on a regular basis for an employer;

(c) a nonresident employee of an employer from another state engaged in the construction industry, as defined in 39-71-116, within this state; or

(ii) nonresident employees' wages are paid in Montana;

(iii) nonresident employees are supervised in Montana; and

(iv) business records are maintained in Montana.

(2) A provider of regulated telecommunications services may petition the commission to regulate the provider under an alternative form of regulation. The provider shall submit its plan for an alternative form of regulation with its petition. The commission's order on the petition must be issued no later than 9 months after the filing of the petition. The commission shall review and may authorize implementation of the plan if it finds, after notice and hearing, that the plan:

(c) will not unduly or unreasonably prejudice or disadvantage a customer class;

(d) will reduce regulatory delay and costs;

(e) is in the public interest;

(f) will enhance economic development in the state;

(g) will result in the improvement of the telephone infrastructure in the state; and

(h) conforms to the purpose stated in 69-3-802 more nearly than regulation under part 2, 3, or 9 of this chapter conforms to the stated purpose.

~~(4) A proposed order modifying the plan submitted by a provider of regulated telecommunications service may not be final until 60 days after issuance. During that 60-day period, the provider may withdraw its petition for alternative regulation or the consumer counsel may object to the proposed order. If a petition for alternative regulation is withdrawn or the consumer counsel objects to the proposed order, the provider:~~

~~(a) remains subject to the same regulation that applied when the petition was filed; and~~

~~(b) may petition the commission to be regulated under a revised alternative plan.~~

~~(5)~~*(4)* Upon petition or upon its own motion, the commission may rescind its approval or amend an alternative form of regulation if, after notice and hearing, it finds that the conditions in subsection (2) are no longer satisfied.

(d) any bonds or other surety posted by the geologic storage operator must be released; and

(e) monitoring and managing the geologic storage reservoir and the stored carbon dioxide is the state's responsibility to be overseen by the board until the federal government assumes responsibility for the long-term monitoring and management of geologic storage reservoirs and stored carbon dioxide.

(9) (a) If the operator does not transfer title to the state pursuant to subsection (7), the operator indefinitely accepts liability, except as provided in subsection (10), for the stored carbon dioxide and the geologic storage reservoir.

(b) If the operator is found not to be in compliance with subsection (7)(b), the operator retains liability until the operator is able to meet the requirements.

(10) After receiving a certificate of completion, every ~~15~~ *25* years after completing the monitoring and verification required by subsection (6), an operator may petition the board and request to transfer liability to the state and be released from liability pursuant to subsection (8). (b) The rules must:

Section 2. Section 7-4-2106, MCA, is amended to read:

"7-4-2106. Vacancy on board of county commissioners — *resigning member not to participate in filling pending vacancy.* (1) For the purposes of this part, "vacancy" has the same meaning as prescribed in 2-16-501.

(2) Whenever a vacancy occurs in the board of county commissioners from a failure to elect or otherwise, the remaining county commissioners shall fill the vacancy and the appointee shall hold office until the next general election unless otherwise provided in subsection (3) or (4). The procedure to be used to fill the vacancy is as follows:

(a) If the former incumbent represented a party eligible for a primary election under 13-10-601, the county central committee of that party shall submit to the remaining commissioners three names of people who have lived in the unrepresented district for at least 2 years preceding the day the vacancy occurs. The remaining commissioners shall appoint one of these three to fill the vacancy. Whenever the remaining commissioners are unable to elect an appointee from the submitted list, they shall request a second list of three names from the county central committee. The second list may not contain any of the names submitted on the first list. The remaining commissioners shall then select an appointee from the individuals named on both lists.

(b) If the former incumbent was independent or was originally nominated by a party that does not meet the requirements of 13-10-601 or if the vacancy occurs from a failure to elect, the remaining commissioners shall invite applications for the vacancy in a notice published as provided in 13-1-108 and shall accept an application from any person who has lived in the unrepresented district for at least 2 years preceding the day the vacancy occurs. The remaining commissioners shall appoint one of these applicants to fill the vacancy.

(3) Whenever a vacancy occurs 75 days or more before the general election held during the second or fourth year of the term, an individual must be elected to complete the term at that general election. The election procedure to be used to elect the successor is as follows:

(a) Whenever the vacancy occurs 75 days or more before the primary election during the second or fourth year of the term, the same procedure must be used as is used to elect county commissioners to full 6-year terms.

(b) Whenever the vacancy occurs after the 75th day preceding the primary election, any political party desiring to enter a candidate in the general election shall select a candidate as provided in 13-38-204. A political party shall notify the clerk and recorder of the party nominee. A person desiring to be a candidate as an independent shall follow the procedures provided in 13-10-501 and 13-10-502. The petition for an independent candidate must be filed with the clerk and recorder on or before the 75th day prior to the general election. A candidate for a nonpartisan office shall file as provided in Title 13, chapter 14.

(4) Whenever a vacancy occurs after the 75th day preceding the general election held during the fourth year of the term, the person appointed by the remaining county commissioners under subsection (2) shall serve until the end of the term.

(5) (a) If multiple vacancies occur simultaneously so that a quorum cannot be established, the county compensation board provided for in 7-4-2503 shall, subject to subsection (5)(c) of this section, appoint enough commissioners to allow for a quorum to be established. The vacancies must be filled in the order in which the commissioners' terms would have expired.

(b) If vacancies occur at different times but, because appointments have not yet been made, a quorum cannot be established, the county compensation board shall, subject to subsection (5)(c), appoint enough commissioners to allow for a quorum to be established. The county compensation board shall appoint each commissioner in the order that the vacancy occurred.

(c) (i) A commissioner appointed under this subsection (5) must meet the residency requirement in 7-4-2104(2) and must be from the same district as the commissioner being replaced.

(ii) If a commissioner being replaced represented a party eligible for a primary election under 13-10-601, the county central committee of that party shall, within 30 days of the occurrence of the vacancy, submit to the county compensation board three names of people who have lived in the unrepresented district for at least 2 years prior to the occurrence of the vacancy. The county compensation board shall appoint each commissioner from the list of names provided by the county central committee.

(d) Once a quorum can be established, the county commissioners forming the quorum shall appoint the remaining commissioners as provided in this section.

(e) If a county compensation board does not exist, appointments under this subsection (5) must be made by a district judge having jurisdiction in the county.

(6) If a member of the board of county commissioners has submitted the member's resignation as provided in 2-16-502 or if proceedings have begun to remove the member from office under 2-16-501, that member may not be considered to be a remaining member of the commission as provided in this section and may not participate in filling the vacancy to be created when the resignation becomes effective."

Section 3. Effective date. [This act] is effective on passage and approval.

"75-5-105. Confidentiality of records. Except as provided in 80-15-108, any information concerning sources of pollution that is furnished to the board or department or that is obtained by either of them is a matter of public record and open to public use. However, any information unique to the owner or operator of a source of pollution that would, if disclosed, reveal methods or processes entitled to protection as trade secrets must be maintained as confidential if so determined by a court of competent jurisdiction. The owner or operator shall file a declaratory judgment action to establish the existence of a trade secret if the owner or operator wishes the information to remain confidential. The department must be served in the action and may intervene as a party. Any information not intended to be public when submitted to the board or department must be submitted in writing and clearly marked as confidential. ~~The~~ *Except as provided in [section 4], the* data describing physical and chemical characteristics of a waste discharged to state waters may not be considered confidential. The board may use any information in compiling or publishing analyses or summaries relating to water pollution if the analyses or summaries do not identify any owner or operator of a source of pollution or reveal any information that is otherwise made confidential by this section."

"75-5-313. ~~Temporary nutrient criteria~~ *Nutrient standards variances — individual, general, and alternative.* (1) The department ~~may~~ *shall*, on a case-by-case basis, approve the use of ~~temporary nutrient criteria~~ *an individual nutrient standards variance* in a discharge permit based upon adequate justification pursuant to subsection (2) that attainment of the base numeric nutrient standards is precluded due to economic impacts, ~~or the~~ limits of technology, *or both*.

(2) (a) The department, in consultation with the nutrient work group, shall develop guidelines *for individual nutrient standards variances* to ensure that the economic impacts from base numeric nutrient standards on public and private systems are equally and adequately addressed. In developing those guidelines, the department and the nutrient work group shall consider economic impacts appropriate for application within Montana*, acknowledging that advanced treatment technologies for removing nutrients will result in significant and widespread economic impacts.* ~~and may also consider relevant guidance of the United States environmental protection agency pertaining to analysis of economic impacts from water quality standards.~~

~~(b) In the event that economic impacts do not justify temporary nutrient criteria for a particular discharger, the department may approve temporary nutrient criteria based upon a finding that the limits of technology preclude the attainment of the base numeric nutrient standards. The department's determination that the limits of technology justify temporary nutrient criteria must be based on available and proven treatment technologies at the time the temporary nutrient criteria are approved.~~

~~(c)~~*(b)* The department shall consult with the nutrient work group prior to recommending base numeric nutrient standards ~~or criteria~~ to the board and shall continue to consult with the nutrient work group in implementing ~~temporary nutrient criteria~~ *individual nutrient standards variances*.

(3) The department shall review each application for ~~temporary nutrient criteria~~ *an individual nutrient standards variance* on a case-by-case basis to determine if there are reasonable alternatives, such as trading*,* ~~or~~ permit compliance schedules, *or the alternatives provided in subsections (5), (10), and (11),* that preclude the need for the ~~temporary criteria~~ *individual nutrient standards variance*.

(4) ~~(a) Temporary nutrient criteria~~ *Individual nutrient standards variances* approved by the department become effective and may be incorporated into a permit only after a public hearing and adoption by the department under the rulemaking procedures of Title 2, chapter 4, part 3.

~~(b) Temporary nutrient criteria may be established for a period not to exceed 20 years and must be reviewed by the department every 5 years from the date of adoption to ensure that the justification for their adoption is still valid.~~

(5) (a) Because the treatment of wastewater to base numeric nutrient standards would result in substantial and widespread economic impacts on a statewide basis, a permittee who meets the requirements established in subsection (5)(b) may, subject to subsection (6), apply for a general nutrient standards variance.

(b) The department shall approve the use of a general nutrient standards variance for permittees with wastewater treatment facilities that discharge to surface water:

(i) in an amount greater than or equal to 1 million gallons per day of effluent if the permittee treats the discharge to, at a minimum, 1 milligram total phosphorus per liter and 10 milligrams total nitrogen per liter, calculated as a monthly average during the period in which the base numeric nutrient standards apply;

(ii) in an amount less than 1 million gallons per day of effluent if the permittee treats the discharge to, at a minimum, 2 milligrams total phosphorus per liter and 15 milligrams total nitrogen per liter, calculated as a monthly

average during the period in which the base numeric nutrient standards apply; or

(iii) from lagoons that were not designed to actively remove nutrients if the permittee maintains the performance of the lagoon at a level equal to the performance of the lagoon on [the effective date of this act].

(6) (a) The monthly average concentrations for total nitrogen and total phosphorus in subsection (5)(b) are the highest concentrations allowed in each category and remain in effect until May 31, 2016.

(b) Categories and concentrations in subsection (5)(b) must be adopted by rule by May 31, 2016.

(7) (a) Immediately after May 31, 2016, and every 3 years thereafter, the department, in consultation with the nutrient work group, shall revisit and update the concentration levels provided in subsection (5)(b).

(b) If more cost-effective and efficient treatment technologies are available, the concentration levels provided in subsection (5)(b) must be updated pursuant to subsection (7)(c) to reflect those changes.

(c) The updates become effective and may be incorporated into a permit only after a public hearing and adoption by the department under the rulemaking procedures of Title 2, chapter 4, part 3.

(8) An individual, general, or alternative nutrient standards variance may be established for a period not to exceed 20 years and must be reviewed by the department every 3 years from the date of adoption to ensure that the justification for its adoption remains valid.

(9) (a) Permittees receiving an individual, general, or alternative nutrient standards variance shall evaluate current facility operations to optimize nutrient reduction with existing infrastructure and shall analyze cost-effective methods of reducing nutrient loading, including but not limited to nutrient trading without substantial investment in new infrastructure.

(b) The department may request that a permittee provide the results of an optimization study and nutrient reduction analysis to the department within 2 years of receiving an individual, general, or alternative nutrient variance.

(10) (a) A permittee may request that the department provide an alternative nutrient standards variance if the permittee demonstrates that achieving nutrient concentrations established for an individual or general nutrient standards variance would result in an insignificant reduction of instream nutrient loading.

(b) A permittee receiving an alternative nutrient standards variance shall comply with the requirements of subsections (8) and (9) and shall demonstrate that the permittee's contribution to nutrient concentrations in the watershed continues to remain insignificant.

(11) The department shall encourage the use of alternative effluent management methods to reduce instream nutrient loading, including reuse, recharge, land application, and trading.

~~(c)~~*(12)* On or before July 1 of each year, the department, in consultation with the nutrient work group, shall report to the environmental quality council by providing a summary of the status of the base numeric nutrient standards, ~~temporary nutrient criteria~~ *the nutrient standards variances*, and implementation of those ~~criteria~~ *standards and variances*, including estimated economic impacts.

~~(d)~~*(13)* On or before September 1 of each year preceding the convening of a regular session of the legislature, the department, in consultation with the nutrient work group, shall summarize the previous two reports provided in subsection ~~(4)(c)~~ *(12)* to the environmental quality council in accordance with 5-11-210."

Section 4. Confidentiality of base numeric standards and nutrient standards variances. (1) Except as provided in 80-15-108 and subsection (2) of this section, information concerning base numeric nutrient standards or nutrient standards variances that is furnished to the board or department or that is obtained by either of them is a matter of public record and open to public use.

(2) Information unique to the owner or operator of a source of a discharge related to base numeric nutrient standards or nutrient standards variances that would, if disclosed, reveal methods or processes entitled to protection as trade secrets as defined in 30-14-402 must be maintained as confidential if so determined by a court of competent jurisdiction.

(3) (a) The owner or operator shall file a declaratory judgment action to establish the existence of a trade secret if the owner or operator wishes the information to remain confidential.

(b) The department must be served in the action and may intervene as a party.

(c) Information not intended to be public when submitted to the board or department must be submitted in writing and clearly marked as confidential.

Section 5. Codification instruction. [Section 4] is intended to be codified as an integral part of Title 75, chapter 5, part 3, and the provisions of Title 75, chapter 5, part 3, apply to [section 4].

Section 6. Saving clause. [This act] does not affect rights and duties that matured, penalties that were incurred, or proceedings that were begun before [the effective date of this act].

Section 7. Severability. If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

[SB 413]

AN ACT CLARIFYING THE DUE DATE OF INDIVIDUAL INCOME TAX RETURNS AND CORPORATION LICENSE OR INCOME TAX RETURNS WHEN THE DUE DATE OF THE RETURN FALLS ON CERTAIN FEDERAL HOLIDAYS OR FEDERALLY DECLARED DISASTERS NOT OBSERVED IN MONTANA; AMENDING SECTIONS 15-30-2504, 15-30-2512, 15-30-2604, 15-30-3302, 15-31-101, 15-31-111, 15-31-141, AND 15-31-502, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A RETROACTIVE APPLICABILITY DATE.

(a) An employer whose total liability for state income tax withholding during the preceding lookback period was $12,000 or more shall remit on an

"accelerated schedule", which is the same as the employer's federal due dates for federal tax deposits.

(b) An employer whose total liability for state income tax withholding during the preceding lookback period was less than $12,000 but more than $1,199 shall remit on a "monthly schedule" for which the remittance due date is on or before the 15th day of the month following the payment of wages.

(c) An employer whose total liability for state income tax withholding during the preceding lookback period was less than $1,200 shall remit on an "annual schedule" for which the remittance due date is on or before February 28 of the year following payment of wages.

(d) An employer who has no withholding to remit for a remittance period shall, on or before the due date of the applicable remittance schedule, submit a payment coupon showing that a zero amount is being remitted.

(2) An employer who has not complied with the requirements of this section shall, upon written notice from the department, remit on the monthly schedule described in subsection (1)(b).

(3) On or before November 1 of each year, the department shall notify the employers subject to the provisions of this section of the employers' remittance schedules for the following calendar year based upon the department's review of the preceding lookback period.

(4) A new employer or an employer with no filing history is subject to the monthly remittance schedule in subsection (1)(b) until the department is able to determine the employer's proper remittance schedule by a review of the employer's first complete lookback period.

(5) An employer may elect to remit payments on a more frequent basis than is required by subsection (1).

(6) An employer may use alternative remittance methods in conjunction with the department's electronic remittance program in accordance with department rules.

(7) If the department has reason to believe that collection of the amount of any tax withheld is in jeopardy, it may proceed as provided for under 15-1-703.

(8) Each employer shall keep accurate payroll records containing the information that the department may prescribe by rule. Those records must be open to inspection and audit and may be copied by the department or its authorized representative at any reasonable time and as often as may be necessary. An employer who maintains its records outside Montana shall furnish copies of those records to the department at the employer's expense."

Section 2. Section 15-30-2512, MCA, is amended to read:

"15-30-2512. Estimated tax — payment — exceptions — interest. (1) (a) Each individual subject to tax under this chapter, except farmers or ranchers as defined in subsection (6), shall pay for the tax year, through employer withholding, as provided in 15-30-2502, through payment of estimated tax in four installments, as provided in subsection (2) of this section, or through a combination of employer withholding and estimated tax payments, at least:

(i) 90% of the tax for the current tax year, less tax credits and withholding allowed the taxpayer; or

(ii) an amount equal to 100% of the individual's tax liability for the preceding tax year, if the preceding tax year was a period of 12 months and if the individual filed a return for the tax year.

(b) Payment of estimated taxes under this section is not required if:

(i) the combined tax liability of employer withholding and estimated tax for the current year is less than $500 after reductions for credits and withholding;

(ii) the individual did not have any tax liability for the preceding tax year, which was a tax year of 12 months, and if the individual was a citizen or resident of the United States throughout that tax year;

(iii) the underpayment was caused by reason of casualty, disaster, or other unusual circumstances that the department determines to constitute good cause; or

(iv) the individual retired in the tax year after having attained the age of 62 or if the individual became disabled in the tax year. In addition, payment of estimated taxes under this section is not required in the tax year following the tax year in which the individual retired or became disabled.

(2) Estimated taxes must be paid in four installments according to one of the following schedules:

(a) ~~For~~ *Subject to the due date provision in 15-30-2604(1)(b), for* each taxpayer whose tax year begins on January 1, estimated tax payments are due on the following dates:

Installment	Date
First	April 15
Second	June 15
Third	September 15
Fourth	January 15 of the following tax year

(b) ~~For~~ *Subject to the due date provision in 15-30-2604(1)(b), for* each taxpayer whose tax year begins on a date other than January 1, estimated tax payments are due on the following dates:

Installment	Date
First	15th day of the 4th month following the beginning of the tax year
Second	15th day of the 6th month following the beginning of the tax year
Third	15th day of the 9th month following the beginning of the tax year
Fourth	15th day of the month following the close of the tax year

(3) (a) Except as provided in subsection (4), each installment must be 25% of the required annual payment determined pursuant to subsection (1). If the taxpayer's tax situation changes, each succeeding installment must be proportionally changed so that the balance of the required annual payment is paid in equal installments over the remaining period of time.

(b) If the taxpayer's tax situation changes after the date for the first installment or any subsequent installment, as specified in subsection (2)(a) or (2)(b), so that the taxpayer is required to pay estimated taxes, the taxpayer shall pay 25% for each succeeding installment except for the first one in which a payment is required. For estimated taxes required to be paid beginning with the second installment provided for in subsection (2)(a) or (2)(b), the taxpayer shall pay 50% for that installment and 25% for the third and fourth installments, respectively. For estimated taxes required to be paid beginning with the third installment provided for in subsection (2)(a) or (2)(b), the taxpayer shall pay 75% for that installment and 25% for the fourth installment.

(4) (a) If for any required installment the taxpayer determines that the installment payment is less than the amount determined under subsection (3)(a), the lower amount may be paid as an annualized income installment.

(b) For any required installment, the annualized income installment is the applicable percentage described in subsection (4)(c) applied to the tax computed on the basis of annualized taxable income in the tax year for the months ending before the due date for the installment less the total amount of any prior required installments for the tax year.

(c) For the purposes of this subsection (4), the applicable percentage is determined according to the following schedule:

Required Installment	Applicable Percentage
First	22.5%
Second	45%
Third	67.5%
Fourth	90%

(d) A reduction in a required installment resulting from the application of an annualized income installment must be recaptured by increasing the amount of the next required installment, determined under subsection (3)(a), by the amount of the reduction. Any subsequent installment must be increased by the amount of the reduction until the amount has been recaptured.

(5) (a) If an estimated tax, an employer withholding tax, or a combination of estimated tax and employer withholding tax is underpaid, there must be added to the amount due under this chapter interest on the amount of the underpayment as provided in 15-1-216. The interest is computed on the amount of the underpayment, as determined in subsection (5)(b), for the period from the time the payment was due to the date payment was made or to the 15th day of the 4th month of the year following the tax year in which the payment was to be made, whichever is earlier.

(b) For the purpose of determining the amount of interest due in subsection (5)(a), the amount of the underpayment is the required installment amount less the installment amount paid, if any, on or before the due date for the installment.

(c) For the purpose of determining the amount of interest due in subsection (5)(a), an estimated payment must be credited against unpaid required installments in the order in which those installments are required to be paid.

(d) For ~~each~~ *a* married taxpayer filing separately on the same form, the interest provided for in subsection (5)(a) must be computed on the combined tax liability after reductions for credits and withholding, as shown on the taxpayer's return.

(e) Interest may not be charged with respect to any underpayment of the fourth installment of estimated taxes if:

(i) the taxpayer pays in full the amount computed on the return as payable; and

(ii) the taxpayer files a return on or before the last day of the month following the close of the tax year referred to in subsection (2)(a) or (2)(b).

(6) For the purposes of this section, "farmer or rancher" means a taxpayer who derives at least 66 2/3% of the taxpayer's gross income, as defined in 15-30-2101, from farming or ranching operations, or both.

(7) The department shall promulgate rules governing reasonable extensions of time for paying the estimated tax. An extension may not be for more than 6 months."

Section 3. Section 15-30-2604, MCA, is amended to read:

"15-30-2604. Time for filing — extensions of time. (1) *(a)* ~~A~~ *Except as provided in subsection (1)(b), a* return must be made to the department on or before the 15th day of the 4th month following the close of the taxpayer's fiscal year, or if the return is made on the basis of the calendar year, then the return must be made on or before the 15th day of April following the close of the calendar year.

(b) (i) If the due date of the return falls on a holiday that defers a filing date as recognized by the Internal Revenue Service and that is not observed in Montana, the return may be made on the first business day after the holiday.

(ii) The department may extend filing dates and defer or waive interest, penalties, and other effects of late filing for a period not exceeding 1 year for taxpayers affected by a federally declared disaster or a terroristic or military action recognized for federal tax purposes under 26 U.S.C. 7508A.

(2) ~~Each~~ *The* return must set forth those facts that the department considers necessary for the proper enforcement of this chapter. ~~There~~ *An affidavit or affirmation* must be attached to the return ~~the affidavit or affirmation of~~ *from* the persons making the return ~~to the effect~~ *verifying* that the statements contained in the return are true. Blank forms of return must be furnished by the department upon application, but failure to secure the form does not relieve ~~any~~ *the* taxpayer of the obligation to make ~~any~~ *a* return required under this chapter. ~~Each~~ *A* taxpayer liable for a tax under this chapter shall pay a minimum tax of $1.

~~(2)~~*(3)* (a) Subject to subsections ~~(2)(b)~~ *(3)(b)* and ~~(2)(c)~~ *(3)(c)*, a taxpayer is allowed an automatic extension of time for filing the taxpayer's return of up to 6 months following the date prescribed for filing of the tax return.

(b) On or before the due date of the return, the taxpayer shall pay by estimated tax payments, withholding tax, or a combination of estimated tax payments and withholding tax 90% of the current year's tax liability or 100% of the previous year's tax liability.

(c) The remaining tax, penalty, and interest of the current year's tax liability not paid under subsection ~~(2)(b)~~ *(3)(b)* must be paid when the return is filed. Penalty and interest must be added to the tax due as provided in 15-1-216.

~~(3)~~*(4)* The department may grant an additional extension of time for the filing of a return whenever in its judgment good cause exists.

~~(4)~~*(5)* The extension of time for filing a return is not an extension of time for the payment of taxes."

Section 4. Section 15-30-3302, MCA, is amended to read:

"15-30-3302. Income or license tax involving pass-through entities — information returns required. (1) Except as otherwise provided:

The department may waive the penalty imposed by this subsection (5)(d)(i) as provided in 15-1-206.

The return must be signed by the president, the vice president, the treasurer, the assistant treasurer, or the chief accounting officer.

(2) *(a)* ~~If~~ *Except as provided in subsection (2)(b), if* the corporation is reporting on a calendar year basis, the return must be filed with the department on or before May 15 following the close of the calendar year. (4) Receivers, trustees in bankruptcy, or assignees operating the property or business of a corporation subject to the license tax imposed by this chapter shall make the return in the same manner and form as the corporation is required to make the return. Any license tax due on the basis of the return is assessed and collected in the same manner as if assessed directly against the corporation of whose business or property the receiver, trustee, or assignee has custody and control. The receiver, trustee, or assignee shall pay the tax out of the property of the corporation, prior to the claims of creditors or stockholders."

Section 7. Section 15-31-141, MCA, is amended to read:

"15-31-141. Consolidated returns — computation and procedure — penalty and interest. (1) Corporations that are affiliated may not file a consolidated return unless at least 80% of all classes of stock of each corporation involved is owned directly or indirectly by one or more members of the affiliated group.

(2) Corporations may not file a consolidated return unless the operation of the affiliated group constitutes a unitary business and, except for a unitary business operation described in subsection (2)(b), permission to file a consolidated return is given by the department. For purposes of this section, a "unitary business operation" means one in which:

(a) the business operations conducted by the corporations in the affiliated group are interrelated or interdependent to the extent that the net income of one corporation cannot reasonably be determined without reference to the operations conducted by the other corporations; or

(b) all of the corporations in the affiliated group operate exclusively in Montana, are not multistate corporations, and have filed a consolidated federal return for the tax year.

(3) The election to file a consolidated return is binding as long as the affiliated group continues to file a federal consolidated return.

(4) If the conditions of subsections (1) and (2) are met, the department may require corporations to file a consolidated return when the department considers a consolidated return necessary.

(5) A corporation liable to report under this chapter and owning or controlling, either directly or indirectly, at least 80% of all classes of stock of each corporation involved may be required to make a consolidated report showing the combined net income, the assets of the corporation that are required for the purposes of this chapter, and any other information that the department may require, but excluding intercorporate stockholdings and intercorporate accounts. A corporation liable to report under this chapter and owned or controlled, either directly or indirectly, by another corporation may be required to make a report consolidated with the owning company, showing the combined net income, the assets of the corporation that are required for the purposes of this chapter, and any other information that the department may require, but excluding intercorporate stockholdings and intercorporate accounts. If it appears to the department that any arrangement exists in a manner that improperly reflects the business done, the segregable assets, or the entire net income earned from business done in this state, the department may equitably adjust the tax in a manner that it may determine.

(6) (a) If an affiliated group elects to file a consolidated return under the provisions of this section, a corporation of the affiliated group shall file a separate return for any portion of its tax period in which its income is not included in the consolidated return of the group. ~~The~~ *Subject to the due date provision in 15-31-111(2)(b), the* separate return must be filed no later than the 15th day of the 5th month following the close of the tax period for which a consolidated return of the affiliated group is filed.

(b) (i) A corporation is allowed an automatic extension of time for filing its tax return of up to 6 months following the date prescribed for filing its return. The tax, penalty, and interest must be paid when the return is filed. Penalty and interest must be added to the tax due as provided in 15-31-510(2).

(ii) The department may grant an additional extension of time for filing of a tax return whenever in its judgment good cause exists."

Section 8. Section 15-31-502, MCA, is amended to read:

"15-31-502. Assessment and payment of tax — estimated tax payment — amount of required installments. (1) All taxpayers shall compute the amount of tax payable under this chapter and shall remit the amount to the department of revenue on or before the 15th day of the 5th month following the close of the ~~taxable~~ *tax* period.

(2) (a) ~~Each~~ *A* corporation shall make estimated tax payments if its annual estimated tax is $5,000 or more. ~~The~~ *Subject to the due date provision in 15-31-111(2)(b), the* estimated payments must be made in installments, as follows, if the $5,000 threshold is met or exceeded:

For the following required installments the due date is:	
1st	April 15
2nd	June 15

3rd	September 15

(ii) For a corporation taxed on a fiscal-year basis:

For the following required installments the due date is:

1st	15th day of the 4th month
2nd	15th day of the 6th month
3rd	15th day of the 9th month
4th	15th day of the 12th month

(b) Except as provided in 15-31-510, the amount of any required installment is 25% of the required annual payment. The required annual payment is the lesser of:

(i) 80% of the tax shown on the return for the ~~taxable~~ *tax* year or, if a return is not filed, 80% of the tax for that year; or

(ii) 100% of the tax shown on the return of the corporation for the preceding ~~taxable~~ *tax* year if the preceding ~~taxable~~ *tax* year was a period of 12 months and if the corporation filed a return for that year.

(3) The application of this section to ~~taxable~~ *tax* years of less than 12 months must be in accordance with rules adopted by the department.

(4) At the election of the corporation, any installment of the estimated tax may be paid before the date prescribed for its payment."

Section 9. Effective date. [This act] is effective on passage and approval.

Section 10. Retroactive applicability. [This act] applies retroactively, within the meaning of 1-2-109, to tax returns made after December 31, 2010.

Section 5. Section 20-9-406, MCA, is amended to read:

"20-9-406. Limitations on amount of bond issue — definition of federal impact aid basic support payment. (1) (a) Except as provided in subsection (1)(c), the maximum amount for which an elementary district or a high school district may become indebted by the issuance of general obligation bonds, including all indebtedness represented by outstanding general obligation bonds of previous issues, registered warrants, outstanding obligations under 20-9-471, and any other loans or notes payable that are held as general obligations of the district, is 50% of the taxable value of the property subject to taxation, as ascertained by the last assessment for state, county, and school taxes previous to the incurring of the indebtedness.

(b) Except as provided in subsection (1)(c), the maximum amount for which a K-12 school district, as formed pursuant to 20-6-701, may become indebted by the issuance of general obligation bonds, including all indebtedness represented by outstanding general obligation bonds of previous issues, registered warrants, outstanding obligations under 20-9-471 ~~and 20-9-502~~, and any other loans or notes payable that are held as general obligations of the district, is up to 100% of the taxable value of the property subject to taxation, as ascertained by the last assessment for state, county, and school taxes previous to the incurring of the indebtedness.

(c) (i) The maximum amount for which an elementary district or a high school district with a district mill value per elementary ANB or per high school ANB that is less than the facility guaranteed mill value per elementary ANB or high school ANB under 20-9-366 may become indebted by the issuance of general obligation bonds, including all indebtedness represented by outstanding general obligation bonds of previous issues, registered warrants, outstanding obligations under 20-9-471 ~~and 20-9-502~~, and any other loans or notes payable that are held as general obligations of the district, is 50% of the corresponding facility guaranteed mill value per ANB times 1,000 times the ANB of the district. For a K-12 district, the maximum amount for which the district may become indebted is 50% of the sum of the facility guaranteed mill value per elementary ANB times 1,000 times the elementary ANB of the district and the facility guaranteed mill value per high school ANB times 1,000 times the high school ANB of the district. For the purpose of calculating ANB under this subsection, a district may use the greater of the current year ANB or the 3-year ANB calculated under 20-9-311.

(ii) If mutually agreed upon by the affected districts, for the purpose of calculating its maximum bonded indebtedness under this subsection (1)(c), a district may include the ANB of the district plus the number of students residing within the district for which the district or county pays tuition for attendance at a school in an adjacent district. The receiving district may not use out-of-district ANB for the purpose of calculating its maximum indebtedness if the out-of-district ANB has been included in the ANB of the sending district pursuant to the mutual agreement. For the purpose of calculating ANB under this subsection, a district may use the greater of the current year ANB or the 3-year ANB calculated under 20-9-311.

(2) The maximum amounts determined in subsection (1) do not pertain to indebtedness imposed by special improvement district obligations or assessments against the school district or to general obligation bonds issued for the repayment of tax protests lost by the district. All general obligation bonds issued in excess of the amount are void, except as provided in this section.

(3) The maximum amount of impact aid revenue bonds that an elementary district, high school district, or K-12 school district may issue may not exceed a total aggregate amount equal to three times the average of the school district's annual federal impact aid basic support payments for the 5 years immediately preceding the issuance of the bonds. However, at the time of issuance of the bonds, the average annual payment of principal and interest on the impact aid bonds each year may not exceed 35% of the total federal impact aid basic support payments of the school district for the current year.

(4) When the total indebtedness of a school district has reached the limitations prescribed in this section, the school district may pay all reasonable and necessary expenses of the school district on a cash basis in accordance with the financial administration provisions of this chapter.

(5) Whenever bonds are issued for the purpose of refunding bonds, any money to the credit of the debt service fund for the payment of the bonds to be refunded is applied toward the payment of the bonds and the refunding bond issue is decreased accordingly.

(6) As used in this part, "federal impact aid basic support payment" means the annual impact aid revenue received by a district under 20 U.S.C. 7703(b) but excludes revenue received for impact aid special education under 20 U.S.C. 7703(d) and impact aid construction under 20 U.S.C. 7707."

Section 6. Section 20-9-426, MCA, is amended to read:

"20-9-426. Preparation and form of ballots for bond election. (1) The school district shall cause ballots to be prepared for all bond elections, and whenever bonds for more than one purpose are to be voted upon at the same election, separate ballots must be prepared for each purpose.

(i) 40% or more, the school bond proposition is approved and adopted if a majority of the votes were cast in favor of the proposition, otherwise it is rejected;

(ii) agricultural property owned by a purely public charity is not exempt if the agricultural property is used by the charity to produce unrelated business taxable income as that term is defined in section 512 of the Internal Revenue

Code, 26 U.S.C. 512. If the property is not directly used for the charitable purpose within 8 years of receiving an exemption under this section or if the property is sold or transferred before it entered direct charitable use, the exemption is revoked and the property is taxable. In addition to taxes due for the first year that the property becomes taxable, the owner of the property shall pay an amount equal to the amount of the tax due that year times the number of years that the property was tax-exempt under this section. The amount due is a lien upon the property and when collected must be distributed by the treasurer to funds and accounts in the same ratio as property tax collected on the property is distributed. The notice must indicate that an exemption pursuant to this section has been granted. The notice must describe the penalty for default under this section and must specify that a default under this section will create a lien on the property by operation of law. The notice must be on a form prescribed by the department.

(iv) not more than 160 acres may be exempted by a purely public charity under any exemption originally applied for after December 31, 2004. An application for exemption under this section must contain a legal description of the property for which the exemption is requested.

The exempt property includes all real and personal property owned by the public museum, art gallery, zoo, or observatory that is reasonably necessary for use in connection with the public display or observatory use. Unless the property is leased for a profit to a governmental entity or nonprofit organization by an individual or for-profit organization, real and personal property owned by other persons is exempt if it is:

CHAPTER NO. 279

[SB 59]

AN ACT PROVIDING FOR A MURAL THAT HONORS THE HISTORY OF MONTANA WOMEN AS COMMUNITY BUILDERS; AMENDING SECTION 2-17-808, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

WHEREAS, the art work decorating the Montana capitol conveys a narrative of the history of Montana and the significance of its government; and

WHEREAS, this ground we call Montana, on which Native American women met women from Europe, Asia, and Africa, bears the marks of generations of women's labor visible in the remains of tipi rings and homestead gardens, in the presence of one-room schools and university classrooms, in the storefronts of small businesses, and in the offices of corporations; and

WHEREAS, we know our culture through the stories of women like Pretty Shield, Mourning Dove, Dorothy Johnson, and Mildred Walker, through the beadwork, star quilts, pasties, and povitica made by thousands of women in homes across the state, and through the dozens of languages spoken by mothers to children on reservations and in immigrant communities that formed the fabric of Montana; and

WHEREAS, women in communities across Montana have pioneered the social institutions we now consider a part of community life because they stepped outside domestic roles to found libraries, museums, theaters, parks, playgrounds, schools, shelters, hospitals, labor unions, and social clubs; and

WHEREAS, women in Montana fought for and won the right to vote in 1914, 6 years before the passage of the Nineteenth Amendment to the U.S. Constitution, helped to send the first woman in American history to the U.S. Congress, have served and continue to serve in every branch of local, state, and tribal government, and have eloquently represented views across the entire spectrum of American politics; and

WHEREAS, with few exceptions, this story of Montana's past is not represented in the capitol's art, and a mural commemorating Montana women's contribution to the history and government of the state would enrich and more accurately tell Montana's story to its citizens and visitors alike.

AN ACT ESTABLISHING THE OFFENSE OF AGGRAVATED DRIVING UNDER THE INFLUENCE; PROVIDING PENALTIES; AMENDING SECTIONS 61-8-101, 61-8-402, 61-8-404, 61-8-409, 61-8-714, 61-8-722, 61-8-731, AND 61-8-734, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND APPLICABILITY DATES.

Be it enacted by the Legislature of the State of Montana:

Section 1. Aggravated DUI. (1) A person commits the offense of aggravated driving under the influence if the person is in violation of 61-8-401 or 61-8-406 and at the time of the offense:

(b) the person is under the order of a court or the department to equip any motor vehicle the person operates with an approved ignition interlock device;

(c) the person's driver's license or privilege to drive is suspended, canceled, or revoked as a result of a prior violation of 61-8-401, 61-8-402, or 61-8-406;

(d) the person refuses to provide a breath or blood sample as required in 61-8-402 and the person's driver's license or privilege to drive was suspended, canceled, or revoked under 61-8-402 within 10 years of the commission of the present offense; or

(e) the person has one prior conviction or pending charge for a violation of 45-5-106, 45-5-205, 61-8-401, 61-8-406, or this section within 3 years of the commission of the present offense, or two or more prior convictions or pending charges, or any combination thereof, for violations of 45-5-106, 45-5-205, 61-8-401, 61-8-406, or this section within 7 years of the commission of the present offense.

(2) A person convicted of the offense of aggravated driving under the influence shall be punished by:

(a) a fine of $1,000; and

(b) a term of imprisonment of not more than 1 year, part of which may be suspended, except for the mandatory minimum sentences set forth in 61-8-714.

(3) During the suspended sentence imposed by the court under subsection (2)(b):

(a) the person is subject to all conditions of the suspended sentence imposed by the court, including mandatory participation in drug or DUI courts if available;

(b) the person is subject to all conditions of the 24/7 sobriety program if available and if imposed by the court; and

(c) if the person violates any condition of the suspended sentence or any treatment requirement, the court may impose the remainder of any imprisonment term that was imposed and suspended.

(4) Absolute liability, as provided for in 45-2-104, is imposed for a violation of this section.

Section 2. Section 61-8-101, MCA, is amended to read:

"61-8-101. Application — exceptions. (1) As used in this chapter, "ways of this state open to the public" means any highway, road, alley, lane, parking area, or other public or private place adapted and fitted for public travel that is in common use by the public.

(2) The provisions of this chapter relating to the operation of vehicles refer exclusively to the operation of vehicles upon highways except:

(a) where a different place is specifically referred to in a given section;

(b) the provisions of 61-8-301 and 61-8-401(1)(b), (1)(c), and (2), with regard to operating a vehicle while under the influence of drugs, apply anywhere within this state;

(c) the provisions of 61-8-301 and 61-8-401 except subsections (1)(b), (1)(c), and (2) thereof, ~~and~~ 61-8-402 through 61-8-405, *and [section 1],* with regard to operating a vehicle while under the influence of alcohol, apply upon all ways of this state open to the public.

(3) The operation of motor vehicles directly across the public roads and highways of this state, especially as required in the transportation of natural resource products, including agricultural products and livestock, shall not be considered to be the operation of such vehicles on the public roads and highways of this state or on ways of this state open to the public, provided that such crossings are adequately marked with warning signs or devices. Such crossings are subject to provisions relating to stopping before entry and to restoration of

any damage as may reasonably be prescribed by the state or local agency in control of safety of operation of the public highway involved."

Section 3. Section 61-8-402, MCA, is amended to read:

"61-8-402. Blood or breath tests for alcohol, drugs, or both. (1) A person who operates or is in actual physical control of a vehicle upon ways of this state open to the public is considered to have given consent to a test or tests of the person's blood or breath for the purpose of determining any measured amount or detected presence of alcohol or drugs in the person's body.

(2) (a) The test or tests must be administered at the direction of a peace officer when:

(i) the officer has reasonable grounds to believe that the person has been driving or has been in actual physical control of a vehicle upon ways of this state open to the public while under the influence of alcohol, drugs, or a combination of the two and the person has been placed under arrest for a violation of 61-8-401 *or [section 1]*;

(ii) the person is under the age of 21 and has been placed under arrest for a violation of 61-8-410; or

(iii) the officer has probable cause to believe that the person was driving or in actual physical control of a vehicle:

(A) in violation of 61-8-401 and the person has been involved in a motor vehicle accident or collision resulting in property damage; ~~or~~

(B) involved in a motor vehicle accident or collision resulting in serious bodily injury, as defined in 45-2-101, or death*; or*

(C) in violation of [section 1].

(b) The arresting or investigating officer may designate which test or tests are administered.

(3) A person who is unconscious or who is otherwise in a condition rendering the person incapable of refusal is considered not to have withdrawn the consent provided by subsection (1).

(4) If an arrested person refuses to submit to one or more tests requested and designated by the officer as provided in subsection (2), the refused test or tests may not be given, but the officer shall, on behalf of the department, immediately seize the person's driver's license. The peace officer shall immediately forward the license to the department, along with a report certified under penalty of law stating which of the conditions set forth in subsection (2)(a) provides the basis for the testing request and confirming that the person refused to submit to one or more tests requested and designated by the peace officer. Upon receipt of the report, the department shall suspend the license for the period provided in subsection (6).

(5) Upon seizure of a driver's license, the peace officer shall issue, on behalf of the department, a temporary driving permit, which is effective 12 hours after issuance and is valid for 5 days following the date of issuance, and shall provide the driver with written notice of the license suspension and the right to a hearing provided in 61-8-403.

(6) (a) Except as provided in subsection (6)(b), the following suspension periods are applicable upon refusal to submit to one or more tests:

(i) upon a first refusal, a suspension of 6 months with no provision for a restricted probationary license;

(ii) upon a second or subsequent refusal within 5 years of a previous refusal, as determined from the records of the department, a suspension of 1 year with no provision for a restricted probationary license.

(b) If a person who refuses to submit to one or more tests under this section is the holder of a commercial driver's license, in addition to any action taken against the driver's noncommercial driving privileges, the department shall:

(i) upon a first refusal, suspend the person's commercial driver's license for a 1-year period; and

(ii) upon a second or subsequent refusal, suspend the person's commercial driver's license for life, subject to department rules adopted to implement federal rules allowing for license reinstatement, if the person is otherwise eligible, upon completion of a minimum suspension period of 10 years. If the person has a prior conviction of a major offense listed in 61-8-802(2) arising from a separate incident, the conviction has the same effect as a previous testing refusal for purposes of this subsection (6)(b).

(7) A nonresident driver's license seized under this section must be sent by the department to the licensing authority of the nonresident's home state with a report of the nonresident's refusal to submit to one or more tests.

(8) The department may recognize the seizure of a license of a tribal member by a peace officer acting under the authority of a tribal government or an order issued by a tribal court suspending, revoking, or reinstating a license or adjudicating a license seizure if the actions are conducted pursuant to tribal law or regulation requiring alcohol or drug testing of motor vehicle operators and the conduct giving rise to the actions occurred within the exterior boundaries of a federally recognized Indian reservation in this state. Action by the department under this subsection is not reviewable under 61-8-403.

(9) A suspension under this section is subject to review as provided in this part.

(10) This section does not apply to blood and breath tests, samples, and analyses used for purposes of medical treatment or care of an injured motorist or related to a lawful seizure for a suspected violation of an offense not in this part."

Section 4. Section 61-8-404, MCA, is amended to read:

"61-8-404. Evidence admissible — conditions of admissibility. (1) Upon the trial of a criminal action or other proceeding arising out of acts alleged to have been committed by a person in violation of 61-8-401, 61-8-406, 61-8-410, *[section 1],* or 61-8-805:

(a) evidence of any measured amount or detected presence of alcohol, drugs, or a combination of alcohol and drugs in the person at the time of a test, as shown by an analysis of the person's blood or breath, is admissible. A positive test result does not, in itself, prove that the person was under the influence of a drug or drugs at the time the person was in control of a motor vehicle. A person may not be convicted of a violation of 61-8-401 based upon the presence of a drug or drugs in the person unless some other competent evidence exists that tends to establish that the person was under the influence of a drug or drugs while driving or in actual physical control of a motor vehicle within this state.

(b) a report of the facts and results of one or more tests of a person's blood or breath is admissible in evidence if:

(i) a breath test or preliminary alcohol screening test was performed by a person certified by the forensic sciences division of the department to administer the test;

(ii) a blood sample was analyzed in a laboratory operated or certified by the department or in a laboratory exempt from certification under the rules of the department and the blood was withdrawn from the person by a person competent to do so under 61-8-405(1);

(c) a report of the facts and results of a physical, psychomotor, or physiological assessment of a person is admissible in evidence if it was made by a person trained by the department or by a person who has received training recognized by the department.

(2) If the person under arrest refused to submit to one or more tests as provided in this section, proof of refusal is admissible in any criminal action or proceeding arising out of acts alleged to have been committed while the person was driving or in actual physical control of a vehicle upon the ways of this state open to the public, while under the influence of alcohol, drugs, or a combination of alcohol and drugs. The trier of fact may infer from the refusal that the person was under the influence. The inference is rebuttable.

(3) The provisions of this part do not limit the introduction of any other competent evidence bearing on the question of whether the person was under the influence of alcohol, drugs, or a combination of alcohol and drugs."

Section 5. Section 61-8-409, MCA, is amended to read:

"61-8-409. Preliminary alcohol screening test. (1) A person who operates or is in actual physical control of a vehicle upon ways of this state open to the public is considered to have given consent to a preliminary alcohol screening test of the person's breath, for the purpose of estimating the person's alcohol concentration, upon the request of a peace officer who has a particularized suspicion that the person was driving or in actual physical control of a vehicle upon ways of this state open to the public while under the influence of alcohol or in violation of 61-8-410 *or [section 1]*.

(2) The person's obligation to submit to a test under 61-8-402 is not satisfied by the person submitting to a preliminary alcohol screening test pursuant to this section.

(3) The peace officer shall inform the person of the right to refuse the test and that the refusal to submit to the preliminary alcohol screening test will result in the suspension for up to 1 year of that person's driver's license.

(4) If the person refuses to submit to a test under this section, a test will not be given. However, the refusal is sufficient cause to suspend the person's driver's license as provided in 61-8-402.

(5) A hearing as provided for in 61-8-403 must be available. The issues in the hearing must be limited to determining whether a peace officer had a particularized suspicion that the person was driving or in actual physical control of a vehicle upon ways of this state open to the public while under the influence of alcohol or in violation of 61-8-410 and whether the person refused to submit to the test.

(6) The provisions of 61-8-402(3) through (8) that do not conflict with this section are applicable to refusals under this section. If a person refuses a test requested under 61-8-402 and this section for the same incident, the department may not consider each a separate refusal for purposes of suspension under 61-8-402.

(7) A test may not be conducted or requested under this section unless both the peace officer and the instrument used to conduct the preliminary alcohol screening test have been certified by the department pursuant to rules adopted under the authority of 61-8-405(5)."

Section 6. Section 61-8-714, MCA, is amended to read:

At least 48 hours of the imprisonment term must be served and served consecutively and may not be served under home arrest. The imposition or execution of the first 5 days of the imprisonment sentence may not be suspended. At least 48 hours of the imprisonment term must be served and served consecutively and may not be served under home arrest. The imposition or execution of the first 10 days of the imprisonment sentence may not be suspended. The remainder of the imprisonment sentence may be suspended for a period of up to 1 year pending successful completion of a chemical dependency treatment program by the person.

(4) If the person has a prior conviction under 45-5-106, the person shall be punished as provided in 61-8-731 for a fourth or subsequent offense of driving under the influence of alcohol or drugs or with an excessive alcohol concentration.

(5) If the person has a prior conviction or pending charge for a violation of [section 1], the person shall be punished as provided in [section 1]."

Section 7. Section 61-8-722, MCA, is amended to read:

"61-8-722. Penalty for driving with excessive alcohol concentration — first through third offense. (1) Except as provided in subsection (4) *or (5)*, a person convicted of a violation of 61-8-406 shall be punished by imprisonment

for not more than 10 days and by a fine of not less than $300 or more than $1,000, except that if one or more passengers under 16 years of age were in the vehicle at the time of the offense, the person shall be punished by imprisonment for not more than 20 days and by a fine of not less than $600 or more than $2,000.

(2) Except as provided in subsection (4) *or (5)*, on a second conviction of a violation of 61-8-406, the person shall be punished by imprisonment for not less than 5 days, to be served in the county jail and not on home arrest, or more than 30 days and by a fine of not less than $600 or more than $1,000, except that if one or more passengers under 16 years of age were in the vehicle at the time of the offense, the person shall be punished by imprisonment for not less than 10 days, which may not be served on home arrest, or more than 60 days and by a fine of not less than $1,200 or more than $2,000. The imposition or execution of the first 5 days of the imprisonment sentence may not be suspended.

(3) Except as provided in subsection (4) *or (5)*, on a third conviction of a violation of 61-8-406, the person shall be punished by imprisonment for not less than 10 days, to be served in the county jail and not on home arrest, or more than 6 months and by a fine of not less than $1,000 or more than $5,000, except that if one or more passengers under 16 years of age were in the vehicle at the time of the offense, the person shall be punished by imprisonment for not less than 20 days, which may not be served on home arrest, or more than 12 months and by a fine of not less than $2,000 or more than $10,000. Section 8. Section 61-8-731, MCA, is amended to read:

"**61-8-731. Driving under influence of alcohol or drugs — driving with excessive alcohol concentration — penalty for fourth or subsequent offense.** (1) Except as provided in subsection (3), if a person is convicted of a violation of 61-8-401 or 61-8-406 ~~and~~*,* the person has either a single conviction under 45-5-106 or any combination of three or more prior convictions under 45-5-104, 45-5-205, 61-8-401, ~~or~~ 61-8-406*, or [section 1],* and the offense under 45-5-104 occurred while the person was operating a vehicle while under the influence of alcohol, a dangerous drug, any other drug, or any combination of the three, as provided in 61-8-401(1), the person is guilty of a felony and shall be punished by:

(a) sentencing the person to the department of corrections for placement in an appropriate correctional facility or program for a term of 13 months. The court shall order that if the person successfully completes a residential alcohol treatment program operated or approved by the department of corrections, the remainder of the 13-month sentence must be served on probation. The imposition or execution of the 13-month sentence may not be deferred or suspended, and the person is not eligible for parole.

(b) sentencing the person to either the department of corrections or the Montana state prison or Montana women's prison for a term of not more than 5 years, all of which must be suspended, to run consecutively to the term imposed under subsection (1)(a); and

Section 9. Section 61-8-734, MCA, is amended to read:

"61-8-734. Driving under influence of alcohol or drugs — driving with excessive alcohol concentration — conviction defined — place of imprisonment — home arrest — exceptions — deferral of sentence not allowed. (1) (a) For the purpose of determining the number of convictions for prior offenses referred to in *[section 1],* 61-8-714, 61-8-722, or 61-8-731, "conviction" means a final conviction, as defined in 45-2-101, in this state, conviction for a violation of a similar statute or regulation in another state or on a federally recognized Indian reservation, or a forfeiture of bail or collateral deposited to secure the defendant's appearance in court in this state, in another state, or on a federally recognized Indian reservation, which forfeiture has not been vacated.

(b) An offender is considered to have been previously convicted for the purposes of sentencing if less than 5 years have elapsed between the commission of the present offense and a previous conviction, unless the offense is the offender's fourth or subsequent offense, in which case all previous convictions must be used for sentencing purposes.

(c) A previous conviction under 61-8-714 or 61-8-722 for violation of 61-8-401 or 61-8-406 may be counted for purposes of determining the number of a subsequent conviction for violation of either 61-8-401 or 61-8-406.

(2) Except as provided in 61-8-731, the court may order that a term of imprisonment imposed under 61-8-714, 61-8-722, or 61-8-731 be served in another facility made available by the county and approved by the sentencing court. The defendant, if financially able, shall bear the expense of the imprisonment in the facility. The court may impose restrictions on the defendant's ability to leave the premises of the facility and require that the defendant follow the rules of that facility. The facility may be, but is not required to be, a community-based prerelease center as provided for in 53-1-203. The prerelease center may accept or reject a defendant referred by the sentencing court.

(3) Subject to the limitations set forth in 61-8-714 and 61-8-722 concerning minimum periods of imprisonment, the court may order that a term of imprisonment imposed under either section be served by imprisonment under home arrest, as provided in Title 46, chapter 18, part 10.

(4) A court may not defer imposition of sentence under 61-8-714, 61-8-722, or 61-8-731.

(5) The provisions of 61-2-107, 61-2-302, 61-5-205(2), and 61-5-208(2), relating to suspension of driver's licenses and later reinstatement of driving privileges, apply to any conviction under 61-8-714 or 61-8-722 for a violation of 61-8-401 or 61-8-406."

Section 10. Codification instruction. [Section 1] is intended to be codified as an integral part of Title 61, chapter 8, part 4, and the provisions of Title 61, chapter 8, part 4, apply to [section 1].

Section 11. Coordination instruction. If House Bill No. 106 is not passed and approved, then [section 1(3)(b) of this act] is void.

Section 12. Effective date. [This act] is effective on passage and approval.

Section 13. Applicability — retroactive applicability. (1) [This act] applies to offenses committed on or after [the effective date of this act].

(2) For the purpose of determining the number of prior refusals to submit to testing under 61-8-402 and of convictions for prior offenses referred to in [section 1], [this act] applies retroactively, within the meaning of 1-2-109, to

refusals made and to violations of 45-5-106, 45-5-205, 61-8-401, or 61-8-406 committed prior to [the effective date of this act].

CHAPTER NO. 283

[SB 42]

AN ACT REVISING THE LAWS RELATING TO ALCOHOL-RELATED OR DRUG-RELATED DRIVING OFFENSES; CLARIFYING THAT SEARCH WARRANTS MAY BE ISSUED FOR BLOOD SAMPLES IF THE OFFENDER HAS A PRIOR REFUSAL OR CONVICTION OR PENDING OFFENSE; REVISING THE IMPLIED CONSENT LAW; PROVIDING THAT A PEACE OFFICER MAY REQUEST A SEARCH WARRANT TO OBTAIN A BLOOD SAMPLE FOR CHEMICAL TESTING; AMENDING SECTIONS 46-5-224, 61-8-402, 61-8-404, 61-8-405, AND 61-8-409, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 46-5-224, MCA, is amended to read:

"46-5-224. What may be seized with search warrant. A warrant may be issued under this section to search for and seize any:

(1) evidence*, including blood samples that may yield evidence of any measured amount or detected presence of alcohol or drugs in a person's body when subjected to testing*;

(2) contraband; or

(3) person for whose arrest there is probable cause, for whom there has been a warrant of arrest issued, or who is unlawfully restrained."

Section 2. Section 61-8-402, MCA, is amended to read:

"61-8-402. ~~Blood~~ *Implied consent — blood* or breath tests for alcohol, drugs, or both — *refusal to submit to test — administrative license suspension*. (1) A person who operates or is in actual physical control of a vehicle upon ways of this state open to the public is considered to have given consent to a test or tests of the person's blood or breath for the purpose of determining any measured amount or detected presence of alcohol or drugs in the person's body.

(2) (a) The test or tests must be administered at the direction of a peace officer when:

(i) the officer has reasonable grounds to believe that the person has been driving or has been in actual physical control of a vehicle upon ways of this state open to the public while under the influence of alcohol, drugs, or a combination of the two and the person has been placed under arrest for a violation of 61-8-401;

(ii) the person is under the age of 21 and has been placed under arrest for a violation of 61-8-410; or

(iii) the officer has probable cause to believe that the person was driving or in actual physical control of a vehicle:

(A) in violation of 61-8-401 and the person has been involved in a motor vehicle accident or collision resulting in property damage; or

(B) involved in a motor vehicle accident or collision resulting in serious bodily injury, as defined in 45-2-101, or death.

(b) The arresting or investigating officer may designate which test or tests are administered.

(3) A person who is unconscious or who is otherwise in a condition rendering the person incapable of refusal is considered not to have withdrawn the consent provided by subsection (1).

(4) If an arrested person refuses to submit to one or more tests requested and designated by the officer as provided in subsection (2), the refused test or tests may not be given~~, but~~ *except as provided in subsection (5), but* the officer shall, on behalf of the department, immediately seize the person's driver's license. The peace officer shall immediately forward the license to the department, along with a report certified under penalty of law stating which of the conditions set forth in subsection (2)(a) provides the basis for the testing request and confirming that the person refused to submit to one or more tests requested and designated by the peace officer. Upon receipt of the report, the department shall suspend the license for the period provided in subsection ~~(6)~~ *(7)*.

(5) If the arrested person has refused to provide a breath, blood, or urine sample under 61-8-409 or this section in a prior investigation in this state or under a substantially similar statute in another jurisdiction or the arrested person has a prior conviction or pending offense for a violation of 45-5-104, 45-5-106, 45-5-205, 61-8-401, or 61-8-406 or a similar statute in another jurisdiction, the officer may apply for a search warrant to be issued pursuant to 46-5-224 to collect a sample of the person's blood for testing.

~~(5)~~*(6)* Upon seizure of a driver's license, the peace officer shall issue, on behalf of the department, a temporary driving permit, which is effective 12 hours after issuance and is valid for 5 days following the date of issuance, and shall provide the driver with written notice of the license suspension and the right to a hearing provided in 61-8-403.

~~(6)~~*(7)* (a) Except as provided in subsection ~~(6)(b)~~ *(7)(b)*, the following suspension periods are applicable upon refusal to submit to one or more tests:

(i) upon a first refusal, a suspension of 6 months with no provision for a restricted probationary license;

(ii) upon a second or subsequent refusal within 5 years of a previous refusal, as determined from the records of the department, a suspension of 1 year with no provision for a restricted probationary license.

(b) If a person who refuses to submit to one or more tests under this section is the holder of a commercial driver's license, in addition to any action taken against the driver's noncommercial driving privileges, the department shall:

(i) upon a first refusal, suspend the person's commercial driver's license for a 1-year period; and

(ii) upon a second or subsequent refusal, suspend the person's commercial driver's license for life, subject to department rules adopted to implement federal rules allowing for license reinstatement, if the person is otherwise eligible, upon completion of a minimum suspension period of 10 years. If the person has a prior conviction of a major offense listed in 61-8-802(2) arising from a separate incident, the conviction has the same effect as a previous testing refusal for purposes of this subsection ~~(6)(b)~~ *(7)(b)*.

~~(7)~~*(8)* A nonresident driver's license seized under this section must be sent by the department to the licensing authority of the nonresident's home state with a report of the nonresident's refusal to submit to one or more tests.

~~(8)~~*(9)* The department may recognize the seizure of a license of a tribal member by a peace officer acting under the authority of a tribal government or

an order issued by a tribal court suspending, revoking, or reinstating a license or adjudicating a license seizure if the actions are conducted pursuant to tribal law or regulation requiring alcohol or drug testing of motor vehicle operators and the conduct giving rise to the actions occurred within the exterior boundaries of a federally recognized Indian reservation in this state. Action by the department under this subsection is not reviewable under 61-8-403.

~~(9)~~*(10)* A suspension under this section is subject to review as provided in this part.

~~(10)~~*(11)* This section does not apply to ~~blood and breath~~ tests, samples, and analyses *of blood or breath* used for purposes of medical treatment or care of an injured motorist, ~~or~~ related to a lawful seizure for a suspected violation of an offense not in this part*, or performed pursuant to a search warrant*.

(12) This section does not prohibit the release of information obtained from tests, samples, and analyses of blood or breath for law enforcement purposes as provided in 46-4-301 and 61-8-405(6)."

Section 3. Section 61-8-404, MCA, is amended to read:

"61-8-404. Evidence admissible — conditions of admissibility. (1) Upon the trial of a criminal action or other proceeding arising out of acts alleged to have been committed by a person in violation of 61-8-401, 61-8-406, 61-8-410, or 61-8-805:

(a) evidence of any measured amount or detected presence of alcohol, drugs, or a combination of alcohol and drugs in the person at the time of a test, as shown by an analysis of the person's blood or breath, is admissible. A positive test result does not, in itself, prove that the person was under the influence of a drug or drugs at the time the person was in control of a motor vehicle. A person may not be convicted of a violation of 61-8-401 based upon the presence of a drug or drugs in the person unless some other competent evidence exists that tends to establish that the person was under the influence of a drug or drugs while driving or in actual physical control of a motor vehicle within this state.

(b) a report of the facts and results of one or more tests of a person's blood or breath is admissible in evidence if:

(i) a breath test or preliminary alcohol screening test was performed by a person certified by the forensic sciences division of the department to administer the test;

(ii) a blood sample was analyzed in a laboratory operated or certified by the department or in a laboratory exempt from certification under the rules of the department and the blood was withdrawn from the person by a person competent to do so under 61-8-405(1);

(c) a report of the facts and results of a physical, psychomotor, or physiological assessment of a person is admissible in evidence if it was made by a person trained by the department or by a person who has received training recognized by the department.

(2) If the person under arrest refused to submit to one or more tests ~~as provided in this section~~ *under 61-8-402, whether or not a sample was subsequently collected for any purpose*, proof of refusal is admissible in any criminal action or proceeding arising out of acts alleged to have been committed while the person was driving or in actual physical control of a vehicle upon the ways of this state open to the public, while under the influence of alcohol, drugs, or a combination of alcohol and drugs. The trier of fact may infer from the refusal that the person was under the influence. The inference is rebuttable.

(3) The provisions of this part do not limit the introduction of any other competent evidence bearing on the question of whether the person was under the influence of alcohol, drugs, or a combination of alcohol and drugs."

Section 4. Section 61-8-405, MCA, is amended to read:

"61-8-405. Administration of tests. (1) Only a physician, ~~or~~ registered nurse, or other qualified person acting under the supervision and direction of a physician or registered nurse~~,~~ may, at the request of a peace officer, withdraw blood for the purpose of determining any measured amount or detected presence of alcohol, drugs, or any combination of alcohol and drugs in the person. This limitation does not apply to the sampling of breath.

(2) In addition to any test administered at the direction of a peace officer, a person may request that an independent blood sample be drawn by a physician or registered nurse for the purpose of determining any measured amount or detected presence of alcohol, drugs, or any combination of alcohol and drugs in the person. The peace officer may not unreasonably impede the person's right to obtain an independent blood test. The officer may but has no duty to transport the person to a medical facility or otherwise assist the person in obtaining the test. The cost of an independent blood test is the sole responsibility of the person requesting the test. The failure or inability to obtain an independent test by a person does not preclude the admissibility in evidence of any test given at the direction of a peace officer.

(3) Upon the request of the person tested, full information concerning any test given at the direction of the peace officer must be made available to the person or the person's attorney.

(4) A physician, ~~or~~ registered nurse, or other qualified person acting under the supervision and direction of a physician or registered nurse~~,~~ does not incur any civil or criminal liability as a result of the proper administering of a blood test when requested in writing by a peace officer to administer a test.

(5) The department in cooperation with any appropriate agency shall adopt uniform rules for the giving of tests and may require certification of training to administer the tests as considered necessary.

(6) If a peace officer has probable cause to believe that a person has violated 61-8-401, 61-8-406, 61-8-410, or 61-8-805 and a sample of blood, breath, urine, or other bodily substance is taken from that person for any reason, a portion of that sample sufficient for analysis must be provided to a peace officer if requested for law enforcement purposes and upon issuance of a subpoena as provided in 46-4-301."

Section 5. Section 61-8-409, MCA, is amended to read:

"61-8-409. Preliminary alcohol screening test. (1) A person who operates or is in actual physical control of a vehicle upon ways of this state open to the public is considered to have given consent to a preliminary alcohol screening test of the person's breath, for the purpose of estimating the person's alcohol concentration, upon the request of a peace officer who has a particularized suspicion that the person was driving or in actual physical control of a vehicle upon ways of this state open to the public while under the influence of alcohol or in violation of 61-8-410.

(2) The person's obligation to submit to a test under 61-8-402 is not satisfied by the person submitting to a preliminary alcohol screening test pursuant to this section.

(3) The peace officer shall inform the person of the right to refuse the test and that the refusal to submit to the preliminary alcohol screening test will result in the suspension for up to 1 year of that person's driver's license.

(4) If the person refuses to submit to a test under this section, a test will not be given *except as provided in 61-8-402(5).* However, the refusal is sufficient cause to suspend the person's driver's license as provided in 61-8-402.

(5) A hearing as provided for in 61-8-403 must be available. The issues in the hearing must be limited to determining whether a peace officer had a particularized suspicion that the person was driving or in actual physical control of a vehicle upon ways of this state open to the public while under the influence of alcohol or in violation of 61-8-410 and whether the person refused to submit to the test.

(6) The provisions of 61-8-402(3) through ~~(8)~~ *(9)* that do not conflict with this section are applicable to refusals under this section. If a person refuses a test requested under 61-8-402 and this section for the same incident, the department may not consider each a separate refusal for purposes of suspension under 61-8-402.

(7) A test may not be conducted or requested under this section unless both the peace officer and the instrument used to conduct the preliminary alcohol screening test have been certified by the department pursuant to rules adopted under the authority of 61-8-405(5)."

Section 6. Effective date. [This act] is effective on passage and approval.

Section 7. Applicability. [This act] applies to violations of Title 61, chapter 8, part 4, that occur on or after [the effective date of this act].

(a) the matter must be tried before a municipal court judge or city court judge in the same manner as a small claim if the total amount of civil penalties does not exceed ~~$3,000~~ *$7,000*. The matter may only be tried before a judge in district court if the total amount of civil penalties assessed exceeds ~~$3,000~~ *$7,000*.

(b) the city has the burden of proof that the municipal infraction occurred and that the defendant committed the infraction. The proof must be by clear and convincing evidence.

(c) the court shall ensure that the defendant has received a copy of the charges and that the defendant understands the charges. The defendant may question all witnesses who appear for the municipality and produce evidence or witnesses on the defendant's behalf.

Section 5. Section 25-35-502, MCA, is amended to read:

"25-35-502. Jurisdiction. (1) The small claims court has jurisdiction over all actions for the recovery of money or specific personal property when the amount claimed does not exceed ~~$3,000~~ *$7,000*, exclusive of costs, and the defendant can be served within the county where the action is commenced.

(1) The defendant may assert a counterclaim against the plaintiff arising out of the same transaction or occurrence that is the subject matter of the plaintiff's claim by appearing before the justice of the peace and executing a sworn small claims counterclaim in substantially the same form as set forth in subsection (3). The defendant shall cause the counterclaim to be served on the plaintiff not less than 72 hours before the date set for the hearing. Service must be made in the same manner in which service of the order of court/notice to defendant is made on the defendant. A defendant may not assert as a counterclaim any claim not arising out of the transaction or occurrence that is the subject matter of the plaintiff's claim.

(2) A counterclaim or setoff may not exceed ~~$2,500~~ *$6,500*. If a counterclaim or setoff is asserted in excess of ~~$2,500~~ *$6,500*, the jurisdiction of the small claims court over the plaintiff's claim is not defeated, but the court shall limit its determination of the counterclaim or setoff to the question of whether the plaintiff's claim is discharged, leaving the defendant to prosecute the balance of the defendant's claim in an appropriate justice or district court action.

(3) The counterclaim must be made in substantially the following form:

Section 8. Section 75-7-123, MCA, is amended to read:

"75-7-123. Penalties — restoration. (1) A person who initiates a project without written consent of the supervisors, performs activities outside the scope of written consent of the supervisors, violates emergency procedures provided for in 75-7-113, or violates 75-7-106 is:

(a) guilty of a misdemeanor and upon conviction shall be punished by a fine not to exceed $500; or

(b) subject to a civil penalty not to exceed $500 for each day that person continues to be in violation.

(2) Each day of a continuing violation constitutes a separate violation. The maximum civil penalty is the jurisdictional amount for purposes of 3-10-301. A conservation district may work with a person who is subject to a civil penalty to resolve the amount of the penalty prior to initiating an enforcement action in justice's court to collect a civil penalty.

(3) In addition to a fine or a civil penalty under subsection (1), the person:

(a) shall restore, at the discretion of the court, the damaged stream, as recommended by the supervisors, to as near its prior condition as possible; or

(b) is civilly liable for the amount necessary to restore the stream. The amount of the liability may be collected in an action instituted pursuant to 3-10-301 if the amount of liability does not exceed ~~$7,000~~ *$12,000*. If the amount of liability for restoration exceeds ~~$7,000~~ *$12,000*, then the action must be brought in district court.

(4) Money recovered by a conservation district or a county attorney, whether as a fine or a civil penalty, must be deposited in the depository of district funds

provided for in 76-15-523, unless upon order of a justice's court the money is directed to be deposited pursuant to 3-10-601."

(a) ~~"payment"~~ *"Payment"* means a payment that a trustee may receive over a fixed number of years or during the life of one or more individuals because of services rendered or property transferred to the payer in exchange for future payments. The term includes a payment made in money or property from the payer's general assets or from a separate fund created by the payer~~, including~~. *For purposes of subsections (4), (5), (6), and (7), the term also includes any payment from any separate fund, regardless of the reason for the payment.*

(b) "Separate fund" includes a private or commercial annuity, an individual retirement account, and a pension, profit-sharing, stock-bonus, or stock-ownership plan.

(2) To the extent that a payment is characterized as interest*,* ~~or~~ a dividend*,* or a payment made in lieu of interest or a dividend, a trustee shall allocate ~~it~~ *the payment* to income. The trustee shall allocate to principal the balance of the payment and any other payment received in the same accounting period that is not characterized as interest, a dividend, or an equivalent payment.

(3) If no part of a payment is characterized as interest, a dividend, or an equivalent payment and all or part of the payment is required to be made, a trustee shall allocate to income 10% of the part that is required to be made during the accounting period and the balance to principal. If no part of a payment is required to be made or the payment received is the entire amount to which the trustee is entitled, the trustee shall allocate the entire payment to principal. For purposes of this subsection, a payment is not "required to be made" to the extent that it is made because the trustee exercises a right of withdrawal.

~~(4) If, to obtain an estate tax marital deduction for a trust, a trustee allocates more of a payment to income than provided by this section, the trustee shall~~

~~allocate to income the additional amount necessary to obtain the marital deduction.~~

(4) Except as otherwise provided in subsection (5), subsections (6) and (7) apply and subsections (2) and (3) do not apply in determining the allocation of a payment made from a separate fund to:

(a) a trust to which an election to qualify for a marital deduction under section 2056(b)(7) of the Internal Revenue Code, 26 U.S.C. 2056(b)(7), as amended, has been made; or

(b) a trust that qualifies for the marital deduction under section 2056(b)(5) of the Internal Revenue Code, 26 U.S.C. 2056(b)(5), as amended.

(5) Subsections (4), (6), and (7) do not apply if and to the extent that the series of payments would, without the application of subsection (4), qualify for the marital deduction under section 2056(b)(7)(C) of the Internal Revenue Code, 26 U.S.C. 2056(b)(7)(C), as amended.

(6) A trustee shall determine the internal income of each separate fund for the accounting period as if the separate fund were a trust subject to this part. Upon request of the surviving spouse, the trustee shall demand that the person administering the separate fund distribute the internal income to the trust. The trustee shall allocate a payment from the separate fund to income to the extent of the internal income of the separate fund and distribute that amount to the surviving spouse. The trustee shall allocate the balance of the payment to principal. Upon request of the surviving spouse, the trustee shall allocate principal to income to the extent the internal income of the separate fund exceeds payments made from the separate fund to the trust during the accounting period.

(7) If a trustee cannot determine the internal income of a separate fund but can determine the value of the separate fund, the internal income of the separate fund is deemed to equal 3% of the fund's value, according to the most recent statement of value preceding the beginning of the accounting period. If the trustee can determine neither the internal income of the separate fund nor the fund's value, the internal income of the fund is deemed to equal the product of the interest rate and the present value of the expected future payments, as determined under section 7520 of the Internal Revenue Code, 26 U.S.C. 7520, as amended, for the month preceding the accounting period for which the computation is made.

~~(5)~~*(8)* This section does not apply to payments to which 72-34-442 applies."

Section 2. Section 72-34-452, MCA, is amended to read:

"72-34-452. Payment of taxes. (1) A tax required to be paid by a trustee based on receipts allocated to income must be paid from income.

(2) A tax required to be paid by a trustee based on receipts allocated to principal must be paid from principal, even if the tax is called an income tax by the taxing authority.

(3) A tax required to be paid by a trustee on the trust's share of an entity's taxable income must be paid ~~proportionately as follows~~:

(a) from income to the extent that receipts from the entity are allocated *only* to income;

(b) from principal to the extent that ~~both of the following apply:~~

~~(i)~~ receipts from the entity are allocated *only* to principal; ~~and~~

~~(ii) the trust's share of the entity's taxable income exceeds the total receipts described in subsection (3)(a) and subsection (3)(b)(i).~~

(c) proportionately from principal and income to the extent that receipts from the entity are allocated to both income and principal; and

(d) from principal to the extent that the tax exceeds the total receipts from the entity.

(4) ~~For purposes of this section, receipts allocated to principal or income must be reduced by the amount distributed to a beneficiary from principal or income for which the trust receives a deduction in calculating the tax.~~ *After applying subsections (1) through (3), the trustee shall adjust income or principal receipts to the extent that the trust's taxes are reduced because the trust receives a deduction for payments made to a beneficiary.*"

Section 3. Transitional matters. Section 72-34-441, as amended by [section 1], applies to a trust described in 72-34-441(4) on and after the following dates:

(1) if the trust is not funded as of [the effective date of section 1], the date of the decedent's death;

A school district or associated cooperative shall comply with the provisions of 20-9-213. The financial report must cover the preceding fiscal year, be in a form prescribed by the department, and be completed *and submitted to the department for review* within 6 months of the end of the reporting period. ~~The local government entity shall submit the financial report to the department for review.~~

(2) The department shall prescribe a uniform reporting system for all local government entities subject to financial reporting requirements, other than school districts. The superintendent of public instruction shall prescribe the reporting requirements for school districts.

(4) An audit conducted in accordance with this part is in lieu of any financial or financial and compliance audit of an individual financial assistance program that a local government is required to conduct under any other state or federal law or regulation. If an audit conducted pursuant to this part provides a state agency with the information that it requires to carry out its responsibilities under state or federal law or regulation, the state agency shall rely upon and use that information to plan and conduct its own audits or reviews in order to avoid a duplication of effort.

(4) The department may grant an extension to a local government entity for filing the audits and reports required under 2-7-503 or may waive the fines, fees, and other penalties imposed in this section if the local government entity shows good cause for the delinquency or demonstrates that the failure to comply with 2-7-503 was the result of circumstances beyond the entity's control.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 33-18-224, MCA, is amended to read:

"33-18-224. Designation of specific automobile body repair businesses prohibited. (1) (a) An insurance company, including its producers and adjusters, that issues or renews a policy of insurance in this state covering, in whole or in part, a motor vehicle may not:

(i) require that a claimant under the policy use a particular automobile body repair business or location for an estimate or a repair; ~~or~~

(ii) engage in any act or practice that intimidates, coerces, or threatens a claimant or that provides an incentive or inducement for a claimant to use a particular automobile body repair business or location*; or*

(iii) unilaterally disregard a repair operation or cost identified by an estimating system that the insurer and an automobile body repair business or location have agreed to utilize in determining the cost of repair.

(b) An insurance company, including its producers and adjusters, that issues or renews a policy of insurance in this state covering, in whole or in part, a motor vehicle may have access to the motor vehicle for purposes of preparing a competitive estimate.

(2) (a) Except as provided in subsection (2)(b), if an insurance company has direct repair programs with automobile body repair businesses or locations, the insurance company may not limit the number of automobile body repair businesses or locations with whom it maintains direct repair programs.

(b) An insurance company may limit the number of automobile body repair businesses or locations participating in the insurance company's direct repair program to those automobile body repair businesses or locations that comply with the provisions of subsection (2)(c). An insurance company is not required to establish a direct repair program in a particular market area in which the insurance company's number of policyholders does not support establishing a direct repair program with any automobile body repair business or location.

(c) Upon request, the insurance company shall provide, without prejudice or bias, the claimant with a list that includes all automobile body repair businesses

or locations that are reasonably close or convenient to the claimant and willing to provide services and that meet the insurance company's criteria regarding whether the automobile body repair business or location:

(ii) undertakes training of management and technical personnel with respect to repair information and the claims process;

(vi) if requested, agrees to execute an agreement with the insurance company that may contain additional criteria that are not designed to unfairly limit the number of automobile body repair businesses or locations with whom the insurance company maintains direct repair programs. The additional criteria may include criteria determined to be necessary by the insurance company and designed to ensure that the automobile body repair business or location has the necessary estimating systems and programs and equipment to communicate electronically with the insurance company and that the automobile body repair business or location has taken steps to ensure the privacy of the insurance company and the claimant.

(d) If the claimant requests the list provided for in subsection (2)(c), the insurance company shall inform the claimant that the claimant may use an automobile body repair business or location at the sole discretion of the claimant.

(3) For the purposes of this section, an incentive or inducement does not include:

(a) providing a claimant with the list provided for in subsection (2)(c); or

(b) referring to a warranty issued by an automobile body repair business or location.

(4) The claimant may use an automobile body repair business or location at the claimant's sole discretion, and the insurance company shall pay for the reasonable and necessary cost of the automobile body repair services for covered damages, less any deductible under the terms of the policy. This section does not require an insurer to pay more for automobile body repair services than the market price, as defined in 33-18-222.

(5) If the claimant uses an automobile body repair business or location that is not on a list provided for in subsection (2)(c), the insurance company may not be held liable for any repair work performed by the automobile body repair business or location chosen by the claimant.

(6) It is unlawful for an automobile body repair business or location to charge or agree to charge a claimant more than an uninsured customer for any automobile body repair service.

(7) An insurance company that contracts with an independent adjuster may not be held liable for the independent adjuster's failure to comply with the terms of this section.

(8) For purposes of this section:

(a) "automobile body repair business or location" does not include a business or location that exclusively provides automobile glass replacement, glass repair services, or glass products;

(b) "claimant" means the person seeking repair of a motor vehicle whether that person is the insured person or a third party making a claim against the insurer."

(4) A member of the quality assurance committee or a person who provides information orally or in writing to a quality assurance committee may be subpoenaed and required to testify in a civil action regarding events about which the person has knowledge independent of the quality assurance program. Without waiving privileges under this section, the governing body of a medical practice group may voluntarily release information or present data to a health care facility quality assurance committee established under 50-16-202. The information or records must be subject to the privileges and immunities provided for in 50-16-202.

The quality assurance committee may gather data from any source for purposes of the review. The quality assurance committee shall submit an evaluation report to the medical practice group outlining the review findings and recommending changes if changes are determined necessary.

(ii) assessing the efficacy and efficiency of an office procedure or process related to clinical care; or

(iii) reviewing office and clinical practices prompted by an analysis and results of incident reports.

(c) An incident review is for purposes of gathering data, investigating, conducting analysis, coordinating all responses, and recommending and initiating corrective action, as necessary, connected with a specific incident involving the delivery of medical care to a patient of the medical practice group.

(2) (a) A review of a medical practitioner conducted by a quality assurance committee under [sections 1 through 6] must be based on appropriateness, medical necessity, adequacy of documentation, and efficiency of services.

(b) The medical practitioner being reviewed must be immediately advised of the findings of the quality assurance committee in order to further the educational process for the physician.

(c) As a result of a review of a medical practitioner conducted under [sections 1 through 6], the medical practice group is responsible for documenting:

(iii) the person responsible for implementing the changes; and

(iv) how the medical practice group will ensure that the changes are made.

(3) A medical practice group may contract with a group or organization composed of medical practitioners or with a nonprofit corporation engaged in performing the functions of a quality assurance committee for purposes of conducting any review allowed under [sections 1 through 6].

Section 6. Restrictions on use or publication of information. (1) A quality assurance committee may use or publish health care information only for the purpose of evaluating matters of medical care, therapy, and treatment and for research and statistical purposes.

"7-12-2151. Assessment of costs. (1) To defray the cost of making or acquiring any of the improvements provided for in this part, including incidental expenses, the board of county commissioners shall assess the entire cost of the improvements against benefited lots, tracts, or parcels of land in the district, based upon the benefits received, and shall adopt one or any combination of the following methods of assessment for each improvement made or acquired for the benefit of the district:

(a) Each lot, tract, or parcel of land assessed in the district may be assessed with that part of the whole cost which its assessable area bears to the assessable area of all the benefited lots, tracts, or parcels in the district, exclusive of streets, avenues, alleys, and public places. For the purposes of this subsection (1)(a), "assessable area" means an area of a lot, tract, or parcel of land representing the benefit conferred upon the lot, tract, or parcel by the improvement. Assessable area may be less than but may not exceed the actual area of the lot, tract, or parcel.

(b) Each lot, tract, or parcel of land assessed in the district may be assessed with that part of the whole cost of the improvement based upon the assessed value of the benefited lots or pieces of land within the district, if the board determines the assessment to be equitable in proportion to and not exceeding the benefits received from the improvement by the lot, tract, or parcel.

(c) Each lot, tract, or parcel of land in the district abutting upon the street where the improvement has been made may be assessed in proportion to its lineal feet abutting the street.

(d) Each lot, tract, or parcel of land in the district may be assessed an equal amount based upon the total cost of the improvement.

(e) Each lot, tract, or parcel of land in the district served by a utility connection may be assessed an equitable lump sum for the connection based on the bid price in the applicable contract.

(2) The board may use one or any combination of methods of assessment in a single special improvement district and, if more than one improvement is undertaken, need not assess each lot, tract, or parcel in the district for the cost of all the improvements. *If the method of assessment described in subsection (1)(d) is used, the resolution of intention under 7-12-2103 and notice under 7-12-2105 must provide that if an increase occurs in the number of benefited lots, tracts, or parcels within the boundaries of the district during the term of the bonded indebtedness, the assessment per lot, tract, or parcel then in the district will be recalculated as provided in subsection (4).*

(4) (a) If the method specified for assessment is that provided in subsection (1)(d) and an increase occurs in the number of benefited lots, tracts, or parcels within the boundaries of a district created as provided in this part during the term of bonded indebtedness that is payable from the assessments, the board shall recalculate the amount assessable to each lot, tract, or parcel. The board shall comply with the provisions of sections 7-12-2158 through 7-12-2160 in adopting the recalculated amount.

(b) The board shall base the recalculation on the amount of the district's outstanding bonded indebtedness for the current fiscal year and shall spread the assessments across the district based on the number of benefited lots, tracts, or parcels within the boundaries of the district as of July 1 following the action that resulted in the increase in the number of benefited lots, tracts, or parcels."

Section 4. Section 7-12-4104, MCA, is amended to read:

(d) specify the method or methods by which the costs of the improvements will be assessed against property in the district*; and*

(e) if the method of assessment is that described in 7-12-4162(3)(a), specify that if an increase occurs in the number of benefited lots, tracts, or parcels within the boundaries of the district during the term of the bonded indebtedness, the

assessment per lot, tract, or parcel then in the district will be recalculated as provided in 7-12-4162(3)(b).

(3) When any improvement is to be made in paving, the city or town council may, in describing the general character of it in the resolution, describe several kinds of paving."

(3) (a) The notice must describe the general character of the proposed improvements, state the estimated cost of the improvements, describe generally the method by which the costs of the improvements will be assessed, and designate the time when and the place where the council will hear and pass upon all written protests that may be made against the making or acquisition of the improvements or the creation of the district. *If the method of assessment described in 7-12-4162(3)(a) is used, the notice must state that if an increase occurs in the number of benefited lots, tracts, or parcels within the boundaries of the district during the term of the bonded indebtedness, the assessment per lot, tract, or parcel then in the district will be recalculated as provided in 7-12-4162(3)(b).*

(b) If the revolving fund is to be pledged to secure the payment of bonds and warrants, the notice must include a statement that, subject to the limitations in 7-12-4222:

(i) the general fund of the city or town may be used to provide loans to the revolving fund; or

(ii) a general tax levy may be imposed on all taxable property in the city or town to meet the financial requirements of the revolving fund.

(c) The notice must refer to the resolution on file in the office of the city clerk for the description of the boundaries. If the proposal is for the purchase of an existing improvement, the notice must state the exact purchase price of the existing improvement.

(2) The city council may use one or any combination of methods of assessment in a single special improvement district, and if more than one improvement is undertaken, each lot or parcel of land in the district need not be assessed for the cost of all the improvements. *If the method of assessment*

described in 7-12-4162(3)(a) is used, the resolution of intention under 7-12-4104 and notice under 7-12-4106 must provide that if an increase occurs in the number of benefited lots, tracts, or parcels within the boundaries of the district during the term of the bonded indebtedness, the assessment per lot, tract, or parcel then in the district will be recalculated as provided in 7-12-4162(3)(b)."

Section 7. Section 7-12-4162, MCA, is amended to read:

"7-12-4162. Assessment of costs — area option — assessed valuation option — equal amount option. (1) (a) The city council or commission shall assess the entire cost of an improvement against benefited property in the district, each lot or parcel of land assessed within such district to be assessed for that part of the whole cost which its assessable area bears to the assessable area of all benefited lots or parcels in the district, exclusive of streets, avenues, alleys, and public places. For the purposes of this subsection, "assessable area" means an area of a lot or parcel of land representing the benefit conferred on the lot or parcel by the improvement. Assessable area may be less than but may not exceed the actual area of the lot or parcel.

(b) The council or commission, in its discretion, shall have the power to pay the whole or any part of the cost of any street, avenue, or alley intersection out of any funds in its hands available for that purpose or to include the whole or any part of such costs within the amount of the assessment to be paid by the benefited property in the district.

(c) In order to equitably apportion the cost of any of the improvements herein provided for between that land within the district which lies within 25 feet of the line of the street on which the improvement is to be made and all other benefited land within the district, the council or commission may, in the resolution creating any improvement district, provide that the amount of the assessment against the property in such district to defray the cost of such improvements shall be so assessed that each square foot of land within the district lying within 25 feet of the line of the street on which the improvements therein provided for are made shall bear double the amount of cost of such improvements per square foot of such land that each square foot of any other benefited land within the district shall bear.

(2) The city council or city commission may assess the cost of an improvement against each lot or parcel of land in the district based on the assessed value of the benefited lots or parcels of land within the district if the council or commission determines such assessment to be equitable and in proportion to and not exceeding the benefits derived from the improvement by the lot or parcel.

(3) *(a)* The city council or city commission may assess each lot or parcel of land in the district an equal amount based upon the total cost of the improvement.
